Arlington Block HOTEL STREET

Should be of Interest

We have just marked and placed on sale another large shipment of Merchandise Direct from New York

comprising, among other things, some of the latest Novelties for LADIES' EVENING WEAR, arriving just in time for the approaching opera season.

French Silk Gauzes

With alternating satin and lace stripe, 44 inches wide, in black and all the popular evening shades—pink, light blue, maize, lavender, black, shot with silver threads; black, with satin stripe and ecru lace inserting; Nile green, lavender, maize, with satin stripe and ecru lace inserting; black spangled, with gold sequins, and white spangled, with silver sequins. These are only a few of a stock too numerous for individual mention, comprising Chiffons, Silk Mulls, Liberty Silks, etc.

Pine Apple Silk

This most desirable fabric we import direct from Japan, and the number of good qualities it possesses is astonishing. It resembles silk in lustre and strength. It is made from a vegetable fiber, and, consequently, washes, laundering perfectly. It does not easily crumple or muss, but once crumpled, it is easily pressed, so that it looks as good as new. In spite of its extreme thinness, its strength is remarkable. It makes one of the daintiest of evening dresses.

Opera Capes

Just received direct from Europe, a half dozen Opera Capes, which, we believe, will be pronounced by competent judges to be the triumph of the dress-makers' art. There are no two of these alike in any respect, and any lady wanting a really chic and up-to-date opera cape should see these at once. They are so few and so desirable that they will be soon disposed of.

Gloves

We carry the world-known Dent's Kid Gloves, than no better is made. We have them from two-clasp length to 22-button length. We have them in black, white, pink, light blue, lavender, tans, etc. Any one wanting a first-class, perfectly fitting glove, will do well to call and examine the Dent's gloves. Their price is no higher than others, in spite of their superiority.

Fans

Just received and marked a line of the latest in evening fans; no two alike. Among them are some exquisite creations—hand-painted, daintily colored, with hand-carved ivory sticks. No evening gown will be complete without one of these fans. Come and see them.

Gimps and Passamenteries

For trimming evening dresses, we have a stock, very complete, of all evening shades of Bead Passamenteries, Silk Appliques, Chiffon Ruffles and Ruching Sequins in all colors, Sequin Trimmings and Applique and a host of others too numerous to mention.

Now a word on other subjects than evening wear.

Ladies' Muslin Underwear

Our stock of this is very complete and choice, we buying only of the very best makers of the most advanced ideas and styles.

Shirt Waists

We have just placed on sale another line of Ladies' Waists, in both colors and white, comprising everything that is latest and new, and, what is of some importance, they are marked right.

For the benefit of tourists, who come here unprepared with suitable clothing adapted to this climate, we would say that our Shirt Waists and ready-made Skirts of plique, linen, covert cloths, etc., should prove a boon.

Gentlemen

We have just received direct from New York a very choice line of the latest in Neckwear. There is not an old number in the lot. These have been very carefully selected, and will only have to be seen to be appreciated. In addition, we have our usual stock of carefully selected Gent's Furnishings.

Home Again.

A. Gartenberg, Secretary of M. S. Grinbaum & Co., Ltd., returned on Tuesday night from a four months visit to the Coast, accompanied by his family. Mr. Gartenberg looks well in spite of going through a siege of the grip while away. Mrs. Gartenberg also had an attack of pneumonia during her absence but is happily recovered. Both are glad to be back in Honolulu again.

Well Known Here.

Among the Gaelic's through passengers was Lieutenant W. H. Alderdyce, who was here with the U. S. S. Bennington some three or four years ago. The lieutenant is a playwright and actor of no mean ability. During his long stay in this city, he took the leading character in "Meredith's Old Coat," a comedy of which he was the author and which has since been produced in some of the best theaters on the mainland. Among those associated with Lieutenant Alderdyce in that production, which was given two nights in Independence Park, were Mrs. C. B. Cooper, Mrs. S. G. Wilder, Mrs. A. M. Brown, Major Potter and A. St. Martin Mackintosh. "Meredith's Old Coat" will be remembered by the hundreds who witnessed it as one of the most enjoyable amateur performances ever given in this city.

The Daily Republican will be delivered to any part of the city for 75c per month.

AMUSEMENTS.

There was a good attendance at the third performance of "Fra Diavolo" by the Southwell Opera Company at the Orpheum last night. "Fra Diavolo" is Aubrey's brightest work. It is more than a light opera, being rather of the romantic or semi-grand. Its music is pleasing and catchy—so much so that it has been one of the most favored operas on the stage since its initial production. It is well sung by the company at the Orpheum—very well sung. If it was as well acted as it is sung, the rendition would be simply a great performance.

But, then, one must not expect too much. Opera singers, like other people, are not perfect. Many good singers are poor or indifferent actors. It is not often that one person combines both qualities. Mr. Baker, the new tenor, needs to give away his self-consciousness and become imbued with the idea that he is only one actor in this big world and that other singers, even as good as he, will come after him. Just as others have gone before him. Do this and he will soon learn how to act, as well as sing. People in the audience care nothing for the man behind the footlights. It is what he can do and the way he does it, and many a promising artist has ruined his career by an exaggerated idea of his own importance. Mr. Baker is not the only one in the Southwell company afflicted in this way. In the language of the gallery gods, "Der is orders."

The management is ambitious, and after the manner in which "Queen's Lace Handkerchief" and "Fra Diavolo" have been rendered has concluded to put on Verdi's immortal "Il Trovatore." Of all the Italian operas, none hold the place in popular esteem that "Il Trovatore" does. It is a most ambitious undertaking to produce this masterpiece on the Orpheum stage, but it is confidently believed the Southwell company will render a good account of themselves in the production. With Miss Sallinger as Leonora, Miss Ladd as Azucena, Mr. Coff as Count di Luna, and Mr. Baker as Manrico, the prison scene should be one to arouse the audience to the highest pitch of enthusiasm.

The First Message.

The pole for the Kaimuki Station of the Wireless Telegraph Co., has been placed in position on Telegraph Hill. On Tuesday expert Plette left on the Mokohii with the equipment for Lanai station. It is the present plan to make Lanai station the main station for transmitting message from Oahu to Maui and Molokai.

On Saturday an illustration will be given of the work of the new system and a message will be sent from Kaimuki station to the Executive Building on the flag pole of which a receiving instrument will be rigged. In the afternoon Will E. Fisher will sell at auction the right to send the first message and Cecil Brown, J. H. Fisher, and C. M. Cooke will be the judges to determine on the use of the sum received for the first privilege. The auction will take place on the front steps of the Executive Building and from the interest manifested it promises to be quite an event.

CAPTAIN BRAY OF SAILORS HOME

Opinion Regarding Matters and Conditions Along the Waterfront.

Captain I. Bray said yesterday, while speaking of the Sailors Home and the conditions along the waterfront: "There is very little doing now. Less than fifteen seamen are available for shipping at present; but there will be a large number of ships in soon, which will make business brisk again. "There are some twelve sailors in the home now and we are not taking in handmen. Yes, we are still running the restaurant, but we wish to supply lodging only to seamen. At present I have no boat in connection with the home; when a captain engages men of me he generally sends his boat in for them."

"As long as present conditions on the waterfront continue it will be nearly impossible for me to do much business. There is not much money in the place at present. I am making a living, but that is about all. I think, however, I can rest upon my oars until there is an improvement in waterfront affairs. "I believe it would be to the interest of all persons, if the business men interested in ships, either as owners or agents would band themselves together and patronize the sailors' home. This would draw all the sailors here, where captains would be able to come for crews upon paying a reasonable shipping fee, and the sailors would get what was due them, so that all would be satisfied."

Court Camoes Election.

Court Camoes Number 8110 A. O. F. held its semi-annual meeting for the election of officers, Tuesday evening in their Lodge rooms, in Pythian Hall. A. V. Potter delegate to the High Court convention in San Francisco, made his report to the Lodge. The following are the officers elected for the next six months: C. R. J. G. Silva, S. C. R. J. A. Gonalves, T. J. A. M. Osori, F. S. J. P. Dias, R. S. A. H. A. Vieiro, S. W. M. J. Coitr, J. W. J. M. Silva, S. W. M. V. Souza, J. W. M. Machado.

WILL ADOPT MARCONI SYSTEM.

Government to Establish Stations for Wireless Telegraphy in Porto Rico and the Philippines.

WASHINGTON, June 3.—Brigadier-General Greeley, chief signal officer, said to-day that he had directed the establishment of wireless telegraph stations in the harbor of San Francisco, Porto Rico and the Philippines. In New York harbor it is possible that a wireless telegraph system may take the place of the cable connecting Fort Hamilton and Fort Hancock. This cable was recently found to be cut in 11 places.

It is desired to connect the various points in San Francisco harbor at which guns are located, and the wireless telegraph, it is believed, will give better results than a cable. In Porto Rico, Crab Island will be connected with some port on the coast of the larger island, but the establishment of stations there are merely to give the officers of the army an opportunity to learn how to operate the system.

tem. In the Philippines the system will take the place of the heliograph, which now flashes messages between Corregido Island and Manila, Bohol, and Cebu and other points.
