## PORTUGUESE AND ANNEXATION

They Dislike the Present Government and Want a Statehood.

About three hundred Portuguese met at Lusitana Hall, Punchbowl street, last night, A. G. Corea presiding, to consider the question of annexation. Speeches were made by Corea, A. V. Peters, J. M. Vivas, M. A. Peixoto, M. A. Gonsalves, N. O. Teixeira, and C. Pereira. The present government was roundly denounced for the unfair treatment of the Portuguese colony and eventually a resolution was adopted to be presented to Governor Morgan to the effect that the Portuguese colony desires the annexation of Hawaii to the United States as a State.

## NOT ON THE TICKET.

A sensation was sprung at the Central Committee headquarters yesterday afternoon by the announcement that there had been an omission in the ticket filed and consequently the entire ticket would be illegal. After working everybody up to fever heat the member making this announcement stated that the omission consisted in the failure to include Rainier Beer on the list of candidates for popular favor. Rainier Beer, however, does not need to be on any ticket, as it was long ago voted to be the best beer made on the coast. Criterion Saloon

## SUCCESSFUL BLASTING.

The Old Pali Road has Disappeared.

Quite a number of people went to the Pali yesterday afternoon to witness the blasting operations, which were to remove a large ledge about 1000 feet from the top of the Pali.

The blasting was superintended in a very careful and skillful manner by the contractors, and about 8000 tons of rock and earth were dislodged and sent spinning down the mountain side, filling up the old road and making it impassable forever.

Nineteen large and ten small blasts were sent off in rapid succession, and the spectators witnessed a sight. Three thousand pounds of powder and fifty pounds of giant powder were used, and the operations were crowned with a perfect success.

Messrs. Wilson and Whitehead are to be congratulated that the big blasting was finished without the slightest accident. The road will be finished in December and the old road will soon be remembered only in Hawaiian song and lore.

## Two Important Cases.

The Supreme Court will shortly be called upon to decide two very interesting cases, and the decisions will establish precedents of great importance.

C. K. C. Rooke of England has brought suit against the beneficiaries under the will of the late Queen Emma for the recovery of certain valuable property, which the plaintiff claims is unlawfully in the hands of the trustees of the Queen Emma estate.

Mr. Rooke, as we understand it bases his claim on the will of Dr. Rooke, who adopted Queen Emma, and died many years ago. In the will Dr. Rooke left the property in question to his adopted daughter, the Queen Emma, to hold for life, and to revert to his nephew Mr. Rooke of England, if the Queen should die without issue.

Queen Emma died with issue, the Prince of Hawaii who died in 1885. He was her only issue, and when the Queen died in 1885, she disposed by will of the property to the beneficiaries now being sued by Mr. Rooke of England.

The other important case is the suit brought by certain stockholders in the Kohala Sugar Company, who sue to recover certain dividends. It seems that a dividend was declared by the directors of the Company, and that at a meeting of stockholders a majority voted to establish a reserve fund instead of paying out the dividends. The minority stockholders some of whom depend for their existence on their income from the Sugar Company, have brought the matter into Court and the decision which will be of vital importance to all "minority" stockholders in Hawaiian corporations, will be awaited with deep interest.

## Boat Clubs' Dance.

The combined dance by the three respective clubs is booming, and everybody interested in the light fantastic will be expected to attend.

The affair is not a dress one, but the lady friends and members are expected to shine in their rival colors.

The various committees are hard at work trying their best to make the dance a success.

The dance is given for the purpose of reimbursing the finances of the three respective clubs, after the hard tussle at Pearl Harbor.

## Saturday's Field Notes.

If the St. Louis had won? My, oh my!

Duncan held down first in good style.

Mayne was mighty without main strength.

Moore and Bowers sprinted for tallies.

Clarke was too anxious and bad luck came his way.

Luahiwa did not come up to battling expectations.

Lemon is a jewel of a pitcher, cool clear-headed and good tempered.

Willis on first had many trials to contend with in bad throws and collisions.

It took only two minutes to put Duncan, Kylie and Kaanoi out in the 4th. Willis, Gleason and Hausman captured the sky-scrapers.

It took seven months to play the series; commencing in April and ending in October.

"Stand more coin" was the motto of the Regiments on Saturday.

When shall those Champions meet again? Mayhap next year on Klondyke claim.

## Tariff Vagaries

In the United States the Government allows a rebate to the manufacturers on all agate ware shipped out of the country. It is one of the fine points in the tariff question, and enables the foreign importers to compete with dealers in the United States in the sale of these articles. It makes it possible for our customers to buy such goods from us at lower prices than they can buy them in San Francisco. The appended list shows but a few of the articles in this line sold by us, and where more than one price is graded with the different sizes of the articles. In every instance you will observe that our prices are much lower than the same goods may be bought for at the Coast. These prices are taken from the catalogue of one of the largest House-Furnishing Goods dealers in San Francisco; it is bona-fide, and the goods are identical in quality as those advertised in the catalogue. It is hard to believe that the people of Honolulu—2,100 miles from San Francisco—can buy such goods for less money.
