MADE THE TRIP IN FAST TIME.

AUSTRALIA DEPARTS FOR THE COAST WITH MANY PASSENGERS.

Peculiar Accident—Captain Houdlette's New Ship—Hawaiian Line Ready—New Ship Yard—Late News.

The Alcoa and Australia for San Francisco, the Kinau for Hilo and way ports, the W. G. Hall for Kauai, the British ship Halewood for the Sound and a large fleet of the Island steamers left here yesterday on their regular runs.

The Australia had a great send-off and the din of whistles that saluted her as she steamed out of the harbor was almost deafening.

The Australia got away on time yesterday. The tug Fearless helped her around and in this way saved a good deal of time for the steamer.

QUEER ACCIDENT.

SAN FRANCISCO, Aug. 24.—Seafaring men were greatly interested yesterday in the discovery made when the bark Meron went on the Spear street dry dock.

NEW LINE READY.

SAN FRANCISCO, Aug. 27.—Word has been received from New York that the American-Hawaiian Steamship Company will begin its service to Pacific coast ports and the Hawaiian Islands on September 1st with the dispatching of the steamer American from the company's pier at South Brooklyn.

FLOATING DRY DOCK.

SAN FRANCISCO, Aug. 26.—Application has been made by the Risdon Iron Works for space on the water front, near the Risdon plant, for a great floating dry dock, which is intended to be the largest of its kind on the coast and one of the best in the world.

MARIPOSA'S NEW CAPTAIN.

SAN FRANCISCO, Aug. 26.—The steamer Mariposa was released from quarantine yesterday and went to her berth at Jackson street wharf.

SPEEDY ALABAMA.

BOSTON, Aug. 25.—With a new start at the fore, signifying another victory for Cramps, the new States battleship Alabama left the harbor at 5:30 this morning as an official trial over the island.

for a distance of 6.5 knots space. When tidal allowances are prepared they will doubtless show that the latest addition to Uncle Sam's navy is the fastest battleship of her tonnage afloat.

The general opinion expressed by the naval men on the craft during her trial trip was that her average will be about 17.1 knots an hour for the four hours. The contract requirement for the ship was that she should steam sixteen knots an hour for four consecutive hours.

In addition to her display of speed the Alabama executed some curves that made the people on board open their eyes in wonder. The great craft was sent ahead at full speed with helm hard to port and described a circle which had a tactical diameter of between 700 and 800 feet, or a trifle over twice her length.

SHIPPING NOTES.

The Solace will be ready for sea tonight. The tug Eleu towed the Halewood to sea yesterday.

The Klana Hou is on the marine railway having an overhaul.

C. L. Wight and Captain McDonald of the Wilder Steamship Company departed in the Australia yesterday.

The bark Olympic from Honolulu arrived in San Francisco after a twenty-six days' passage on August 23.

Captain Sanders and his boat boys had an exciting tow to behind the Fearless yesterday from the Australia. The Keaouhu goes to Nihaun this trip to get sixteen lepers who will be brought here and sent to the settlement at Molokai.

The Australia got away on time yesterday. The tug Fearless helped her around and in this way saved a good deal of time for the steamer.

A bundle of late San Francisco papers for Captain Lawless of the Australia were put aboard the "Ferry boat" from the Hongkong Maru outside as the vessels passed yesterday.

A donkey engine for the Challenger is on the way here on the R. P. Ritbet. When the Challenger was building at the yards of Arthur Sewall, J. R. Macaulay, now pilot of this port, was engaged in work on the vessel.

The schooner Amy Turner reached San Francisco on August 26th from Hilo after a passage of thirty days, with 24,052 bags of sugar. The brig Harriet G., out thirty-one days, and the schooner Allen A., both from Mahukona, also arrived the same day.

The S. C. Allen from San Francisco brought 1,200 tons of general merchandise for T. H. Davies & Co. On deck she had thirty-seven head of horses and mules and a lot of hogs. The trip of the Allen to this port was a very uneventful one and not a sail was sighted during the whole voyage.
