Big Battle Expected at Bamban Where the Enemy is Strongly Entrenched.

Election Results Relied on to Give the Rebels a Severe Set-back.

Manila, Nov. 9.—It is expected that the big battle of the campaign against the forces of Aguinaldo, which is now beginning, will take place at Bamban, on the Rio Parua, a little distance from Malabacat. It is known that strong intrenchments have been built on the north bank of this deep river and the bridge has been broken down. The town is on the railroad and in direct line of Gen. MacArthur's advance from Malabacat, which Gen. MacArthur now occupies, having reached that city yesterday.

The troops now occupying Malabacat are the Ninth, Twelfth and Thirtieth infantry, two troops of cavalry and two platoons of artillery. The Seventeenth infantry is stationed east of Malabacat on the road to Malagalag. Gen. MacArthur is resting his troops preparatory to an advance on the insurgents' strong position at Bamban.

The insurgents have shown considerable aggressiveness of late. A force of 300 yesterday attacked Gen. Young near Cabanatuan, but they were repulsed there. Gen. MacArthur is now moving his troops preparatory to an advance on the insurgents' strong position at Bamban.

Everything now seems in readiness for carrying out the plan of driving the insurgents out of the valley from the Gulf of Lingayen south to the present line of the American forces. The situation here is now more hopeful than it has been since the capture of the Rio Grande bridge last April. All persons here join in the hope that peace is not far away.

In Manila predictions are freely made that the organized army of the insurgents will be entirely disintegrated by the general movement now beginning, and that Gen. MacArthur, Lawton and Wheaton, by their operations on three sides of the richest valley now held by Aguinaldo, will scatter the insurgents to the hills as fugitives, without supplies and without hope for further organized resistance to the Americans.

**THE GRINNELL NEWS.**

Poweshiek County Vote Contains Some Surprises—Locals. Special to Times-Republican. Grinnell, Nov. 9.—The vote in Poweshiek county contained some surprises to about everybody. Arthur, whom many shrewd politicians expected would be elected, was beaten by 353 majority, while Platt, democratic candidate for supervisor, whom his most sanguine supporters did not think could be elected, received 1,867 votes against 1,309, or only forty-two votes less than Arthur. The returns are in for the county with the exception of a few precincts, which have failed to report the vote on surveyor and coroner. On county officers the vote was as follows, with the exception noted; the totals are for representative: Lyman, republican, 2,278; Tucker, democrat, 1,957; Lyman's majority, 321. For treasurer—Test, republican, 2,282; Arthur, democrat, 1,999; Vest's majority, 333. Sheriff—Binegar, republican, 2,627; Hafkey, democrat, 1,831; Binegar's majority, 1,096. Superintendent of schools—Miss Schell, republican, 2,489; Lindsey, democrat, 1,622; Miss Schell's majority, 857. Coroner—Bliss, republican, 1,491; Democrat, 923; Bliss' majority, 568. Surveyor—Buck, republican, 1,519; no opposition. Supervisor—Moler, republican, 2,280; Platt, democrat, 1,867; Moler's majority, 413. The First ward of Grinnell, the ward most strongly republican, gave a small majority to the republican, as also did the Third ward, which has the greatest democratic vote, according to the whole number.

Ben Bateham's new barber shop is nearly completed. The plastering is finished and the building will be ready next week for occupancy. Workmen are already making the alterations on the old postoffice building for the use of McIntosh. The outside wall under the large window is being removed in order that the window may reach to the floor instead of part of the way, as now.

William Sage took his departure from town, concluding that flight was better and easier than paying \$1,235.

**MYSTERY IN ANDREWS' DEATH.**

Claim That He Was Drowned is Doubled—Once Lived in Chicago. Sioux City, Nov. 9.—A mystery regarding the alleged death of Albert Charles Andrews, formerly of 3851 Aldine place, Chicago, has come to light through the quiet investigation being made here as to the authenticity of a deposition presented by the supposed widow in claiming a share of a large estate which has been left to Andrews in England. The deposition, which is made by R. McPheeters of Iowa, Ia., asserts that he and Andrews were crossing the Missouri river from Sioux City to Covington Dec. 18, 1897, and that the ice broke and both fell in, Andrews being drowned.

Detectives have found that the ice on the river was very thick at that date, the previous day being the coldest day for ten years previous and no record is found of the drowning of a man on that day, although it was known to many people, according to the deposition.

**Election at Reinbeck.** Special to Times-Republican. Reinbeck, Nov. 9.—Election passed off quietly here, but with the largest vote ever polled, 458 ballots being cast. The head of the ticket, F. G. 23 democratic majority. The largest majority was for county treasurer, which was 243. The smallest majority was 3, for township trustee. All majorities were democratic. Mr. Horsman, of this place, the democratic candidate for county treasurer, lacked but 17 votes being elected. It is reported that all the republican candidates in the county are elected but that of sheriff, and the democratic candidate won that by a majority of 1.

Deacon George Stewart, senior deacon of the Congregational church, died Tuesday morning of this week. He was a man who stood very high in the community. The funeral services were held in the Congregational church on Wednesday, at which time his pastor preached an able discourse, other pastors assisting. The body was taken to Teeds Grove, in Clinton county, for interment.

A very much needed rain fell on election day.

**Where Democrats Won.** Special to Times-Republican. Logan, Nov. 9.—The election here Tuesday resulted in the defeat of the entire county ticket, not a man getting in on the republican side. The state ticket, however, won by 190 majority. There were republican gains in almost every precinct, but the democrats got out enough of their last year stay-at-home vote to more than offset the republican increases. Last year the county gave 158 republican majority on the state ticket and elected every officer. Rapp, the candidate for superintendent of schools, had the strongest lead of any on the republican ticket.

**Hardin County's Record.** Special to Times-Republican. Eldora, Nov. 9.—Complete returns from every precinct in this (Hardin) county gives Shaw 2,339 and White 816. Shaw's majority is 1,524. Atwood received 161, Heacock 1. Lloyd and Kremer each received two. This is a republican gain for Shaw of 234 over two years ago, and a falling off in the prohibition vote in the county of 20. All of the county officials ran well up to or ahead of the ticket. Two years ago Shaw received 2,620 and White received 1,358 which indicates that for this year there were 230 stay-at-home republicans and 322 stay-at-home democrats.

**Lucas County Returns.** Special to Times-Republican. Chariton, Nov. 9.—Complete returns from Lucas county give Shaw 1,631; White, 1,150; Awtoid, 109. Remainder of the state ticket about the same. For senator Mardis, republican, 1,709; Dewey, democrat, 1,145; Greenlee, prohibition, 107. For representative, Hesselquist, republican, 1,665; Stuart, democrat, 1,225. The remainder of the republican county ticket was elected by reduced majorities, owing to local causes. Both senator and representative will vote for Gear for United States senator.

**Grain Letter.** Chicago, Nov. 9.—Holders of December wheat are seemingly waiting for something to develop for their benefit and cause a sharp upturn in the price. With a world's visible of 191,000,000 bushels, showing an increase of 28,000,000 bushels during October, and the market lacking in support both for cash and speculative demand, we fail to see a foundation for much encouragement. It is our opinion that there may be artificial rallies turned up at any time after such a serious decline, but it is questionable if it is good business judgment to form a basis for values on something foreign to the natural influences that are always potential in price making. The speculative influence for the day was nil. Holders of note were buyers at 11.

and the local crowd not aggressive sellers. One weak feature continues to be a lack of large short interest. The bears are generally inclined to let its own weight adjust prices and then begin. No liquidation for scattered account yet. The position of corn is so strong it helps wheat. Buy corn on all declines. If they come so much the better.

**Local Markets.** The following prices quoted are as nearly correct as it is possible to obtain. The quotations are for prices paid by dealers, corrected Thursday afternoon.

**CORN.** The Glucose Sugar Refining Company quotes a price of 25 1/2 cents per bushel for corn of No. 3 grade and better and 23 cents for dry, sound, new corn.

**German Factories Com'n.** Washington, Nov. 9.—German papers discuss and copiously comment on the late news that the firm of Bruhms Soelke, of Gera, one of the largest textile manufacturing concerns in Germany, is about to establish a factory and branch house in the United States. It is confidently expected that this enterprise will be as successful as those of the firms which recently established branches in Passaic, N. J. These German ventures in the United States have been profitable. A report is now current that manufacturers of Gera have formed a syndicate aiming at the erection of new worsted textile factories in the United States.

News also comes from Rhenish Prussia that the manufacturers of silk and woolen textiles there purpose to erect a large factory in the United States. The straits in which this German industry has been placed by the partial shutting off of the important American market, owing to the working of the tariff, has necessitated this new departure.

This truth is better known and more keenly felt by the Congregational manufacturing circles and their organs of the press than by American people. The firm is now incorporated as a regular part of the railroad companies' transfer system and is authorized to issue claim checks for baggage just the same as a railroad. All calls should be left at the barn. Safe delivery of baggage is insured. All employees are uniformed.

**Automobile Trust.** New York, Nov. 9.—W. K. Vanderbilt is reported to be the chief factor in the \$75,000,000 automobile trust. It will be called the Anglo-American Vehicle Company, and it is said Francis D. Carley of 20 Broad street will be president. The members have been holding conferences, and now it is proposed to form a still more gigantic trust to include the \$75,000,000 one, and take in all other independent concerns here and abroad.

**Death of Hon. William Walker.** Exira, Nov. 9.—Hon. William Walker, one of the oldest settlers of this county, and a man prominent in business and social circles, having a large farm on the Troublesome, died here Tuesday afternoon at 4 o'clock. He will be buried this afternoon by the Masonic order of this city, he being a Knight Templar.
