WOMAN'S BOARD ANNUAL SESSION

Interesting Addresses and Encouraging Reports Are Features.

General progress along all branches of work was the encouraging feature of the reports which were brought in at the annual meeting of the Woman's Board of Missions in the Central Union church yesterday.

Devotional exercises in the morning were conducted by Mrs. Rath of Palama, after which the annual reports from the different departments of the board were read to those present.

Musical selections were interspersed between the business reports, relieving the routine of the session. Mrs. Waite rendered a vocal solo that was very pretty, and Miss Wickstrum played a solo on the piano.

Dr. Sheffield told of the unity in the educational efforts now being carried on in Northern China. The university there is composed of the Theological School, conducted by the Presbyterian Board; the College of Liberal Arts, conducted by the American Board, and the Medical School, which is carried on by the London Board of Missions.

Over two hundred and fifty people were given a splendid luncheon at noon in the parish house. This was arranged by Mrs. Andrew Fuller and a corps of assistants, who were given a vote of thanks for their work.

Another day, through Mrs. Richards, there came to the board for purchase by the ladies a package of paper cutters. Sillinda, Africa, and Lin Ching, China; while far better than any letters was the report of the latter field as given in person by Mrs. Arthur H. Smith, passing through Honolulu in March. Those who know Mrs. Smith can understand how vivid was her picture of Lin Ching with its needs, difficulties and possibilities,
