Washington, Sept. 28.—The annual report of the commissioner of pensions for the year ending June 30, 1902, shows there are 37,364 pensioners in Iowa receiving pensions aggregating \$5,404,366. Pensions were granted Saturday as follows: Widows, minors and dependent relatives—Minors of William W. Patterson, Council Bluffs, \$12; Catherine Young, Nevada, \$3; Emily E. Maxwell, Volga, \$12. Enlisted the Other Boy. Johnny—Why? You are stronger than he is, you have a better home, more toys and more pocket money. Johnny—Yes, I know, but he can wiggle his ears.—Men of Tomorrow.

CAUSED A SENSATION. Arrest of Dentist Eads and Wife at Council Bluffs Was Great Surprise. BOTH HAVE MADE CONFESSIONS. Counterfeiting Tools Found in the Office of the Dentist—Woman Passes Her Coins in South Omaha and Her Arrest Follows—Makes Confession and Husband is Taken to Jail.

Special to Times-Republican. Council Bluffs, Sept. 28.—The arrest of George L. Eads, the dentist, and his wife, for the crime of counterfeiting is the sensation of the hour here. Eads has been practicing his profession here for two years and has been prominent in society. Sunday afternoon Mrs. Eads went to South Omaha and made a purchase of a few cents at one store, tendering in payment a \$5 gold piece. She went to another store and there tendered another piece of the same denomination. The clerk detected that the coin was not good, and called the manager of the store into consultation, with the result that she was placed under arrest, charged with passing counterfeit money.

At the city jail she was searched by the matron and in her pocket book was found three other coins of the same denomination and mintage. She was pressed for an explanation and readily confessed. She stated that her husband was a dentist in this city, that she had the money and forced her to pass it. This information was communicated to the police of this city, and they soon had Eads in the toils. He was arrested at his home, his office was also in the same building, and was taken to the city jail, and with him his two-year-old child. When confronted with the fact of his wife's arrest and her confession he made a partial confession to having been engaged in the business. He said he presumed she was in a tight place and that he would have to spend at least ten years in the penitentiary. The hardest thing for him seemed when the police took his child from him to deliver it to its mother in South Omaha. He broke down and cried like a child and said: "I presume that the next time I get so little innocent and am at liberty to go as a free man she will be a woman and hate me for this crime." He readily gave his consent for the police to search his home without going thru the formality of getting out a search warrant. Chief Tibbets, Detective Callaghan and Secret Service Officer Webb went to the residence at 6 o'clock last night and in the search found a number of tools, gold molds that had been used a few times each and then broken into a thousand pieces.

Eads is very much downcast about the incident and stated that he had been in Council Bluffs about two years, that he came here from Cedar Rapids, and that his widowed mother lives there. The case is considered such a strong one by the police and the secret service officers that it seems certain that both husband and wife are sure of a long sentence. FRESH BANK NOTES. Dike Only Two Years Old and Its Bank Notes Are Aged. Waterloo, Sept. 28.—A good sized roll of crisp new bank notes, issued by the First National Bank of Dike, was received in this city this morning. It is not an unusual thing for a newspaper man to see bank notes that he has a banker friend who will allow him to look thru the bank gratings, but it is rare indeed to have a bank in so young and small a town issue them from a national bank. The notes are signed by Hans J. Boyesen, as president, and M. A. Buchan, as cashier. The bank is capitalized at \$25,000, and has the rare distinction of having been organized practically before there was any town there. It will be remembered that the sale of lots for Dike was in May, 1900. In August following, before there was scarcely any tangible town present, the bank was organized. Ever since that date, both bank and town have grown like mushrooms. Business houses went up as if by magic, and it was but a few months before the hum and din of industry was heard in the land. Located in an exceptionally rich agricultural locality, all lines of business prospered, and the bank has been a busy place from the beginning.

HENDERSHOTT CASE. Burlington Man on Trial for Killing Special to Times-Republican. Burlington, Sept. 28.—The famous Hendershott murder trial will open in the district court Monday. There seems to be no doubt that the jury will find the prisoner guilty, as there are several eye witnesses to the crime and the accused has time and again admitted that he committed the deed. However, Frank E. Thompson, the attorney for the defense, hopes to show that there are mitigating circumstances. It is also rumored that an attempt will be made to show temporary insanity. However, Mr. Thompson refuses to make known his line of defense. The crime with which John Hendershott is charged is the murder of "Dr. W. Trent," a fellow prisoner in the county jail. The murder was committed on the evening of Sunday, June 29, at about 9 o'clock. The prisoners, by means of "kangaroo court" sessions had sentenced Hendershott to be whipped and the colored man Trent had secured a razor that Turney Cronin had permitted the colored man to keep. Approaching Trent from behind, the young white man seized him and cut his throat from ear to ear. The colored man died in a few moments. NO WATER IN OTTUMWA. Water Supply Will Cut the City Off Unless Temporary Contract is Made Which the Council Refuses to Make. Special to Times-Republican. Ottumwa, Sept. 28.—The city water supply company today made a demand on the city officials to make a temporary contract or it would shut off the water supply Wednesday night. Its franchise expired at midnight. The council today refused to do so and this means that Ottumwa will be without fire protection within three days. SEVENTH IOWA INFANTRY. Biennial Reunion of the Regiment to Be Held in Ottumwa. Ottumwa, Sept. 28.—One of the earliest regiments to organize, the Seventh Iowa Infantry, will hold its biennial reunion in this city Oct. 15 and 16. This reunion was held at Oskaloosa two years ago and was a decided success. This year the officers anticipate a most successful meeting and are already making great preparations for the event. The program for the two days is as follows: 9:30 a. m.—Address, Rev. W. O. Carlier, D. D., Chicago, Ill.; presbytery business; report of committee on revision of permanent committee; final report of committee on twentieth century fund; Rev. R. R. Special to Times-Republican. Cedar Rapids, Sept. 28.—The state convention of the Iowa Christian Endeavor will be held in this city October 10-12. Plans are being rapidly completed. Over 500 delegates are expected and the entertainment committee is at work soliciting places of entertainment as they will be expected to furnish lodging and breakfast for all who come. The Western Passenger association has declared a rate of a fare and a third for the round trip from any point in the state, on the Clarifate plan. One of the greatest local attractions at the convention will be the music which will be under the direction of Mr. Finley Lyon, who is drilling two large choruses to sing at the evening sessions. The male chorus consists of one hundred voices, while the mixed chorus will number about three hundred. The people of Cedar Rapids, as well as those who attend the convention from other towns, will be interested in noting that Rev. Francis E. Clark, D. D., of Boston, president of the United Society of Christian Endeavor will be here and address the convention several times. Rev. H. Gregg, D. D., of St. Louis, who stands high as a bible student, and Mr. Dan F. Bradley, the new president of Iowa college, appears on the program. Typhoon Over Yokohama. Yokohama, Sept. 28.—A severe typhoon swept over Yokohama today. Several steamers were driven ashore. It is feared there were many fatalities among the fishermen. BRIGHTS DISEASE and Diabetes. They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports. B. A. Morgan, Sole agent for Marshalltown
