

'IT MAKES ME FEEL LIKE A NEW MAN'

I want to talk to men who have pains and aches, who feel run down physically, who realize that the old "fire" and energy which was so evident in youth is absent now; men who can't stand the amount of exertion they could years ago. I want you—if that means you—to see what I have done for others who were just as bad off. That's my introduction. If a friend in whom you had confidence presented some one to you and said, "Jack, here's Brown; he has made good with me, and I trust him," wouldn't you trust him, too?

"Mr. H. A. Lehdorff, proprietor of the Fernando Hotel, Fernando, Cal., a man known to thousands of Californians, a G. A. R. veteran, says that my Belt cured him of Rheumatism, and that he will praise it for all time as the grandest remedy known for that trouble."

Mr. W. F. Quite, Cedarville, Cal., writes, March 10: "Your Belt cured me after I had spent \$1000 in useless doctoring."

I have cured thousands of men who have squandered the savings of years in useless doctoring.

My Belt is easy to use: put it on when you go to bed; you feel the glowing heat from it (no stinging or burn, as in old style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

An old man of 70 says he feels as strong and young as he did at 35. That shows it renews the vigor of youth. It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Trouble. Banishes pain in a night, never to return.

Mr. A. C. Hammond, 330 Pine street, San Francisco, says, March 20: "At the age of 75 your Belt has cured me of general weakness and kidney trouble."

What ails you? Write and tell me, and no matter where you are I think I can give you the address of some one in your town that I have cured. I've cured thousands and every man of them is a walking advertisement for my Belt.

Every man who uses my Belt gets the advice and counsel of a physician free. I give you all that any medical man can give, and a lot that he can't. Try my Belt.

FREE BOOK—Write me today for my beautiful illustrated book, with cuts showing how my Belt is applied, full of good reading matter for men who want to be "The Noblest Work of God"—A MAN. Inclose this ad and I will send this book, sealed, free.

AT RYDER'S MISSION

Revival Services in the Midst of Kakaako.

SERVICES TODAY.

- 9:45 a. m.—Sunday schools meet.
- 11 a. m.—Regular church services.
- 3 p. m.—Grand union mass meeting, Central Union.
- 6:30 p. m.—Young people's meetings.
- 7:30 p. m.—Men's mass meeting, Hawaiian Opera House.
- 7:30 p. m.—Women's mass meeting, Central Union.

Last night the revival had a triumph in the mission that was its cradle. Down at Mr. Ryder's little chapel near the corner of South and Queen streets the most impressive scenes of the campaign were enacted. Men and women of every color and race were gathered in the little room. Outside the sidewalk was packed with other men and women. The sound of waltz music floated down the street from the saloon a few doors away mingled with drunken shouts and ribald laughter. Men reeled past the doors muttering oaths beneath their breath, the sound of music and dancing came from the upper windows of the great tenement house—one of the foughest places in the city. Yet down in the little room, its walls decorated with colored mottoes and pictures, a great victory was being won for Christ.

It was a cosmopolitan audience that greeted the campaigners at 7 o'clock last night. It is doubtful whether more different nationalities could be gathered in one room at any other mission in the world. The service was exceedingly simple. There were a few hymns, sung with a will, especially by the children. Mr. Butler sang, compelling absolute silence and attention to his beautiful song. Then Dr. Ostrom arose and made a plain heart-to-heart talk. He told them of the need of man for a personal Savior, that that need was satisfied in Jesus Christ, that he was ready and willing to save. At the close he appealed to the people to accept him. Those who wished special prayers were also asked to signify their desire. Many came forward to confess their faith in the Savior. There were old men with snow-white hair and feeble step, there was a woman who, with shining face said she would follow in His footsteps as He gave her strength, there were boys and girls. Three-fourths of the people in the room raised their hands for prayers and signified that they would like to turn over a new leaf. The meeting concluded with the singing of "At the Cross" and prayer. At the close a photographer took a flashlight of the congregation.

AT PALAMA MISSION.

From the Kakaako Mission the campaigners hurried across the city to Mr. Rath's mission at King and Liliha streets, Palama. The chapel was filled with an audience almost as cosmopolitan as that at Kakaako. The service opened with song, Mr. Hillis leading in his usual inspiring manner. Mr. Butler sang two solos. Dr. Ostrom's address was along the same line as that at Kakaako. He put the issue plainly and made a most effective appeal for decisions on the right side. At the close of the address many, all young people, came to the front and announced their determination to lead Christian lives, praying together that they might be steadfast in their resolution.

Almost every child in the room raised his hand when Dr. Ostrom asked how many would participate in Monday's Sunday School parade. The children are enthusiastic over that feature and it promises to be a great success. The meeting was dismissed with the benediction pronounced by Rev. Mr. Snodgrass.

TODAY'S SERVICES.

This morning there will be no special revival services. People are urged to attend their own churches or if they are not members of any church are cordially invited to attend any of them. Sunday school at most of the churches will begin at 9:45 and church service at 11 a. m. This afternoon at 3 p. m. there will be a grand union mass meeting in Central Union church. Tonight there will be two big meetings, one for men at the Hawaiian Opera House, corner King and Mill streets, next to the Judiciary building. Every man in the city will be welcomed. The other will be for women and will be held in Central Union church, corner of Richards street and Beretania avenue. All women are invited. The evening service will begin at 7:30. The singers will sing at both services. Dr. Ostrom will make the principal address at the Opera House, while Dr. Scudder will make it at the church. Monday at 3 p. m. there will be a grand union Sunday school parade.

JUDGE KEPOKAI INJURED.

While Judge A. N. Kepokai was driving from Wailuku to Kahului, after holding court the other day, a wheel came off the carriage owing to the dropping of a nut. The judge was thrown to the ground and severely bruised.

Abraham Lincoln

was one of the shrewdest men who ever lived. He saw through men straight into their very hearts, and he said this:

"You can fool some of the people all the time, and all of the people some of the time; but you can't fool all the people all the time."

Has anybody ever summed up more forcibly a striking characteristic of the American people—of you and your friends?

Lincoln made that statement forty years ago, and today one phrase alone of it is so full of truth that you should keep it always before you. Today you cannot fool all of the people even some of the time.

Now, you know what is happening in the wool market. Raw wool is 40 per cent higher than ever before, and clothes will consequently cost more. It is a ticklish situation for everybody who is not willing to face it squarely. Already there is painfully visible some wild scurrying for cover before the storm breaks.

"Mercerized" goods are entering the field in troops. You know what they are worth in durability and character. There are other fabrics which are not even mercerized—practically straight Alabama cotton. In some cases consciences are being salved with short weight woollens substituted for regular weights. Others are made up from raw material in which cotton and wool have been carded or mixed together before being spun. Most of these impositions are so cleverly manipulated that even experts are hard put to it to say by scrutiny which is the honest piece and which the "queer." The only absolute test is the Caustic Potash Bath—the Stein-Bloch Wool Test described in this space last week.

Our Spring stock of Stein-Bloch clothes is now here. Any suit will stand the wool test as well as the test for fit and style.

SUGGESTIONS ABOUT SCHOOLS

Hawaii Nei, May 12, 1905.

Editor Advertiser: If you can spare a bit of room in your paper will you please publish the following:

The other day while observing the work in a country school, one of the teachers announced that an investigation was needed, as some of the children were troubled with bird lice. The investigation was made and it was found that the attic was alive with them. The minahs had gone in under the eaves and made nests. The younger children were sent home and the others with the teachers went into a committee of the whole for a grand clean up. Soon, boys were seen running up and down ladders into the attic. Bushels of rubbish, were carried off. Then the attic had a sprinkling of lime. The schoolrooms were swept and washed by the girls and teachers. More than a barrel of creoline water was used in the process.

Schoolhouses should be made so that birds and rats could not get into the attic or any other part. Teachers say, that much damage is done to books and furniture, to say nothing of the extra and unnecessary labor. I understand that the country schools are not furnished a janitor other than the teachers and children.

I know that teachers manuahi many things to the schools in order to make things go more smoothly, such as incidentals for closing exhibitions, pencils, soap, and often books to poor children. If the teacher's salary is not too small he or she does not mind giving out of an occasion.

And, another thing, if the growing children are to be English speaking people in a few years, more teachers will have to be in the schoolrooms. There are too many children to a teacher to do satisfactory work. If the children were well graded it would be different, but they are not well graded. Some rooms have three and four grades, work from First Reader to Fifth. It must necessarily be patchy under those conditions. In teaching and training a foreign tongue much oral individual work is required. It is slow-up-hill work. It takes time to do good work. The old saying is, "If anything is worth doing at all it is worth doing well."

It is our duty to encourage the teachers to keep their spirits light and their faces young. We hope Uncle Sam will not allow the schools to retrograde.

Yours truly, KAMAAINA.

HALEIWA.

On Sundays, the Haleiwa Limited, a two-hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10:10 a. m.

"What did you discuss at your literary club this afternoon, dear?" asked the husband, in the evening.

"Let me see," murmured his wife.

"Oh, yes, I remember now. Why, we discussed that woman who recently moved into the house across the street, and Longfellow."—Exchange.
