WHAT THE PRESS AGENTS SAY

Wright Will Give Farewell Recital. Frank Wright has had many requests to repeat Dickens' "A Christmas Carol" before he leaves the Islands on Saturday for Australia. Owing to school exercises, many young folk prevented on his first reading an attendance, so the prices for children will be at half-price, namely, fifty cents. Mr. Wright says it is very doubtful whether he will be able to deliver at Honolulu for probably some time to come, so those who have not heard him should take this opportunity this afternoon, for many think his rendering of "A Christmas Carol" is his best effort.

New Rule at the Park. The demand on the part of parents for more seats in the reserved section of the Park Theater constrains manager Congdon to discontinue selling children's tickets for less than the regular admission to that part of the park which is fifteen cents. The entire gentleman with three children the other night, each occupying seats at fifteen cents, while an elderly couple paid fifteen cents each were obliged to stand, brings Mr. Congdon to a realization of the eternal fitness of things. Children with children, except those in the reserved seats, will be obliged to pay fifteen cents for seats for their young benefactors when they go to the Park tonight to see one of the grand old Western pictures and a series showing the wonderful scenery of the Park of Caserta. The Moore Sisters and Thompson gave a laughable sketch last night that was well enjoyed. It will be repeated tonight. This will be the last week of Harry Waller, the man who keeps everyone in a good humor.

COURT NOTES.

Alonzo Apple, an action to recover title which was on in Judge Robinson's court for several days, yesterday afternoon reached a verdict declaring the plaintiff the owner of the land in fee simple subject to defendant's dower rights. TEACHERS FOR 1910-11 APPOINTED IN JULY

With the conclusion today of the public school work for the year the teachers will immediately have to turn their thoughts toward a few weeks of school for themselves when they become pupils, for on July 5 the summer school opens for a six weeks' course. The teachers examinations will be held on August 17, 18 and 19. The purpose of the summer school is to prepare teachers and others desiring to teach for examinations required for primary and grammar grade certificates and to give such other instruction as will train for principalships.

The school has been organized by the department of public instruction and supported financially by a number of citizens throughout the Territory. These people, according to a leaflet issued by the department, recognizes the need of improvement in the public school system and cooperate with the department in taking the first step toward the improvement of the teaching force. All persons may attend whom the committee on registration deem eligible to teach during the school year of 1910-1911.

The appointment of teachers for the next school year will take place early in July. Teachers without certificates appointed to positions at that time, are to understand that appointments are not to hold good unless certificates are secured by the close of the summer school. More than one hundred and forty teachers have already sent their names in to be enrolled and names are being added every day.
