SHARKEY ISSUES DEFIANT

Posts Forfeit of \$5,000 For a Second Fight With Jim Jeffries.

His Friends Believe That the Champion Will Refuse to Accept Challenge.

Receipts From Recent Fight Amount To \$66,843—How It is Divided.

New York, Nov. 7.—Tom O'Rourke, on behalf of Tom Sharkey, has posted a forfeit of \$5,000 with George Considine to bind articles of agreement for a second fight with Jim Jeffries.

Sharkey was about town yesterday and did not seem to suffer so much from his injuries as on the previous day. He was examined by Dr. Francis E. Butler.

Jeffries has rounded up nicely and the offer of the punishment received in his bout with Sharkey is rapidly passing away.

Jeffries is also one of the stars in the Koster & Bial cast. Jeffries has little to say about Sharkey's challenge and it is probable that he will pay no attention to the sailor's def until he is prepared to enter the ring.

"I have defeated Sharkey twice," said he yesterday, "and I see no reason why I should give him another match. I thoroughly convinced him that I was his man, and he will be ready to fight before he forgets the whipping I gave him."

Jeffries will receive the percentage of Friday night's receipts. Jeffries' share of the receipts will amount to \$32,423, while Sharkey will have to be satisfied with \$11,141 for the beating he received.

helm, Germany, regarding the manufacture of artificial coal. He states that George Mantague, the inventor, has applied for letters patent in a number of states and adds: "He claims that all sorts of earth may be used for this substitute, with the exception of sand and gravel. Certain ingredients are mixed with the earth and worked into a homogeneous mass for the purpose of making it inflammable. These ingredients are the inventor's secret. They take the place and produce the effects of the bitumen of the mineral article and must be substances of quick ignition and combustibility, such as pitch, resin or naphtha. The artificial coal is pressed into bricks. They are hard and brittle and ignite readily and burn briskly. The price of the artificial coal is one-third that of pit coal."

Postal Service's Big Deficit. Falls to Pay Expenses in the Last Year by More Than \$6,000,000.

Washington, D. C., Nov. 7.—The auditor for the post office department in his annual report shows that during the last year the number of postoffices in the United States increased from 72,976 to 74,384. The number of domestic money orders issued increased from 27,798,078, representing \$101,113,717, to 29,973,370, representing \$113,453,454.

A statement is given which shows that the money-order system was conducted at a loss to the government of approximately \$105,106, which fact, the auditor says, would suggest the exercise of great care in legislating for the employment of new financial features in the post office.

THE VOTERS' VERDICT. (Continued From First Page.) a good vote is being polled in towns, but in the country precincts the vote is light.

ABERDEEN, S. D., Nov. 7.—Perfect weather kept the voters at home in both city and country. The vote will be light. Chairman Herried, of the republican state committee, is receiving very encouraging reports from the state and claims at least a 5,000 majority for the lowest candidate.

KANSAS. Topeka, Kas., Nov. 7.—Election day is clear and pleasant. The election is for county officers and little interest is manifested.

LOUISIANA. New Orleans, Nov. 7.—A full municipal ticket is being voted for. The weather is clear and pleasant and the prospect is for a large vote.

MICHIGAN. Detroit, Nov. 7.—The weather conditions are perfect. All the indications are for an average vote at the municipal election. Both sides appear confident.

WAYS OF WOMEN. When a girl begins to talk about her soul, it makes you think that her stomach is out of order.—New York Telegram. A Kansas woman in Boone county has managed a 450 acre farm for ten years and has saved \$20,000. This is printed merely to show what a woman can do when not handicapped with a husband.—Denver Post.

THE TRUST QUESTION. Following the example of diamonds, beef and other valuable things, eggs are now rising rapidly in the scale of prices. Can it be possible that a hen trust has been organized in Chicago News. An indiscriminate war upon corporations because some corporations have formed trusts is madness. What sort of a state would Indiana be today without a railroad? Yet, without corporations, it would have been impossible to build five miles of railroad.—Indianapolis Journal.

ANIMAL ODDITIES. After an ant battle victors will often be seen running about with the head of a dead ant fastened by its mandibles to their legs or bellies. The Argentine locust has a habit of moving forward like an army in line and gathering together in bunches instead of scattering like true grasshoppers. A veterinary surgeon of Fairbairn, S. D., has a novelty in the shape of a wonderful pacing dog. So far as is known this is the only instance on record of a pacing dog, though a trotting dog is not unheard of.

OUR AUTHORITY FOR IT! DO WE HANDLE LOWER VEIN COAL? READ. W. D. JOHNSON & CO. COAL CO. H. H. CANFIELD, MANAGER. Boonsboro, Iowa, Aug. 31, 1878. Dear Sir:—In reply to your favor of this date, we will say that for us to claim that we have the best coal, will have but little weight unless the consumer has tried it. Every operator in Boone county, who is operating the oldest mine in Boone county, the "Old Reliable Logan & Canfield Mine," our lower vein coal needs no further endorsement. We hereby appoint you as agent to sell our coal in Marshalltown, Iowa. Very respectfully, W. D. JOHNSON & CO. COAL CO. T. N. CANFIELD, Sec'y.

EVERY MAN IN AMERICA. Would have his clothes made to measure if he fully realized how much more comfort, more style and more money's worth he gets when he buys his garments that way. It isn't odd that a man who has once worn a made-to-measure suit hardly ever goes back to a ready made. HOPKINS, THE POPULAR TAILOR, TREMONT BLOCK.
