RIVERSIDERS' FINANCES GOOD

There was a well-attended meeting of the Riverside League at the offices of A. L. C. Atkinson, in the Judd building yesterday at noon, and besides the president and Secretary, W. Tin Chong, there were M. Paresa, Manager of the Kewalos; S. P. Correa, of the Palamas; N. K. Hoopii, of the Aalas, and L. Mon Tai, of the Chinese Alohas. D. Desha, champion felder of the invincible Aalas, also put in an appearance and made the meeting very pleasant with his broad smile.

The reports of the league officials showed up well and a successful season is expected. Treasurer Robt. Asam reported that he had received \$159.60 since the season commenced and during the same period he has paid for expenses in running the league the sum of \$110.40. Of course most of this sum received was made up by the assessment of the five clubs.

The communication from C. M. Tai, who has come through with a thoughtful gift to the league by presenting it with a championship trophy, was taken up for consideration and this was accepted. The Secretary was so instructed to notify Tai. Tai is in business here and is one of the best-known subjects from the dragon land. There is a possibility that he will take up a sporting line soon.

The games this Sunday will be the best yet seen, as the two games arranged for the afternoon are picked from the best teams in the league. The Fort Shafter will meet the Kewalos in the first game and the Palamas will play the Aalas in the second game. Good baseball is promised for the afternoon and there is no doubt that a large crowd will be present.

RATTAN TRAINS THREE MARINES

Rattan, the husky marine who trains all the boys down at Camp Very for their boxing bouts and ably seconds them when they go in their corners, is very much bucked up over the coming show at the Orpheum, on the night of Saturday, July 24.

He said yesterday, "I have three men to train for this show and you may take it from me that they will all be Johnny at the rat hole. Sarconi is in fine shape and will certainly make it hard for Nigel Jackson. I look for the bugler to win comfortably. Corporal Hull, who is training to meet the cavalryman, Freedman, is doing nicely, thank you, and can sit up and take a little nourishment three times a day. Jack Coll is always more or less fit as he plays ball all the time and is about as keen for open air sport and athletics as any marine that ever loved his prog. I know little about this Zangari that he is up against, but the Fort Shafter boys tell me that he is a good one and all of us, down at the camp, hope to see our man hand it to the boy from Fort Shafter."

Nigel Jackson also came around yesterday afternoon to tell how fit he was feeling and how certain he was that he could make bugler Sarconi know that he had been in a scrap. He and Wahilani are both under the tutelage of good old Bill Huihui, the Hawaiian veteran and they box together at the Orpheum every night at 5 o'clock.

The main event, that between soldier McCollough and Wahilani, is provoking much comment and forecast round town. The main sentiment seems to be that McCollough has never trained properly and that this time, especially over the longer route of ten rounds, he will be able to slip it to the Hawaiian lad.

As to the "slipping it" there are two sides to that question and Wahilani may be relied on to make a good account of himself, but the other ascension is too well known to be true to need comment. It has been often said in these columns that, if McCollough would only pay more attention to his training, he would soon rise on the ladder.

A more courageous and willing boxer was never seen in the ring than this good Irishman. What he needs is somebody to put him hip to the game and make him work hard for his victories; to teach him to be quicker with that left jab and to judge his counters more perfectly. At that McCollough is undoubtedly the favorite boxer in Honolulu today on account of his extraordinary gameness.

LES PETRIE SAW HARVARD WIN

Good old Les Petrie is heard from by means of a picture postal. If anybody has heard from him by letter they will be doing the public a favor by bringing it to this office for publication, as the sportsmen of Hawaii are greatly interested in the travels of this big, smiling good one.

Les says on the postal "Am sending you a copy of the Globe. Murray, McCandless and myself attended and saw a good race."

He doubtless referred to the boat races in which the crimson came out victorious in three events. The Globe mentioned has not yet come to hand. Les is making a trip that will be of the greatest good to sports in general here. He is looking into methods of training for rowing, football and all kinds of sports and will come back laden with the very latest ideas.

He will go over the pond to England and has letters of introduction to many of the most prominent sportsmen there. They will probably open their eyes and exclaim "Bai Jove!" when Les lets go a few pictures of Hawaiian sporting scenes, but we may feel sure that he will get on well with the people in the old country, for they are certainly ready to recognize a clean sportsman when they see one.

Young Nelson Makes Statement

This is to certify that I, Jacob Tavares, known as "Young Nelson," was engaged by Jack Scully to box Rafferty of the fleet when they were here and Dixon of the same fleet, at Independence Hall, for which I was to receive two hundred dollars or one hundred dollars for each contest. I carried out my contract securing a draw with Rafferty and won over Dixon.

For these contests he paid me sixty dollars on account and has refused ever since to pay me the balance, claiming that he has not the money and needs his money for other purposes.
(Signed) JACOB TAVARES.

CHILLINGWORTH WRITES A LETTER

The following is one of several letters that have been received at this office. This one is published on account of the well-known sportsmanlike proclivities of the signer and his unassailable position as a straight and true instigator of the sporting spirit.

"Sporting Editor, Advertiser: As an admirer of the manly art I, for one, intend to take in the glove contest at the Orpheum on the evening of Saturday, July 24. While, probably, seventy-five per cent. of the fans in town would like to see Sullivan and Cordell in another contest, I feel that Mr. Cohen has not been treated fairly by either of the two men and, in view of the fact that Mr. Cohen has been risking his own money in getting good men from the Coast to tackle some of our local boxers, it is up to 'The Boys' to patronize the Orpheum.

"The contests pulled off at the Orpheum, so far as I know, have been on the square and I hope that it will continue. It is the crooked work in any kind of sport that kills it."
(Signed) CHAS. E. CHILLINGWORTH."

Sport Notes

The malihini surf is almost as good as the big surf these days. From early in the morning till late in the afternoon a bunch of good rollers come in and break just where the water is shallow, about 300 yards from the beach, giving an excellent ride all the way in to the shore. The directors of the Outrigger club have asked that a notice be published requesting all surfers to keep well to one side in returning from the shore, in order to obviate, as far as possible, the recent collisions that have taken place.

The Marines defeated the team from the Twelfth Infantry off the transport Thomas, at the league grounds on Wednesday afternoon by a score of 8 to 6. The infantry boys had a fine team and played a grand game, making three runs in the eighth inning and nearly tying the score.

A little white dog with a little white tail, has been lost from the steamer Roma. It may have dropped into the flowing tide.

And been struck by a foaming comber. So, if you should see such a little white dog, take it down, for the first mate is greeting. He will give a reward to again see on board. His dog—We'll shed tears at the meeting.

The following are the drawings for the senior handball tournament at the Y. M. C. A.: J. S. Herriott and J. S. Nott; G. K. Ewaliko and M. G. Johnston; V. Mareallino and D. H. Voeller; J. T. Sinjohn and C. Lewis; M. V. Decoito and M. Ferreira; Wm. Rasmann and J. Tavares; J. Q. Baptist, a bye. The first three games must be played before July 24 and the latter three before July 31. Then the second round will start.

OAHU LEAGUE BIG OPENING

The Oahu Baseball League had a lively and well-attended meeting last night at which the final details for the big opening next Sunday were arranged.

They will have a parade, will these jolly ball-swatters, and they will have many celebrities to take part. It will start from Fort and King at 12:30, and the order of it will be thusly: Joe Leal, Chief of Detectives, mounted and in full regalia; squad of police on foot, Major Long and Mayor Fern, Vice President Mareallino, the two secretaries, Messrs. Timmons and Akau; Empire Fernandez and Official Scorer Nigel Jackson, Captain Berger and the Royal Hawaiian Band, Marine baseball team in ball uniform, Kalihī Athletic Club, the Boer chieftain; Japanese Athletic Club, Chinese Athletic Club, Henry Chillingworth, official umpire of the junior league teams; Mubock Athletic Club, Asahi Athletic Club, Portuguese Athletic Club, C. A. C. Juniors, marshal of the day.

Arrived at the new athletic grounds the parade will disband and then the real ceremony of opening the league and the new grounds will take place, when Mayor Fern pitches the first ball and Major Long swats it for a treble to left field. Jack Doyle has announced his intention of being there.

Emperor William has given up his annual vacation and will remain in Germany until the political crisis reaches a settlement.

ATHLETIC PARK FOR ALL NATIONS

An extraordinary misprint in an afternoon paper yesterday afternoon, made it appear that Manager Will Douthitt of the new Athletic park had stated that the amusement enterprise was not meant to cater to Japanese and Chinese. Evidently what the article meant to state was that Mr. Douthitt did not intend the park to be "only" for the Japanese and Chinese.

It was an unfortunate slip and quite entirely unintended, on the face of it, to every thinking person. Mr. Douthitt made a call at this office last night and said, "I would like it stated in the columns of the Advertiser that the new Athletic park is going to cater to people of both sexes and of all nationalities. We are out for clean sport in the open air. We believe that we are filling a long felt want in the sporting line in Honolulu. Our directors have put up a large sum of money to erect the fixings of the park and we shall have as good a place of the kind as you could find anywhere."

The matter is inconsiderable, as everybody who happened to read the article in question will appreciate the misquotation as being a "lapsus" somewhere between the reporter, the proof-reader and the compositor. The new park will open with much eclat next Sunday when the Oahu League will play its first games, Kalihis vs. Marines and C. A. C. vs. J. A. C.

RINGERS CAN PLAY CRICKET

Oh, what do you know about this? The Ringers have a cricket team and they are going to play the Ecclesiastics a week from tomorrow at Makiki. In other words a team from Theo. H. Davies & Co. will play one from Bishop & Co.

Both institutions number mostly sportsmen among their employes and they are both capable of putting up an excellent game at anything from pinhole to snuffing. That this cricket match has been arranged is only more evidence of the recent boom in the British game and the interest that is being taken in the coming visit to Maui. Any man who can handle a bat and catch a ball is going to miss the best trip of his life if he does not get in and make the team that is to go to Maui next month.

SCULLY SAYS HE HAS WAHILANI

Cordell is training vigorously at the Marine camp for his go with Dick Sullivan on the night of Saturday, July 24, and Sullivan is doing the same at Fort Shafter.

Jack Scully announced last night that he had arranged for Wahilani to meet Freedman, of the Fifth Cavalry, in a ten-round preliminary. He also stated that Mike Patton had agreed to referee for him.

As this statement is in utter contradiction of Mr. Cohen's published statement that he had arranged for Wahilani to meet McCollough at the Orpheum on the same night, an effort was made to find Wahilani but he could not be located and so it is not known at present for whom he will appear.

The granddaughter of the late Geo. Sands, the authoress, has bequeathed the famous chateau of her grandfather at Nohap for use as an academy and \$20,000 for its maintenance.

BABIES AND CHILDREN

should be fairly plump. They ought to put on fat as fast as they use it up; for fat is fuel, and the burning of it makes power and force. Thin children—even along to the age of eighteen or twenty—are in danger from consumption, and from other wasting complaints. The children who starve, and the young men and women who are consumed—why, the very idea of it is frightful. For such as they, there is always what is called a "mighty famine" in the land. Food, though it may be taken plentifully, does not nourish them. It makes no fat; it gives no strength. To prevent this, to cure this, to save the young ones at the mother's knees, and the bright boys and girls who are just looking at the world with ambitious eyes, is the purpose of WAMPOLE'S PREPARATION.

Its success is decided and settled. Thousands owe to it life and health. It is palatable as honey and contains all the curative properties of pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In building up pale, puny, emaciated children, particularly those troubled with Anemia, Scrofula, Rickets, and bone and blood diseases, nothing equals it; its tonic qualities are of the highest order. A Medical Institution says: "We have used your preparation in treating children for coughs, colds and inflammation; its application has never failed us in any case, even the most aggravated bordering on pneumonia. The children like it, and it builds up their bodies; many little children owe their lives to it." Effective from the first dose, and you cannot be disappointed in it." Sold by chemists.

Season by season the fashions become more exacting. No longer is it possible to satisfy the modern lady of discriminating taste from a limited stock.

The new, the original, the different, the exclusive, is always here first. The correctly attired woman looks to us for the criterion in styles—she knows our store is the fashion authority in shoes for these islands.

Clothing Sacrificed

We have never had such a demand for goods as has been experienced in this store this week. The effect of the announcement on Saturday was magnetic for people know what we mean when we give our personal guarantee as to the quality of the garments.

Everything is underpriced, suits made to sell for \$20 are being sold for \$12. Every suit is in the same proportion.

It has been a real pleasure to show these suits because they have the true Kerr value. We have sufficient of the stock to last the balance of the week, come in and buy. The sale of Dry Goods is still on.
