**THINKS THE VAGRANCY LAWS SHOULD BE ENFORCED AGAINST THEM.**

The Second City Would Like to Be in Closer Touch With the Powers That Be—Mail Facilities Improving.

HILO, Aug. 18.—The Herald today has the following: "From nearly every plantation comes the report that the laborers have become surly since their contracts were cancelled in many instances they have given up work and settled in near-by towns doing principally nothing. For several years Honolulu has been infested by hordes of oriental waters who live upon fallen women; this has not reached that stage yet, but is rapidly getting there and the people ask for a remedy or a preventive. There is a vagrancy law on the statute that is almost a dead letter, whereat it was enforced to limit the towns would be rid of the looting element and the plantations would have all the workers they require. There is work and plenty of it for every Japanese who crowds into the alleged hotels on front street and some effort should be made to convince them that they are liable to prosecution unless they show some means of support. In order to obviate difficulty with the laborers many of the plantations are entering into contracts with them for growing cane on the cooperative plan and in one instance the terms are exceedingly favorable to the contractor, but even with this they do not seem anxious to enter into an agreement. As a rule the laborers were brought here for a specific purpose and they should be compelled as far as possible to live up to their part of the agreement."

The Hawaii Herald has a kick against Honolulu politics. The Herald says: "Honolulu seems to be hacking away at local politics with the regularity of clockwork. The press seems to be divided on the subject of local self-government, and the probabilities are that the opponents of the measure will win out. With everything in their own hands and an active council of state to authorize the expenditure of monies, a body which has come into existence without warrant of law, the people of Honolulu have a species of self-government that outsiders would be willing to travel miles to see. In Honolulu the defects are constantly before the heads of the government and a button is touched, and presto the scene changes, for improvements are made as required, here in Hilo the public is without a council of state and without a head of a department having authority to order repairs or improvements made. Hilo citizens marvel at the absence of the head or superintendent of the public works department during the investigation of wharf matters. It is now nearly two years since a representative of the department has been in Hilo and in the interval one bridge and a tow path have been constructed at considerable cost to the government. What this island needs is local government and the need is made stronger by the apparent indifference of the heads of departments at the capital. Hilo seldom asks for anything without receiving the merry na'ha! from those who have the power to grant it."

The postal service on Hawaii, said the Tribune, has not reached a point where island mails by an intermediate steamer may be dispatched overland the moment of arrival. On general principles the kick of a contemporary on this subject is correct, but in the particular instance referred to Mr. McKay had the Maui steam twenty-six miles additional in order that the mail might be landed at Laupahoehoe for Hilo. The steamer arrived at 2 a. m. and the mail left by regular carrier six hours later. This is a vast improvement on the old style, when a mail was occasionally landed at Pepee, Keo and brought into Hilo later by private enterprise. After January 1st the service will no doubt be as good if not better than it is on the mainland in places off the beaten paths.

Rev. Mr. Austin, pastor of the Foreign Church of Kohala, is the guest of Mr. Crusan. He will preach in the Foreign church next Sunday.

Fujihara, the man to be executed September 21, has a death watch on him at all times. He expresses himself as entirely satisfied with his surroundings and says he is well treated.

Mrs. John U. Smith succeeded Mrs. Nova Galbreath as worthy matron of the Order of Eastern Star in Hilo.

Dr. Elliot's residence, Riverside park, makes a fine improvement to that part of town.

W. S. Terry will build a modern residence on his lots near R. T. Forrest's home.

Chief Justice Frear and wife came overland from Mahukona and are guests at the Hilo hotel.

L. T. Grant and party returned from the Volcano Tuesday afternoon.

Chief Engineer Klingel of the Hilo R. Co., has gone east to remain about three months.

Rev. E. B. Hughes of Hillsboro, Ore., who was a passenger on the Falls of Clyde, has been a guest of Mr. Crusan. He preached an excellent sermon in the Foreign church last Sunday evening. On Wednesday morning Mr. Hughes started on a horseback trip around the island, expecting to be absent fifteen days. On his return he expects to visit Maui and Oahu.

The Japanese charged with assaulting the head luns at Laupahoehoe plantation have been convicted. Their sentences range from thirty days to eight-months imprisonment, with fines from \$10 to \$50. One man was bound over for trial.

Mr. Crusan was a messenger by the Kinau yesterday for Maui, where he will spend a week and then go to Honolulu, where he is to supply the pulpit of the Methodist church for several Sundays in exchange with the Rev. G. J. Pearson, D. D., who will preach in the Foreign church, Hilo.

The Japanese woman who was stab-

bed in Oahu last week Thursday night, by her husband, died on Saturday. The same saved the police the trouble of arrest by going to the nearest officer and surrendering herself. A model for all wife-killers to follow.

Says the Tribune: A. F. Linder, who was head luns at the American Sugar Company's plantation up to the time that work was suspended there, arrived in Hilo by the Kinau and leaves soon to assume the position of head luns with the Kona Sugar Company.

Miss Thedt, who has been engaged as nurse at the Hilo hospital for some months, returns to the Coast by the Falls of Clyde.

**A Minister's Good Work.**

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

**POLICY OF CONSERVATISM.**

While the Provident Savings Life has adhered to the past policy of conservatism which has commended it to the insuring public, it has, during the past two or three years, found ready favor with the public because of its progressive spirit, and will doubtless in the future expand its business in even a more surprising degree.—Financial Review. L. R. Burns, resident manager, office in new Magoon building.
