**NEW IDEAS IN**  
**KODAKERY.**

THE NO. 4 SCREEN FOCUS KODAK EMBODIES IDEAS ABSOLUTELY NEW IN CAMERA CONSTRUCTION.

It will be especially appreciated by that class of careful photographers who wish to use film on account of its convenience, yet who want to be able to perfect the composition of their picture by seeing it on the ground glass before exposure. This end is gained in the No. 4 Screen Focus, while at the same time all the old Kodak simplicity is conserved.

The optical equipment of this Kodak consists of a rapid Rectilinear lens of exceptional quality and the Kodak Automatic Shutter. This Kodak, notwithstanding its many desirable features in construction and equipment, is by no means a bulky, cumbersome camera. When closed it measures only 10x5x3 inches.

**HONOLULU POLICE WORK**  
**FOR SIX MONTHS PAST**

**More Than Twenty-Seven Hundred Arrests For Fifty-Seven Causes--Revenue From Fines Over \$10,000--Sex and Nationality.**

He may look sleepy, the policeman on the corner. They may appear to be loafing, the blue-coated fellows at the station house door. All the same, the man on the slow beat and the men who ride out from the station in the clattering patrol wagon have made a great many evil-doers feel the heavy hand of the law during the past six months. The amount of crime they have obstructed in that time, and the number of criminals put under restraint, makes a sum of protection to life, person and property which, probably, not many citizens realize.

High Sheriff Wm. Henry has tabulated the number of arrests made throughout the district of Honolulu, the offenses charged, disposition of the cases in the District Court, amount of fines and costs imposed and paid, and sex and nationality of persons arrested, for the six months ending April 30, 1905.

The total arrests for the half year stated was 2710, of which 2546 were of males and 164 of females. By nationality those arrested were 641 Hawaiian, 7 English, 207 American, 55 German, 185 Portuguese, 894 Chinese, 492 Japanese, 134 Porto Rican and 95 other. There were 2162 convicted and 548 discharged, making the failures to convict a little over 20 per cent of the total arrested.

Following is the alphabetical list of the charges for which arrests were made: Adulterated food selling, adultery, affray, assault and battery, assault and battery on police officer, assault with dangerous weapon, assault with intent to murder, assault with intent to rape, bicycle riding without light, Board of Health regulations violation, bribery, burglary, carriage regulations violation, carrying concealed weapon, common nuisance, conspiracy, contempt of court, cruelty to animals, disobedience to parents, distilling, disturbing the quiet of night, drunkenness, embezzlement, escape, extortion,

false personation, fast driving over bridge, forgery, fornication, gaming, gross cheat, heedless driving or riding, insanity, keeping disorderly house, keeping gaming house, kidnapping, larceny, libel, license laws violation, liquor selling without license, liquor selling to minors, malicious burning, malicious injury, murder, obstructing the course of justice, perjury, poisonous drugs selling, profanity, rape, receiving stolen goods, robbery, sabbath law violation, sodomy, soliciting, suppression of offenses, truancy, vagrancy—a total of 57 causes of arrest.

Gambling takes four figures, 1146, to number its captured votaries. The only three-figure offenses are assault and battery with 212, drunkenness with 426 and vagrancy with 132 arrests. There are nine offenses for which but one each was arrested, contempt of court being included in this category.

A curiosity of the list is that of 69 arrests for profanity 17, or a fraction less than one-fourth, were of females. This is far beyond the proportion of females in the total of arrests for all offenses and might cause inquisitive strangers to ask where the local Billingsgate is situated.

February, the shortest month, had the longest criminal roll, 599. April was true to its proverbial mildness with 362 arrests, the minimum of the six months.

Fines were imposed to the amount of \$16,157.55, and costs of \$2156.20, a total of \$18,313.75. Aggregate bail of \$1317 was forfeited. Fines and costs paid into the treasury of the Territory amounted to \$10,258.40. It is to be remembered that a considerable amount of fines and costs is held up on appeals, and when these result in acquittals or nolle prosequis the penalties are not payable. Nevertheless the contributions of the Honolulu police department to the treasury for the six months just ended would pay a fraction more than 22 3-4 policemen's salaries at \$75 a month for that period.

**HAWAII IN WASHINGTON**

(Continued from page 1.)

gress and of the various departments so that some men are a little wary of figuring too prominently in them, as would be the case should they travel in Secretary Taft's party. But, furthermore, the main purpose of that trip to further the scheme for free trade between the mainland and the archipelago does not meet with cordial response on every hand. Members of the House generally are aware that President Roosevelt will probably whip them into line for tariff reduction with the Philippines this winter. A part of them do not think that prospect a cheerful one, because they are standard-bearers and do not want to budge an inch any where, lest it in some fashion be made an entering wedge for tariff revision. Then the revisionists do not take kindly to lower duties for the Philippines as long as Congress is not likely to lower the duties on products coming from other countries. And so it goes with numerous ratifications.

**TAFT THE COMING MAN.**

But unwelcome as free trade with the Philippines would be to Hawaii, it remains that the visit of Secretary Taft there will be of some importance and there is no telling how important it may prove in the years to come to have him as the friend of the Territory. All the best informed politicians now regard Secretary Taft's chances for the presidential nomination three years from now far better than the chances of any other man in the running. Of course, it would be temerity to say that he is anything like certain of that great honor. But the lines are being quietly drawn among the President's most influential friends. The word is being passed everywhere that Taft is the coming man.

The Secretary himself is constantly putting the crown away, but it is nevertheless believed that at the proper time he will become an avowed candidate and that the old Hanna organization in Ohio will strive to make him Ohio's favorite son in preference to Senator Foraker. Mr. Taft's ambition to become Chief Justice of the Supreme Court of the United States is not likely to be gratified, unless, with advancing years, Chief Justice Fuller suddenly decides that he has had enough of active service. There are, as yet, no indications of such a decision on the part of the Chief Justice, notwithstanding the frequent asseverations of the Republican politicians who would like to see some good man of their own party displace a Democratic Judge.

**WAIKIKI RENTALS.**

Gen. Alexander McKenzie, chief of engineers of the army, said today that there had been several people ambitious to occupy the cottages on the property owned by the government at Waikiki, which was purchased for purposes of fortification. The idea seemed to be, the General said, that those cottages could be leased for a very

small rental. When it became plain, however, that the rental ought to be as much as \$75 a month, there was not so much anxiety.

**FORTS AND BARRACKS.**

The government is doing nothing further with reference to the fortification of the Hawaiian Islands, simply because there are no further appropriations and there is nothing further that the department can well do till after more money is available. The General added that the plans for the improvement of Honolulu harbor are still in statu quo, as no report has yet been received from Lieut. Slatery.

Lieut. Col. George Ruhlen, assistant quartermaster, said this afternoon that the plans and specifications for the barracks at the Honolulu army post had not yet been fully completed. He expected, however, that they would be complete within a few days and ready to be sent to Hawaii so that bids can be advertised for.

**PATENTS AND PERSONAL.**

Two patents have been granted by the Patent Office here for Max Lorenz, of Honolulu. One is for macerating sugar cane and another is for an intermediate apron conveyor for sugar cane mills.

Mr. Henry C. Vida, of Honolulu, who was sent from there in an official capacity to bring back from England a fugitive from justice, arrived here a few days ago. He was able to secure from the State Department, on the day of his arrival, the necessary extradition papers and left the same afternoon for New York. He expected to be a passenger on the Teutonic.

**SPANISH SUGAR TRUST.**

Consul General B. H. Ridgely, at Barcelona, Spain, has forwarded the following to the Department of Commerce and Labor regarding the Spanish Sugar Trust: "The operations of the Sociedad General Azucarera de Espana are beginning to attract the attention of the Spanish press. This company is referred to as the sugar trust. It is announced that the trust has recently sold for exportation 6,000 tons of sugar at the price of 52 pesetas (\$7.54) per 100 kilograms (220.46 pounds) f. o. b. Spain, this being less than the cost of production, if the Government tax of 25 pesetas (\$3.52) per 100 kilograms is included. The claim is therefore made that the tax in question was rebated, and as a consequence the press has attacked the trust and is demanding an investigation. The wholesale price of sugar in Spain, with the Government tax added, is from 112 to 115 pesetas (\$16.24 to \$16.68) per 100 kilograms. I have been unable to ascertain to what countries the sugar in question is to be exported, but it seems clear, according to all reports, that the trust is trying to dispose of its surplus stock abroad."

**HAITIEN COFFEE.**

United States Minister W. F. Powell, has written the following regarding the coffee crop of Haiti, from Port au Prince: "The coffee crop of Haiti will be only about 50 per cent of last year's crop.

**The Wool Test**

**I**F YOU immerse a piece of fabric of PURE WOOL for twenty minutes in a pan of boiling water in which a stick of caustic potash has been dissolved, that fabric will melt away and be consumed—IF IT IS PURE WOOL. If it contains a particle of COTTON the COTTON will remain intact.

This is the Wool Test. It is infallible.

Much flimsy stuff is already masquerading on counters as wool—its purpose is for deception and profit. The trade name for such fabrics is "mercerized cotton." There will be more next winter.

Worn for a week or two, they pucker and wilt and grow shapeless. No amount of pressing will restore their original appearance. Their imitation of true wool is so close in color and feel that even experts are deceived. But they cannot get past the Wool Test—the Wear Test.

For half a century the Stein-Bloch Co. has kept its clothes untainted from suspicion of deception. The Wool Test, applied to every fabric that comes into the Stein-Bloch shops, makes this absolutely sure.

Our new stock of Stein-Bloch Spring and Summer Clothes has just come to hand.
