 Mrs. Musin is a soprano at the top of the ladder. She was hailed with a true "aloha" on her appearance.

W.W. DIMOND'S

"When business is dull then is the time to advertise." But we are new in business here, so we advertise to let you know the locality of our establishment and the character of our goods. You have been used to seeing fancy lamps, tables, and crockery for years, and you have been used to buying them at high prices when you wanted or needed them. We advertise now to advise you that the millennium in such things has arrived and high prices for the same quality of goods is unknown with us. We can sell you goods cheaper than you ever bought them, because we know how and where to buy—everything is in the buying. If we bought from middle men it would be different, but we don't, we buy from the maker and get less than bottom prices. You get the benefit of our experience and actions in such things; the success of our venture has been proved. You find buyers in our store all day long, people who came to look around but who found bargains and bought, largely and well. Do not mistake our frequent reference to prices for an intimation that we have only cheap goods. Our goods are elegant but we sell them at low prices and still make a profit. Our new store will be packed with all sorts of things and for all sorts of uses. Nor will we confine our stock to one grade. The assortment is as complete as money and experience can make it and we cater to all classes of trade.

What you see in our Fort street store, Lamps, Cut Glass, Tables and fine Chinaware is for the holiday trade—goods suitable for presents. It is the finest array of elegance ever seen in this country.

Come in and see the goods and the prices marked on every piece. Store open evenings.
