COLONIZATION.

If colonization means anything for Hawaii it means the upbuilding of internal wealth and the development of the country's resources; it means good times in a few years, provided our colonization schemes are practical and just; it means permanent homes with home interests and simple frugality for the foundation upon which may be built citizenship that will honor the Kingdom; it means solidity, fertility and national advancement—provided it be properly carried out.

NEW CHINESE REGULATIONS.

The former regulations, relating to Chinese restriction, issued by the Minister of Foreign Affairs in March, 1884, having worked so admirably, the Minister has issued, by authority, the following set of regulations which it is supposed will work as handsomely as the others:

at any port at which he may stay more than twenty-four hours during such return journey. No. 7. The fee for the Consul's visa of each passport shall be one dollar.

A LEAK STOPPED.

Messrs. Allen & Robinson have been first in aiding with their enterprise the revival and development of our home industries. Since the completion of their new kiln near the Fish Market, they have been turning out a sufficient quantity of fine lime to supply the Honolulu market and have virtually stopped one of the leaks which was annually wasting a large amount of the revenue of our home labor in paying for imported lime.

HERR HERZ.

A friend, well posted in Australian affairs, informs us that we have a musical celebrity of a high order in our midst, in the person of Herr Julius Herz, who arrived by the last steamer from the Colonies. Professor Herz arrived in Melbourne about fifteen years ago and at once took a front place in the rank of eminent musicians in that very musical city.

Since the late rains Fort street, above Kukuhi, is so much cut up with ruts that hackmen are beginning to avoid it for the comfort of their passengers. Notice is hereby given the public that the authorities will never take steps to repair the damage—if they follow the usual course.

There is a rumor afloat which presumes to be based on fact, to the effect that within the next twenty-five days high official heads will fall and Chamber secrets be revealed. We should like to see this community startled once by having its hopes realized.

"Kind words can never die." Thanks for the many kind things said of us yesterday. It is plain that much is expected of us, and though the aim is high it is not impracticable if we are properly supported.

What rumor is this that possesses the town, that a dictatorial potentate is here that royalty and ministry dare not thwart! The Maui labor troubles are said to be but the commencement of its power.

Mortality Report.

For the month of August, 1885: The total number of deaths reported for the month of August was 40, distributed as follows:

Table with 2 columns: Age Group and Number of Deaths. Includes categories like Under 1 year, From 1 to 5, etc.

Annual death rate per 1,000 for month 28.35 J. H. BROWN, Agent Board of Health.

PROSPECTUS.

Many maintain that the day of weekly newspapers is past in Honolulu; that the people want their news and food for thought fresh with their coffee every day; and that the people are willing to pay for what they want.

The DAILY HONOLULU PRESS will be published every morning, Sunday's excepted, for the proprietors, Messrs. L. T. Valentine and Arthur Johnstone. Mr. Valentine will be the responsible business manager and Mr. Johnstone will be the responsible editor of the paper.

The editorial department will be conducted in a candid, manly and impartial manner, and while political theories and public actions will be carefully probed, and, in many cases, severely criticized, the utterances of the paper will be jealously guarded and not allowed to degenerate into abuse or personal detraction.

Our local department will contain everything of interest to the general readers of the islands and will include local notes from the other islands and general correspondence on local topics. This department will be made spicy and readable, and will, from time to time be interspersed with humorous local episodes.

The shipping department will be made full and correct and special arrangements will be made for weekly corrected lists of foreign shipping. Full shipping notes of our inter-island traffic will be given, and the interests and convenience of shippers will be carefully studied and provided for.

Our advertising department will be conducted on liberal business principles in such a manner that the ends of patrons may be reached by placing their wants and desires before a majority of the reading public. Promptness and correctness in this department will be assured. Arrangements have been made with the proprietors of the Saturday Press to carry out all unexpired advertising contracts and subscriptions, which will faithfully done.

In conclusion, the chief aim of the HONOLULU PRESS will be to foster and protect Hawaiian interests while special attention will be given to individual industries and plantation enterprises. We expect to merit the support of the community and respectfully ask the privilege of a fair trial.

TO-DAY'S ENGAGEMENTS.

Court: At Chambers, Bankruptcy of Geo Hoy, proof of claims, before McCully, J. Bankruptcy of Le Lang Wai Co., before J. Preston.

Prayer Meeting at Fort-Street and Bethel Churches at 7:30 P. M.

The bktnr Mary Winkelman, Captain Backus, arrived in port yesterday, 14 days from San Francisco, and docked alongside Brewer's wharf. Captain Backus reports having had splendid weather, with light NE trades, and from the day of leaving San Francisco, until arriving off port, never had occasion to furl a sail.

The Y. P. C. T. Union.

The Annual Meeting of the Young Peoples Christian Temperance Union was held last evening in the vestry of Fort-Street Church.

The society was organized by Mrs. Southwick (then Miss Breeze) two years ago, and has been instrumental in doing much good by training the young people in the principles of total abstinence, and the highest order of morality.

A small spread table, resembling one of Meller & Halbe's counters, was laid out at one end of the room, and the good things passed round to the juveniles and visitors, who appeared to enjoy the cake and lemonade as much as Falstaff could possibly have enjoyed his cake and ale.

A New Meat Safe.

Messrs. Williams and Mayhew have applied for a patent upon an invention which is a novelty in its way. It is an ingenious device for keeping insects out of meat safes and will be manufactured with safe, complete, or without the safe so that the ordinary four-legged safe can have the legs removed and be placed upon it.

The Tribulations of a Poi-pail.

A poi pail was riding down town the other day in a stylish carriage when the horse suddenly shied and threw the poi pail into the street. The carriage also contained several young ladies who clung to the seats. The occupants of the carriage did not miss the poor poi pail at first and left it lying in the gutter looking into the show windows of the Temple of Fashion.

Y. M. C. A. Classes.

During the heat of summer and the vacation season, the Y. M. C. A. classes have been suspended, but now that it is getting cooler and vacation is over, they are to be taken up again.

Late Fashion Items.

Round waists and wide sashes are still in favor. Long flowing sashes are as fashionable as ever.

Cotton dresses are most frequently trimmed with embroidered frilling of the same goods.

Wide ticks will be used on all dresses made of wash materials. Hamburg embroideries are preferred to lace in trimming.

The prettiest and most delicate fans are painted in soft tints with much daintiness of design, upon cream-colored gauze.

Small pins and brooches, no earrings, few finger-rings, and very slender bracelets make up the catalogue of summer jewelry for a woman of taste.
