## IN MEMORY OF THE DEAD

### Eulogies and Sprigs of Myrtle for Those Departed.

With services emblematic though simple, the Pythian brotherhood yesterday afternoon paid the tribute of respect and remembrance to those of the local organizations, who during the past year have passed from this life to the life beyond. These are Clarence M. White, M. J. Borba and James McCready of Oahu Lodge, Dr. Francis Root Day and Louis Marks of Mystic Lodge, and George D. Gear and H. W. Bowen of William McKinley Lodge.

The services were at Pythian Castle, Beretania and Fort streets, and were well attended both by members of the order and by others. The members of the order, each wearing a sprig of maile fastened by the Pythian insignia on the lapel of the coat, marched into the hall in Pythian order, and were seated so as to form a triangle, in itself a Pythian emblem. In the center of this triangle was a memorial urn, and as the closing ceremonial the members of the order, marching in double file, on either side of the urn, each placed in the urn the sprig of maile he wore, in place of myrtle, the emblem of remembrance.

The opening exercises of the occasion were those prescribed by the ritual for such occasions and were conducted by A. S. Webber, Chancellor Commander of Mystic Lodge, No. 2. The closing services which were likewise according to the Pythian ceremonial, were conducted by R. Gosling, Chancellor Commander of Oahu Lodge, No. 1. Deputy District Supreme Chancellor Ed. Towse presided. The other Pythian officers officiating were: Vice Chancellor, A. G. Deering; Prelate, F. J. Cross; Master of Work, O. J. Whitehead; Keeper of Records and Seal, A. S. Kelsey; Master of the Exchequer, Thomas Sharp; Master of Finance, Dr. F. E. Clark; Master at Arms, C. W. Ziegler; Inner Guard, Charles G. Potter; Outer Guard, S. C. Stibbard. The committee of arrangements were:

Oahu Lodge No. 1.—J. Neill, P. C.; A. G. Deering, C. H. Sedgwick.

Mystic Lodge No. 2.—Ed. Towse, D. D. S. C.; F. Waldron, P. C.; C. W. Ziegler, P. C.

William McKinley Lodge No. 8.—F. E. Clark, H. Gehring, L. B. Reeves.

Honolulu Temple, P. S., No. 1.—Ida J. Turner, Mrs. Chalmers, Rose Erickson.

Following the ceremonial opening of the services, according to the Pythian ritual, Mrs. D. Menefoglio rendered very pleasingly Rossini's "Prayer of Moses" as a piano solo. The Scripture lesson, the Psalmist's "Man Born of Woman," and St. Paul's "O Death Where is Thy Sting," was read by the Prelate, F. J. Cross. Mrs. Mackall, with Miss Margaret Clarke as accompanist, sang as she always sings, beautifully, "Abide With Me." Another musical number was the solo "Tears of Christ," by Clyde A. Baldwin, who has a beautiful boy's soprano voice. He was accompanied by Mrs. Menefoglio.

Cardinal Newman's immortal "Lead Kindly Light" was beautifully rendered by a quartet Mrs. Mackall had kindly secured, composed of herself, Mrs. Marcellino, Mr. James D. Dougherty and Mr. J. H. Howland. Miss Margaret Clarke was the accompanist.

Except for the ceremonial closing the exercises ended with what was on the program as an instrumental duet, a selection from Verdi's "Il Trovatore," but which was in reality a clarinet solo by Mr. D. Menefoglio with piano accompaniment by Mrs. Menefoglio. The selection seemed peculiarly fitted for the clarinet, and was excellently rendered, while the piano accompaniment was most pleasing.

The eulogies for the departed were, on behalf of Oahu Lodge, by Augustus G. Deering; on behalf of Mystic Lodge, by Fred Waldron. On behalf of William McKinley Lodge the eulogy was to have been by Dr. A. N. Sinclair, but professional engagements prevented him from being present and Ed. Towse made a brief but a very fitting and admirable address.

## POLITICS AND BASEBALL

### The Two Mixed Up at Aala Park Yesterday Afternoon.

There was pretty nearly nothing but politics talked at the Aala Park baseball games yesterday afternoon, and if Chairman Hustace did not feel his ears burn during the afternoon it was not because his name was not mentioned with sufficient frequency or vigor. Poor Hustace. He was burnt up and toasted to the very limit by the spectators who, on account of his arbitrary ruling, so far as they knew without authority of any kind, were prevented from being seated at the games and were compelled to stand, lie on the wet grass, or go home.

The Riverside League has been playing for some time, and its games are, without doubt, the most popular amusement which is to be found on a Sunday afternoon. There is no charge for admission, and the only revenue which the league has had is through the seats which have been rented for ten cents apiece. The expenses of the league average \$16 per Sunday, the paying of the umpire, buying of balls and other incidental expenses amounting to this sum. As there have been 180 chairs on the grounds, and these have, as a rule, all been rented each Sunday, the league has been from \$2 to \$3 ahead on each game. Now they are deprived of the revenue, without which the league can not exist.

A collection was taken up yesterday among the spectators, and the sum of \$22 was realized. This was mostly in nickels and dimes, though Supervisor Fern dropped a gold piece in the hat, which helped out greatly. If the same result can not be reached each Sunday the Riverside League may be forced to quit and the best and pleasantest amusement which is furnished free to the local people will be spoiled.

There was a great deal of comment on the arbitrary action of the chairman of the Board of Supervisors, who, in a letter to Bernard Kelekolio, president of the league, ordered that he should not furnish chairs to the people at the games. As Kelekolio is not an employe of the county it would seem strange that he should receive such orders, but he did, and they were obeyed.

There was one incident which attracted a good deal of attention. A man was heard abusing a woman in a loud tone and the cause had a direct relation to the Hustace order. The woman, with two small boys, had come to see the games and, being unable to find chairs, they had seated themselves on the grass. The woman's husband came along and, finding the children sitting on the grass, getting their white clothes dirty, started to abuse his wife. He was told by some of the bystanders that the Supervisors were the people whom he should start after and not his wife.

Petitions are to be circulated in the Fifth District, and they will get the signatures of very many voters, asking that the board take some action through which the Riverside League may be allowed to exercise the same privileges which is has enjoyed formerly, and also that Aala Park be looked after better and that, as a baseball ground, it be placed in better shape.

## MAY HAVE USED SHIRT FOR TORCH

Contractor L. M. Whitehouse notified Chief of Detectives Taylor on Friday that a servants' quarters back of Bruce Hartman's former residence on Matlock avenue might prove of interest to the police on account of peculiar conditions there discovered. Taylor found a fine linen-mesh undershirt twisted like a rope, knotted at one end and burned at the other, and there was a charred depression in the floor where the burned end of the shirt had rested. Whether the peculiar incident can be construed as having any connection with a possible incendiary act remains to be developed.

## TAX APPEAL COURT.

Two of the members of the Tax Appeal Court, Willard E. Brown and James F. Morgan are disqualified in certain tax appeals before the court. As there is no provision in law for substitutes, they will hear and decide all the cases in which they are not disqualified and will then resign that others may be appointed to hear the remaining cases. All cases must be heard by June 30. The first decisions will probably be handed down today.

### Mrs. John Ena Accepts Provision Made in Will. Jack London Finds Much to Interest at Plantation.

Mrs. John Ena, widow of the late capitalist who died in Southern California a few months ago, has abandoned her expressed intention of renouncing the provision made for her in the will and claiming her dower rights.

This determination was reached in conference with Father Valentin who was named as one of the executors in the will.

A considerable portion of the estate consists of real estate at Long Beach, California, where John Ena had resided for a considerable time before he died and where the family resides now. When Father Valentin was in California lately he applied for letters of administration there for that part of the estate in California. The Union Trust Company of San Francisco also applied for letters of administration for this property. Mrs. Ena also applied for letters.

As the result of a conference, all agreed on President Hatch of the National Bank of Long Beach as administrator, and all the others withdrew their applications.

"Everything was satisfactorily arranged," says Father Valentin who returned by the Alameda on Friday. The property in California is valuable and is growing more so. Mr. Hatch is a first-class business man and is right there to look after the property. At the same time Mrs. Ena has reconsidered her determination to renounce the provisions of the will and claim her dower rights, and the entire estate will be administered in accordance with the provisions of the will.

## GRINDING PAU AT WAILUKU.

The Wailuku Sugar Company finished grinding its crop of cane Tuesday, June 4. The crop was approximately seven thousand five hundred tons. The new mill is one of the finest in the Territory, and as the new ditches will carry water for many hundreds of acres of virgin soil the output in future will be much larger from year to year.

## REPORTED ASSASSINATION OF PRESIDENT CABRERA

CITY OF MEXICO, June 10.—A private despatch received here yesterday states that President Cabrera, of Guatemala, has been assassinated. The report is unconfirmed.

An attempt to assassinate the Guatemalan president was made a short time ago and many persons are now in prison as suspected accomplices in the attempt. A despatch from the City of Mexico, of May 25, says:

"News was received here today of the imprisonment and sentencing to death of nineteen men charged with complicity in the recent attempt to assassinate President Cabrera of Guatemala.

"The following telegram has been received from Dr. Rodriguez Parra, Mexican counsel at Guatemala City, who is acting as charge d'affaires since the departure of Minister Gamboa:

"The author of the plot to assassinate Cabrera committed suicide day before yesterday while the Guatemalan officials were in the act of arresting him. Despite this fact the council of war yesterday passed upon 19 persons charged with being suspected accomplices in the crime and sentenced them to death.

"Among the doomed are two Italians, one Spaniard, one Belgian and two Mexicans. The diplomatic corps met today and decided that each minister accredited to the Guatemalan government should ask President Cabrera for an annulment of the sentences which, they allege, were the result of irregularities and false testimony, and if this action on their part does not bring immediate results the diplomatic corps will direct a collective note to President Cabrera tomorrow. All the members of the corps were in accord with the decision, there being not a single dissenting voice."

## Californian Japanese Conspire to Force a Demand for an Apology and Indemnity.

(Associated Press Cablegrams.)

TOKIO, June 10.—Viscount Tani, the leader of the Opposition in the House of Peers, is reported to have said that the persecution of the Japanese by the people of San Francisco was one of the wickedest of acts.

"Should diplomacy fail of a satisfactory solution of this question," he said, "the only way open for us is an appeal to arms.

"Our mind is firmly so made up. It is certain that America would yield as the people there are radically commercial in their sentiments."

## AN INTERNATIONAL CONSPIRACY.

WASHINGTON, June 10.—It was learned yesterday that the Japanese on the Pacific Coast and the Progressive party of Japan had entered into an alliance having all the earmarks of an international conspiracy. Their object is to bring about an overthrow of the present Japanese ministry, to secure the annulment of the immigration clause in the treaty between Japan and America and to force the Japanese government into making a demand upon Washington for an apology for the treatment of the San Francisco Japanese and the payment of an indemnity.
