THE REAL OBSTRUCTIVES.

It is easier to charge the Opposition members of the Legislature with obstructiveness and wasting of time, than to meet them squarely on the positions where they take their stand.

NOTES AND COMMENTS.

A Mrs. Blumenberg is suing the City and County of San Francisco for \$5,000 damages, for a Chinese wash-house alleged to have been burned by the hoodlum rioters in 1877.

Bass's ale can no longer be denominated peerless, for Sir Arthur Bass, the man who gained wealth and fame by it, has become a British peer under the title, "Baron Burton of Rangemore and Burton-upon-Trent."

An exchange says, "Gold bricks are to be used as the foundation for a throne to be built at San-hai for the Chinese Emperor." Now we know why the Honolulu Chinese are always on the hunt for gold to send home.

An English society is about to issue a weekly journal to be devoted to proving that this planet is not a revolving globe. Information is not to hand whether they deny the "revolving" or the "globe," or both.

The Collector at San Francisco has notified the United States Attorney that several Chinamen, some of them from Honolulu, who were detained on board the steamship City of Sydney, having presented no evidence of legal right to land, were afterward all illegally landed by virtue of writs of habeas corpus issued out of the United States District Court.

Among all the mooted possible resources of this country, it is not remembered that anything has been said of the rank and ungainly cactus. Yet "there's millions in it," according to the following item from a California paper:

A company is being formed in Mexico to work up the cactus plant. The oil is to be used for lubricating purposes, the fiber for cordage, the leaf for paper and the fruit for eating.

fruit is so juicy that it often takes the place of water for both man and beast, and some years ago, when the drought came over San Luis Potosi, thousands of cattle were saved by eating the fruit.

The Southern Pacific Railway owns a nursery for growing railway ties, near Farlington, Kansas, which is the largest artificial plantation of forest trees in North America.

French Duels.

Pistol-dueling in France is not quite so harmless as the encounter between General Boulanger and Baron de Lareinty might lead people to suppose.

TRADE POINTERS.

"Virginia Brights" is something new in cigarettes opened at the Central Cigar Stand, Merchant street.

Anything wanted for replenishment of retail stores, in provisions, groceries, leather, etc., can be found at M. W. McCheyney & Sons, who own a whole column in this paper.

This is the day for the great sale of kerosene and electric oils, 11 o'clock the hour, Brewer's wharf the place, and E. P. Adams & Co., in the person of Mr. Morgan, the auctioneers.

The Union Feed Company has the distinction of receiving the largest shipment of grain ever sent to this country. The horses alone will say naught to this assertion, but will take on muscle from the grain all the same.

If you want thorough satisfaction in fuel to keep the pot boiling, or to keep up steam for making the wheels of industry revolve, Mr. S. M. Carter's card is the most interesting part of this paper.

Charles Hustace has one of the most interesting announcements in this paper, for people who believe in using the good things of this life. You cannot miss seeing it, for our compositor is an artist, who knows how to make every patron's advertisement stand out conspicuously.

A lady trying to tell a friend what a poor appetite she had, said: "I eat very little; a flea would be a barbecue for me."

The Elite Ice Cream Parlors, H. J. Hart, Proprietor. Don't indulge in personalities to mislead the public, but offer their superior Hand-made Ice Cream, Cakes and Candies to one and all. Good quality in everything is our standard motto.

The Best Tonic.

Mr. Henry Billings, Washington, D. C., writes: "I have used your Duffy's Pure Malt Whisky for medicinal purposes. As a tonic I consider it superior to the hundreds of concoctions which are now flooding the land as stimulant liquors."
