

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

MORMONS AT LAIE

Their Conference and Their Local Leaders.

The following correspondence in the Deseret News (Salt Lake, Utah), tells what the Mormons in Hawaii are doing:

LAIE, Hawaii, April 11.—To those who may be inclined to think that only among American or European peoples are to be found the most advantages for proselyting and the most desirable associations, it would have been of interest to have seen our chapel at Laie well filled with neatly dressed, intelligent Hawaiians, who had gathered on the occasion of our annual conference, commencing April 6. The weather was all that could be desired, for the season of the balmy trade winds had begun, and it is a time when the Saints and Elders from the adjacent islands enjoy a brief sojourn on Laie's peaceful shores.

There were four days of meetings, devoted to preaching the Gospel, bearing testimony and giving reports of the different conferences. The Sunday-school, Mutual Improvement Association and the Primary Association of Laie, the latter joined by the association of Honolulu, took the time of several meetings in the rendition of exercises both pleasing and instructive. One session was occupied in instructing the Priesthood in their duties, and one session was devoted to the interests of the Relief Societies. A continuous outpouring of the Spirit of God was enjoyed in all the meetings. The advice and instructions given by President Woolley were gratefully received by the people, who seemed to hunger after the word of God. Some 240 persons have been added to the fold during the past year. It is being conceded by many of the prominent residents of these islands that the "Mormons" are succeeding admirably, and are doing more for the native people than any other denomination. This is because we know we have the Truth, and we go among them in the good old fashioned way—without purse or scrip.

Following are the appointments for the ensuing year: Samuel E. Woolley, president of the Hawaiian Mission and manager of the Laie plantation; O. H. Bybee, Abraham Fernandez and John Smith, Honolulu conference; Lorenzo Taylor, Kāua'i conference; W. W. Burt, West Maui; E. A. Lougy and Walter N. Farr, East Maui; Ira S. Hatch, Hilo; A. J. Bell and J. F. Belliston, North Hawaii; W. J. Seals and E. J. Neff, South Hawaii; D. D. Dibble and P. B. Cowan, Oahu conference. Elders Albert J. Davis and C. C. Smith to labor as special missionaries.

To labor on the plantation in the temporal part of the mission: S. J. Lunt, assistant manager; D. D. Dibble, time keeper; P. B. Cowan, storekeeper; Joseph Christensen, bookkeeper; O. C. Jones, school teacher; Sarah Hatch, assistant school teacher; William B. Davis, mechanic; Retta Grant, music teacher; Sarah Lunt, superintendent of domestic affairs, with Hannah Davis, Nellie Cowan, Sarah Hatch, Mammie Burt, Retta Grant and Emilie Champneys as assistants; Thomas Champneys, clerk of mission.

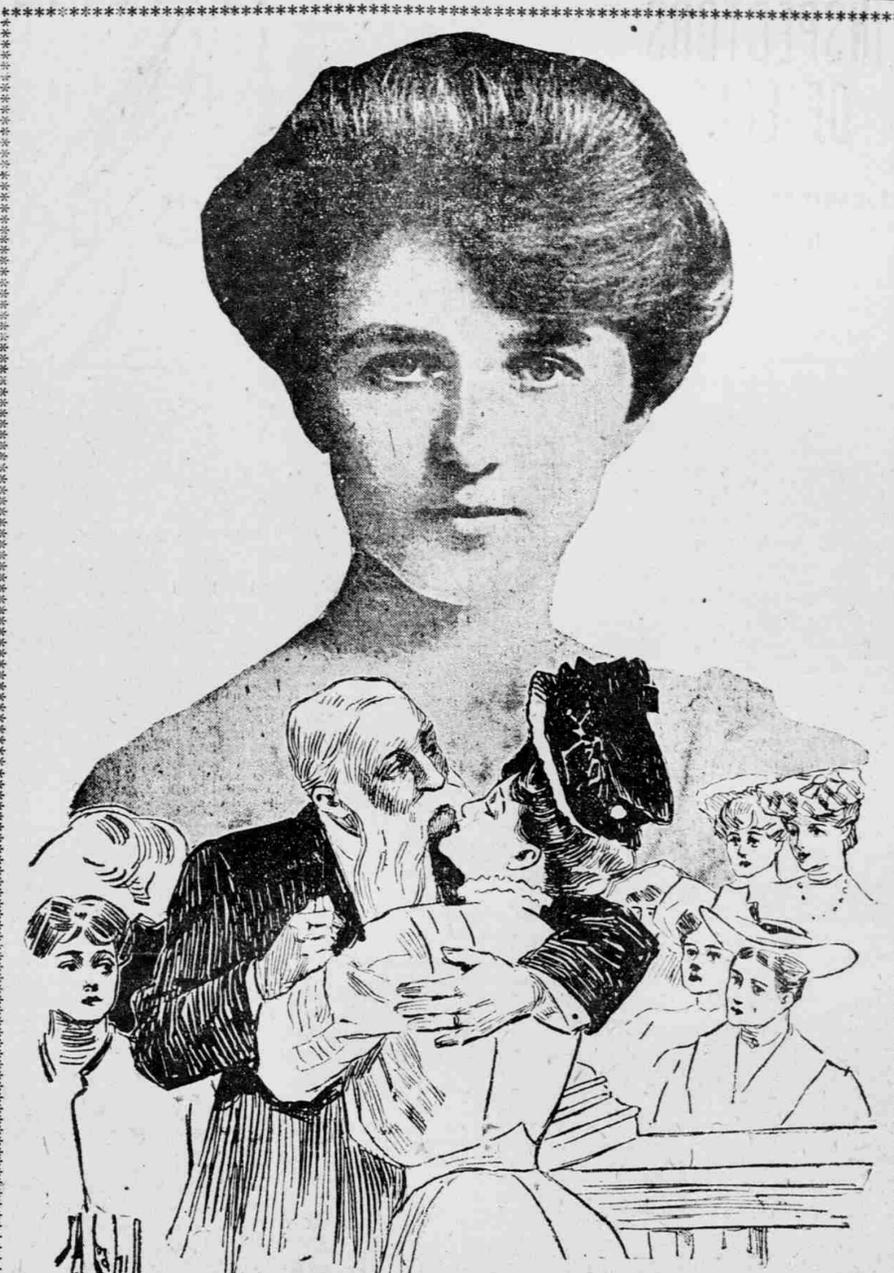

Elder Edwin C. Dibble and Janie C. Dibble, with their two children, were released to return home.

PROF. KOEBELE'S ARRIVAL HOME

ALAMEDA, May 5.—Professor Albert Koebele, whose residence is at 1226 Regent street, this city, and who is a scientist with a world-wide reputation, has returned home from Australia, after an absence of a year. He was in the Antipodes under engagement with the Hawaiian government, investigating and seeking friendly parasites to combat evil insects which threatened the destruction of the sugar cane crop in the islands. Professor Koebele is entirely satisfied with his work and believes that he has succeeded in discovering a minute insect which is a deadly foe to the obnoxious parasite. Both insects are of microscopic size, the evil one coming from Australia a few years ago and raising havoc with the sugar cane crop. So rapidly did it ravage the cane fields that the danger of total destruction was not far distant. The insect which the scientist discovered and established in Hawaii lives off the eggs of the other insect. Such thorough tests were made that the professor feels certain that the planters will have no further trouble from this particular parasite.

Professor Koebele stopped at the Fiji Islands on his way from Australia to Hawaii, remaining at the latter place three weeks, and then coming to Alameda. He will remain in this city for about a month, and then he and Mrs. Koebele will go East on an extensive vacation tour.

Prior to engaging with the Hawaiian government, Professor Koebele was for twelve years in the employ of the United States Government, doing work similar to that which he has just finished. He studied the phyloxera evil, which threatened to destroy the vineyards of California a few years ago. In his line he is an acknowledged expert, and in his discoveries and achievements along insect lines has been as successful as Luther Burbank, the wizard of horticulture, has been with plant life.

NEW YORK, May 12.—Nan Patterson, who has been three times on trial for murdering Caesar Young, has been discharged on her own recognizance. Her brother-in-law, Smith, and his wife have also been freed. They were held on the charge of conspiracy.

Snake Spring in Western Ohio. A South sider who returned from his summer vacation a few days since narates an interesting story of a spring in western Ohio, known as the Snake spring. The name is said to be due to the fact that it has proved a mecca for thousands of water snakes who rendezvous in a shaded pool within a few feet of the spring. Snake spring is situated in the midst of a comparatively primitive section of the Buckeye state, and is surrounded by a settlement of persons who are materially influenced by the superstitions of their forefathers, and consequently, are not disposed to disturb the legions of slimy creatures and their favored resort.—Columbus Dispatch.

Couldn't Stand for One. "Here!" shouted the suddenly rich man from the west to a waiter in the highest-priced hotel on the beach, "bring me another knife." "Yes, sah." "Understand, after this, that I never eat mashed potatoes and boiled cabbage with the same knife."—Detroit Free Press.

GOING! GOING!! GONE!!!

HERPICIDE WILL SAVE IT. HERPICIDE WILL SAVE IT. TOO LATE FOR HERPICIDE.

NEWBRO'S HERPICIDE

The ORIGINAL remedy that DIDN'T KNOW IT WAS LOADED

Most young and middle-aged men never know that their scalps are loaded with microbic growths until the hair has "gone off." Nature sends her warnings of dandruff, itching scalp and falling hair but the discovery of the dandruff germ is too late.

Drug Stores, \$1.00. Send 10c, stamps, to HERPICIDE CO., Dept. H, Detroit, Mich., for a sample.

HOLLISTER DRUG CO., SPECIAL AGENTS.
Applications at Prominent Barber Shops.

THE NEW FRENCH REMEDY, THERAPION.

This successful and popular remedy, used in the Continental Hospitals by Ricord, Bostan, Robert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION NO. 1 maintains its world-reputation and well-merited reputation for de-augments of the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless.

THERAPION NO. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of joints, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, etc., to the destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION NO. 3 for exhaustion, sleeplessness, and distressing consequences of dis-sipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England, 2s. 9d. and in U.S. 60c. In order to state which number is required, and observe that the word "Therapion" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.
