Among the arrivals on the Alameda yesterday were Mr. and Mrs. Corth Naugardt. Mr. Naugardt was formerly manager of the Idora Park Skating Rink at Oakland, California, and comes here to assume the management of the New Princess Skating Rink now being erected by J. C. Cohen. Mrs. Naugardt, formerly Miss Werner, is the champion lady roller skater of the world and has given exhibitions of her skill in all the large rinks both in Europe and America. Both Mr. and Mrs. Naugardt will give nightly exhibitions at the new rink, the opening of which will probably take place in two or three weeks.

**OVER THIRTY-FIVE YEARS.**

In 1872 there was a great deal of diarrhoea, dysentery and infantile cholera. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-six years maintained that record. Nine Chemists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Mayor Fern called on Governor Frear yesterday to protest against the sale or exchange of certain territorial lands now used by the county. One of the pieces of land is that at Maunakea and Pauahi streets where the old fire house formerly stood. This house was burned down some years ago, but the Mayor feels that the site should be retained as another engine house will have to be erected sooner or later. The Governor agreed to look into the matter.

**Vaudeville Monday Night.**  
The company of vaudevillians arriving here on the Alameda will appear at the Orpheum theater on Monday night, the curtain rising at 8:15 and falling on the last of the show at 10:30.  
Mr. Cohen has secured artists of well-known ability for the opening of his joint comedy and motion picture entertainment and the result is sure to be satisfactory. It is what the people have been waiting for and what Mr. Cohen has been striving to secure ever since motion pictures became a fad. The farce comedy for the opening night deals with life on the plains. The great scout, Buffalo Bill Cody, will be seen in the midst of a band of Indians and there will be chorus ladies and songstresses to make things lively during the evening. From the "try out" yesterday it is to be a sort of "Tourists in a Pullman Palace Car", show and a better farce comedy was never put on the road than that. There are ample opportunities for a display of the talent possessed by the members of the company.  
A feature will be the instantaneous changes from act to motion pictures and vice versa. There will be no waits for actors to get ready and none to give the picture man a chance to get the swing of the thing. The machine for the pictures is one of the finest made and the films are from the Independent service, none of them ever having been shown here before. The price of admission has been fixed at ten, fifteen and twenty-five cents, the latter entitling the purchaser to a reserved seat which may be bought at any time before the date if desired.  
**Hilo Nightingales.**  
The Crescent City Nightingales, as the aggregation of young lady musicians from Hilo is styled, made their bow to a local audience at the Empire Theater last night. To say that they made a hit would be to put it mildly; they made a regular thump.  
The opening song was Kauakanihewa which was enthusiastically encored. This was followed by Kauliana, a song, the words of which were acted with pleasing gesture and fascinating motion.  
Other selections rendered were Sweet Violet and Waipio. Vociferous encores were given every number.  
H. M. Ayres is looking after the business of the company during their sojourn in Honolulu.  
The young ladies will appear at the Empire again tonight.
