There is no doubt whatever as to the merits of Morrow's Kid-Ne-Oids judging from the good results obtained right here in this state. Morrow's Kid-Ne-Oids are used daily by many Iowa citizens and they testify without any hesitancy about the great good they have received by the use of this great kidney preparation. Kid-Ne-Oids will positively cure kidney headache, dizziness, sleeplessness, nervousness and all urinary disorders arising from a disordered condition of the kidneys. Another citizen adds his testimony as follows:

Mr. H. R. Hunt, Linden avenue, Waterloo, Iowa, says: "I have suffered with kidney diseases with its many symptoms for years. I have used different kinds of kidney remedies, but none of them gave me relief. I suffered a great deal from pain and lameness across the small of my back. Recently I was advised to try Morrow's Kid-Ne-Oids. I took them according to directions and they have relieved me entirely of all my former troubles."

Morrow's Kid-Ne-Oids are not pills, but yellow tablets, and sell at 50 cents a box at all drug stores, and at McBride & Will Drug Company's store.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, O.

THE MUNICIPAL LEAGUE

Representatives of Iowa Towns Discuss Needed Legislation at the Des Moines Convention.

Interests of Municipal Government and How They Can be Advanced.

Public Ownership of Public Utilities—Address by a Prominent Ohioan.

Des Moines, Oct. 12.—There were about 100 members present at the first session of the State League of Iowa Municipalities at the Auditorium. The visiting delegates were welcomed to the city by Mayor MacVicar in an appropriate address. Mayor Redmond, of Cedar Rapids, an earnest advocate of municipal reforms, replied to the remarks by Mayor MacVicar, and there- after presided over the deliberations of the assembly.

Mayor Redmond presented C. E. Campbell, who, as chairman of the committee on legislation, submitted the report of that body.

One of the measures reported upon and endorsed by the convention was a bill to provide for the auditing of public funds, setting out the manner by which these depositories shall be selected, and defining the liabilities and duties of custodians of public funds in certain cases.

The first section of the bill provides that it shall be the duty of the board of supervisors, councils of cities and towns, boards of library trustees, boards of park commissioners or directors of school corporations having a school enumeration of 300 or over, to biennially publish in at least one newspaper one each week for two consecutive weeks a notice inviting sealed bids from banks located in the county, stipulating the rate of interest that such banks will agree to pay for the use of public funds confided to the custody of the treasurer or trustees mentioned, and naming the sureties in case the proposal is accepted. The purpose of the bill is to secure to the public the interest accruing upon public monies, instead of diverting the interest, as has long been the case, to private pockets.

A bill empowering the city council to prescribe reasonable rules and regulations governing the construction, maintenance and operation of street railways, and to regulate the rates of fare to be charged, and providing that this power may not be abridged by ordinance, resolution or contract, was presented and given the approval of the convention.

The only effect of the bill will be to place street railway companies on the same plane before the law as any water and gas companies; that is, it gives to the city council the authority to regulate and control them.

The principal address of the afternoon was that of Hon. Edward Kibler, of Columbus, an able work of the Ohio code commission, of which he is a member. It was very lengthy and strongly for municipal ownership. Frequently the sentiments created a burst of applause, as he said: "Any alderman voting for illegal expenditure must pay it back," and he officially said that he would pay their just debts; a city should be garnished as well as individuals.

Among other things he said: "The Ohio municipal code, commission believes that the municipalities of Ohio, or at least the larger cities, should own and operate their own water works, gas works, electric plants, sewerage farms, telephone systems, power plants, street railways and all other natural monopolies of public service; and that these should no longer be committed into the hands of private individuals or corporations, and he believes that the control of the municipal machinery by party politics is the sole barrier in the way of safely committing these public services to the management and control of the municipalities themselves, to be conducted solely in the interest of the general public."

"If the four cardinal features upon which our bill is based, viz: Local self government, the total separation of the legislative and administrative function of municipal officers, a compulsory merit system of appointments to fill all minor positions and determining official tenure, and a non-partisan body, will not have the effect of stimulating in the masses of the people a greater interest in the details of municipal government, will not render them more exacting and restless in the condemnation of mismanagement, incapacity and unfaithfulness of public servants, will not bring about the management of municipal affairs by better men, with better methods and in the interest of the whole people, and will not visit with unmeasured condemnation the prostitution of public interests to private or political ends, then we may say that popular government is a dream."

J. C. Walker has bought the residence formerly belonging to Mrs. E. Hubbard, Fifth avenue. The price is said to be \$3,500.

Breakfast was served this morning in the Chapin House, being the first meal under the new owners.

Mr. and Mrs. W. S. Robie returned last night from Maine and New England, where they have been some months.

The Chester mail route at the time for leaving has been changed. Instead of leaving Sheridan in the morning at 6:30 it now leaves Grinnell at 11 a. m., reaching Sheridan at 2 p. m. and returning to Grinnell at 6 p. m. The change was made in order that the route agent, Mr. Sweeney, could be in Grinnell over night instead of at Sheridan.

Stambaugh Rock. Special to Times-Republican. Stambaugh Rock, Oct. 12.—Mr. E. P. Face, of Des Moines, was here on business Wednesday.

On Wednesday occurred the wedding of John Williams, of this place, to Miss Jessie Green, of Wyoming, Ia., at the home of the bride's parents. They will visit her sister, who is teaching school in the northern part of this state, on Friday, and will return the fore part of next week and commence housekeeping at Mr. Williams' father's farm, west of town.

Ames' 20-yard line and downed. After two down Ames punted. Simpson broke through Ames' line three times in succession, then on second five yards Ames took the ball on a fumble. Another fumble and Griffith made a 50-yard run and goal, the outsider managing to get in the way of the runners. Ames kicked goal. Score, 12 to 0.

Third—At second down Fritzel made a 25-yard sprint around Simpson's end. Simpson then held Ames and a fake that looked like Ames' goal was very prettily blocked by Spurgeon breaking Ames' interference. Here time was called on Simpson 40-yard line.

SECOND HALF. Ames kicked and ball was caught by Reed, who advanced it 20 yards. Dean smashed Ames center for 3 yards. Hancock around 1 and 4 yards. Then Simpson smashed Ames line three more times in success and on a 4 1/2 yard line Reid punted. Main made 10 yards by a trick pass. Fritzel broke around the end, but was neatly tackled by Spurgeon. S. Martin, of Simpson, then blocked two close formations. Spurgeon took the ball, but was downed by Fritzel at 2 yards. LeClere then made 3 yards and Ames touched down on three close formations. Ames kicked goal. Score, 18 to 0.

Dean kicked short and on first down Fritzel made 7 yards. Ames smashed for 4 yards. Ball went to Simpson on a fumble. Simpson smashed and gained until the ball was near the center of the field and Reid punted on second down. Time was called with the ball on Ames 30-yard line. Score, 18 to 0.

Ames won on two fakes and an earned down. Fritzel did splendid work as did also Capt. Griffith. Spurgeon's tackling was the feature of the game. Dean was a human eel in getting through the close formation. Interference and tackling the number. The game was clean and hard fought, Simpson lacking in variety of plays, but making up in persistent smashing. Simpson's line was greatly weakened from last Saturday's game, but all were satisfied with the clean exhibition of football shown. Not a man was hurt.

THE GRINNELL NEWS.

C. E. Alby's Condition—An Interesting Suit in District Court. Special to Times-Republican. Grinnell, Oct. 12.—C. E. Alby, who got a severe fall from the gallery of the Preston opera house down to the auditorium a couple of weeks ago, was down town yesterday. He carries his left arm in a sling and is otherwise bruised. He will not resume business for some days yet.

Mrs. Coakley has sold her house on Second avenue to Mr. Johnson, bricklayer for the Rock Island railway.

The college weather bureau announces a thirty-six one-hundredth inches of rain Tuesday night.

L. W. Skeels went to Richland, Keokuk county, yesterday, where his old regiment—the Fort-fifth Iowa—is to hold a reunion this week.

R. M. Haines went to Oskaloosa yesterday.

Rev. Mr. Corley shipped his household effects yesterday, their destination being West Liberty.

Mike Humphrey left last evening for his home in Kansas after a three or four weeks' visit among relatives in this vicinity. Mr. Humphrey fought two years in the Mexican war, for his Indian and the western plains and served four years in the union army during the rebellion. He is in receipt of \$30 per month pension.

Mr. Francis Fischer Powers, of New York, gave a song recital last evening before a rather small audience. His recital was a wonderful voice and he elicited generous applause by each song.

A. F. Sweeney, while driving cattle Monday night, had occasion to ride at the side of the road where he came against a wire used to brace an electric light pole. He was thrown from his horse by the contact, the wire catching him in the face. His face was badly cut and he was rendered unconscious for a time. The accident occurred in the eastern portion of the city.

Hog cholera seems to be spreading. J. B. Porter's herd is afflicted with the disease and his neighbors are in the same trouble.

One case that will come before the district court at the next term promises to be interesting. J. L. Early, of Malcom, sues Melvin Sadtler for alienating the affections of his wife and thinks he has been damaged about \$2,000 worth. Sadtler is an attorney at law in Grinnell and it is not known if he has any other business in the city.

It seems that Sadtler's visits were mostly made when Early was away from home.

J. C. Walker has bought the residence formerly belonging to Mrs. E. Hubbard, Fifth avenue. The price is said to be \$3,500.

New York Produce. New York, Oct. 12. Wheat—77 1/2. Corn—December, 39 1/2. Oats—Nominal. Butter—Steady; 17 1/2@17. Eggs—Weak; 15 1/2@16.

Peoria Produce. Peoria, Oct. 12. Corn—Firm; No. 2, 30 1/2. Oats—Higher; No. 3 white, 23 1/2@24.

Market Gossip. Chicago, Oct. 12.—Lyon's estimated receipts for today are: Wheat, 175 cars; corn, 485 cars; oats, 215 cars. Hog estimates, 31,000 head.

The government estimates the barley crop at 72,000,000 bushels, compared with 57,782,000 bushels last year. The October report suggests 21,500,000 bushels of rye, compared with 25,557,000 bushels last year.

The English grain trade evidently has in mind the wild wheat flurry that followed the Spanish-American war. The Englishmen started yesterday for cash corn and wheat on this side, and the business closed making an imposing total. Lohrke, whose figures are always within the limit, put the wheat sales at the seaboard at seventy-three loads, or almost 600,000 bushels. Haarsick, of St. Louis, reported 275 loads, or about 2,200,000 bushels. Kansas City reported 100,000 bushels sold there. This made an aggregate of almost 1,000,000 bushels wheat for the day, all of it presumably inspired by the war crisis in South Africa.

The corn business was even more extensive. The Englishmen were very active, but the business at the seaboard at 170 loads of corn, equivalent to almost 1,500,000 bushels. A single Baltimore firm took 500,000 bushels of corn at the river. Sharters here were for about 400,000 bushels. Business from here, exclusive of the 500,000 bushels done west, was about 500,000 bushels. All in all it was the biggest day for the cash grain people in months, and it was not remarkable that the speculative shorts were disconcerted by the figures.

In the "curb" last night December wheat was firmer at 75 3/4@76. The world's visible supply of wheat showed for the week an increase of 5,022,000 bushels. The available corn east of the Rockies, according to Braden High street, increased 2,232,000 bushels, and the contract oats decreased 322,000 bushels.

The contract stock of grain in public houses showed for the week an increase in wheat of 92,000 bushels, an increase in corn of 272,000 bushels and an increase in oats of 78,000 bushels. The contract stocks now include 232,000 bushels No. 2 red wheat and 6,320,000 bushels No. 1 northern wheat—6,512,000 bushels contract wheat in all. The contract corn aggregates 4,901,000 bushels, and the contract oats aggregate 927,000 bushels.

Local Markets. The following prices quoted are as nearly correct as it is possible to obtain. The quotations are for prices paid by dealers, corrected Thursday afternoon.

GRAIN AND FEED. W. H. Sloppy reports the following prices: Wheat—50@57. Corn—24 1/2. Rye—47. Hay—Tame, 9.50; wild, 8.50. Timothy—\$5.00. Clover—4.00.

CORN. The Glucose Sugar Refining Company quotes a price of 25 1/2 cents per bushel for corn of No. 3 grade and better.

LIVE STOCK. Receipts today, nominal. Brittain & Co. is paying the following prices for hogs in wagon load lots: Selected light, 140 to 250 pounds, 4.00. Selected mixed, 250 to 300 pounds, 3.85. Selected heavy, over 300 pounds, 3.75. Coarse and rough, 50 cents less than the above prices.

Stags and piggy sows graded according to quality after reduction. Rough includes thin old sows, milked bellies and hogs unfit for packing. Premium hogs must be smooth and fairly well fattened.

All hogs subject to government inspection. PROVISIONS. Marshalltown grocers quote the following prices for country produce: New Potatoes—20 cents per bushel. Beans—1.50 per bushel in trade. Eggs—14@15 cents in trade. Butter—Dairy, 19 cents in trade. Apples—Home grown, 60@75 cents per bushel.

POULTRY. Spring Chickens—7 cents per pound. Turkeys—6@7 cents. Ducks—6 cents. HIDES, TALLOW AND WOOL. H. Willard, Sons & Co. are paying the following prices: No. 1 Green Hides—6 cents. No. 2 Green Hides—5 cents. Pelts—25@70 cents. Horse Hides—1.50@2.00. No. 1 Calf Tallow—3 1/2 cents. Rough Fat—Per pound, 1 cent. Wool—12@17 cents.

WEDDING AT GRUNDY CENTER. Miss Jessie Keptord, of Grundy Center, married Mr. A. Lelloy Ricker, of Grinnell, Iowa, Tuesday evening.

Special to Times-Republican. Grundy Center, Oct. 12.—A wedding of unusual interest was solemnized in this city last evening at 7:30 o'clock at the home of Mr. and Mrs. David Keptord, old residents of this place, who gave in marriage the hand of their daughter, Miss Jessie Keptord, to Mr. A. Lelloy Ricker, of Grinnell. Although small, the wedding was a very pretty one, the ring service being used. The guests present included only the more intimate friends of the bride and her family, and the relatives of both the bride and groom.

Miss Keptord is a very serious and excellent character, prominent in both social and church circles, and considered by all as one of Grundy Center's fairest daughters. Mr. Ricker formerly resided here, but in recent years has made his home in Grinnell, where he was a student of Iowa College. At present he is head salesman for Morrison, McIntosh & Co., glove manufacturers, of Grinnell. Mr. and Mrs. Ricker left for the north shortly after their marriage, where they will remain on a brief honeymoon. They will live in Grinnell. Several were present at the wedding from out of the city.

Wedding at Albion. Special to Times-Republican. Albion, Oct. 12.—At the home of the bride's parents, Mr. and Mrs. L. S. Gants, two miles northeast of this place, occurred the marriage of Miss Birdie Gants to Mr. Lewis Marsh, youngest son of Mr. and Mrs. O. R. Marsh, residing four miles northeast. Both the families of the bride and groom are well known in this vicinity and the contracting parties are excellent young people. Mr. Marsh is learning the jewelry business and contemplates starting up in business in Union next spring.

A PASTOR INSTALLED. Rev. Hugh McIninch Takes Charge of Presbyterian Church at Ackley. Special to Times-Republican. Ackley, Oct. 12.—An important event in the circles of Ackley Presbyterians occurred last night when Rev. Hugh McIninch, until recently of the Red Oak church here, was installed as pastor of the church here. The services were very impressive and were largely attended. Rev. F. W. Russell, of Marshalltown, preached the installation sermon. Rev. A. E. Kiser, of State Center, charged the pastor, while Rev. L. M. Beebe, of Aplington, charged the people. Rev. McIninch succeeds Rev. George Earhart, who has been pastor here for the past twenty-five years.

DYNAMITE IN A LOG. Strange Accident at Fort Dodge by Which Rev. Loves His Thumb. Special to Times-Republican. Fort Dodge, Oct. 12.—Harry Shoglund, an 11-year-old boy, lost a thumb on his left hand by a dynamite explosion this morning. He was chopping a piece of old log when the ax struck a charge of dynamite and his thumb near the ax was blown off by the force of the explosion. How the dynamite came to be in the log is a mystery.

INSANE MAJOR. Change of Food Cured Him. What a determined and intelligent wife can accomplish is well shown in the experience of a certain retired major of the civil war and his estimable wife. For obvious reasons the name and exact address of the major is withheld, but the facts are given by his cousin, a well-known lady of Marion, O.

Without apparent cause, but coming on gradually, the major lost his mind, and some of the most eminent specialists in brain and nervous diseases stated that he would never recover, strongly recommending the wife to place him in an asylum, although confident he would live only a few months.

Being a woman of much strength of character, she refused to incarcerate him, but on the contrary took him to a cottage along the shores of a little lake for the summer, and devoted herself entirely to the case, studied him carefully and especially applied herself to the preparation of food and drink, gradually eliminating what was harmful and substituting nutritious and properly selected articles, with the startling result that in about six months he was an absolutely sane man, and in a year was healthier than he had ever been in his life.

She recites that the chief agency in his return to health was Postum Cereal Food Coffee, for from the moment she began using that article in place of coffee he improved in a marked degree. At one time she left off Postum and allowed him to use ordinary coffee, and he had a quick, and serious backset. Referring to Postum she says: "I now use nothing else and am most enthusiastic in their faith in its health-giving qualities, and naturally make many converts among their friends."

The relator adds: "At first we thought Postum was flat and tasteless, but after following the directions exactly and boiling it twenty minutes, we secured a richness equal to the best Mocha and Java, and enjoy it greatly. I have lost that heavy, depressed feeling that obtained formerly, and my children are growing fat on Postum." The lady regrets that her name be omitted from publication. The name, however, will be given by letter upon application to the Postum Cereal Company, Limited, at Battle Creek, Mich.
