FURS! FURS! FURS!

I have got a large and complete stock of fur garments, which is the largest that has ever been displayed in Marshalltown.

This stock is of my own manufacture and comprises all the latest ideas Dame Fashion has brought us for the coming season.

My prices are positively the lowest, considering good material and workmanship. I guarantee to save you money in all your purchases, as you buy direct from the manufacturer.

Now is the time to select your fur garments while the stock is complete, and prices are low.

Now is the time to have your old fur garments remodeled before the cold weather sets in.

WILL LET CONTRACT

Railroad Y. M. C. A. Will Build Portion of New Building This Fall

A NEW STRUCTURE THROUGH

New Gymnasium, Physical Director's Office, Wood Working Room and Special Apartments for Juniors Will Be Built This Season—Schroeder Resigns—Fellingham Receives Offer.

The work of securing the subscriptions for the new building for the Railroad Y. M. C. A. has progressed to such an extent that the committee in charge feels warranted in letting the contract for the erection of a part of the building this fall.

The new home for the Y. M. C. A. will be a complete new building on the present site, also some of the material in the present structure will be utilized. The walls will be used, also the basement, which contains the bath rooms and swimming pool, boiler room and heating plant. The front will be extended about eight feet, or to the curb line. The building will be two stories, and instead of a balcony below one will be added to the second story.

It has been decided to build this fall the new gymnasium, physical director's office, wood working room for industrial classes, and special apartments for the juniors, which will also be used by the clubs of the association for evening jancheons. The juniors are not allowed in the building after 6 o'clock, with the exception of one or two nights a week, when special privileges are extended. A class room will also be among the rooms added this season, and work will begin as soon as the architect's specifications arrive, bids received and contract let.

The completion of the portions of the new building, as outlined above, will involve no tearing out of the old structure, and will provide quarters in which important privileges of membership can be extended next spring, during the months when the tearing away of the old front and interior is being carried on, preparatory to completing the construction of the new building. In the meantime the financial canvass will be conducted systematically, until an aggregate of at least \$20,000 has been secured. Prior to this year three gifts, of \$100 each, were the largest individual contributions ever made to the railroad association. At the present time the sum of \$4,000 has been subscribed, in amounts ranging from \$100 to \$500 each, besides a good list of smaller amounts. One citizen has offered \$2,500 in case three others can be found who will do the same, and other large gifts are still under consideration. Only fifty-two subscriptions have so far been received. When it is considered that more than 1,000 were made to the Oskaloosa building it appears that a vast amount of work yet remains before this laudable enterprise is entirely completed.

Schroeder Resigns. Mr. E. G. Schroeder, the physical director of the association, has handed in his resignation to Secretary Fellingham, having decided to accept an offer of the trustees of Simpson College, Indiana, to take charge of the college gymnasium and physical department. He will leave the city next week to begin his work at Simpson.

Mr. Schroeder has made an excellent physical director and has been most popular with his classes. Secretary Fellingham is sorry to lose him, but is glad to know that his experience here has placed him in a position where he is able to advance in the work. Mr. Schroeder was a Dayton, Ohio, printer a few years ago, and became interested in physical culture work. He was encouraged in the Y. M. C. A. of that place and received training from W. E. Day, of Dayton. He proved himself very capable from the start, and at the summer institute at Lake Geneva, Wis., a little over a year ago, Secretary Fellingham met him, liked him, but is glad to know that his experience here has placed him in a position where he is able to advance in the work.

Mr. Schroeder makes the change more particularly on account of the fact that his work with Simpson will give him an opportunity to study. He will enter the college next week. An interesting feature of the physical work in the local association is made more apparent by Mr. Schroeder's selection by the trustees of Simpson. He is the third physical director of the railroad Y. M. C. A. of this city to be chosen for college work after his initial experience in this city. D. V. Mitchell, now physical director of Iowa College, had his first work in the local association a few years ago. E. A. Rule was the next director, and after a year's experience here was secured by the Des Moines Y. M. C. A. for a short engagement, and is now in charge of the gymnasium at Close hall, State University of Iowa.

Fellingham is Wanted.

Secretary J. H. Fellingham, general secretary of the association, is sought by the international committee to take charge of the Railroad Y. M. C. A. work in India. At a conference of seven of the international secretaries, just concluded at Lakewood, N. Y., a formal offer of the general secretaryship of India, with headquarters at Calcutta, was made. Mr. Fellingham is not ready to leave Marshalltown, however, as he wants to remain here until he has accomplished what he set out to do when he came here—provide the city with a new and handsome Y. M. C. A. home. His plans have progressed so nicely so far that he does not want to leave the field until his object is realized. This is the fourth big offer that has been made to Secretary Fellingham in the past two years. The first was to leave the work here and devote his entire time to the college work of the state. The second was to take charge of the industrial department of the Cincinnati association. Last spring he was offered the general secretaryship of the Kalamazoo, Mich. Y. M. C. A., and now comes the Calcutta offer. The fact that he was working for a new

NEGLECTANCE THE CAUSE

Coroner's Jury Says Francisco Anniello's Demise Was Due to His Own Carelessness

COMPANY IS NOT BLAMED

After Inquest, Lasting For Eight Hours, Verdict Fixing Blame For the Accident Upon the Victim, is Returned—Jury Inspects Scene of the Casualty.

After listening to testimony for about eight hours the coroner's jury, composed of Messrs. L. S. Packham, O. L. Ingledue and C. T. LaPlante, impeached Thursday afternoon to inquire into the circumstances surrounding the death of the Northwestern Italian laborer, Francisco Anniello, returned a verdict at noon today, to the effect that Anniello came to his death through his own carelessness. In the verdict returned no mention was made of any blame whatever being attached to the company or its employees.

In the neighborhood of a score or more of witnesses were subpoenaed, and the taking of testimony, which was commenced about 3 o'clock Thursday afternoon, was not concluded until the middle of the forenoon today. The jury then made a trip to the scene of the accident, for the purpose of looking over the position of the tracks and the location of the boarding cars used by the Italian laborers while in the city. All of the switching crew, including Engineer G. I. Risley, Fireman M. Colbert and Switchman Victor Batiou and William Hayes, were examined at some length while upon the stand. Engineer Risley testified that when his engine struck the string of cars, under which Anniello was crawling, he was going at the rate of about two miles an hour, and the force of the impact shoved the string of cars ahead about two or three car lengths. He testified that he knew nothing of the Italian's perilous position, as he was working entirely under the signals given by the switchmen. The switchmen also testified that they did not know the man was under the cars.

SETTLEMENT REACHED

Engineers Conclude Session With Superintendent Sweeney and Differences Regarding Overtime Are Satisfactorily Adjusted.

The Iowa Central Engineers, who were in session Thursday with General Superintendent M. Sweeney and Superintendent of Motive Power and Equipment, George D. Brooke, concluded their work Thursday afternoon. The differences between the management and the men, concerning the overtime clause, were amicably adjusted. As stated in these columns Thursday the article in the schedule referring to overtime was misunderstood, the men taking it to mean one way and the management another. The matter has been made plain now, and the men have been granted their request. For all delays over thirty-five minutes overtime will be paid at the rate of ten miles per hour. The first thirty-five minutes will go to the company. The committee of engineers, which was in conference with the management was composed of George Caffall, of Oskaloosa, and J. M. Speer and Richard Westenhaver, of this city.

FIRST JURY TRIAL ON

Case of Mellon vs. Greene Commenced Shortly Before Noon.

The case of E. D. Mellon vs. Merritt Greene, the first jury trial of the present term of court, was commenced shortly before the noon recess today. The action is one in which Mr. Mellon, who is a resident of Pennsylvania, is suing Mr. Greene for money claimed to be due him for securing options on coal lands. The following jury was impaneled: S. P. Coates, Thomas Triplett, L. P. Day and Secretary A. C. Dan. The grand jury is still in session, and is making some important investigations which, if action is taken, promises to develop sensational features. It is not likely the grand jury will complete its work before tomorrow afternoon, and possibly not before Monday. A trip to the county farm will be made before it adjourns.

OFFICIALS IN THE CITY.

Vice President Day and Secretary Doan, of the Central, in Town Thursday Evening. Vice President and General Manager L. P. Day and Secretary A. C. Dan, of the Iowa Central, passed thru the city Thursday evening on Mr. Day's business car, the Hawkeye, en route to Minneapolis from Peoria. Mr. Doan has been to Chicago to attend the annual meeting of the stockholders, and as he had never been over the property took this occasion to make an inspection. At the stockholders' meeting the old board of directors was re-elected with the exception that Mr. H. C. Huntington, of the school board, and the railroad magnate's heir, was elected to succeed Mr. R. J. Kimball, formerly president of the road. The directors' meeting has not yet been held, but Mr. Doan does not expect that there will be any change whatever in the officers.

WILL SOON BE FINISHED.

School Census Will Be Completed by Secretary Trotter in Short Time. The annual school census, enumerating the children of the city over the age of 5 years and under 21, with which Secretary J. G. Trotter, of the school board, has been busy for several weeks will be completed soon. The report is supposed to be forwarded to the state superintendent of public instruction by September 21. All of the wards have been completed, excepting the Third and a portion of the First, but the figures have not as yet been compiled so a comparison with last year can yet be made. The census is taken as a basis upon which the amount of money paid to the city from the state school fund is figured. Last year the city received from this fund \$2,722. It is estimated that the figures of this and last year will be about the same.

MARRIED.

Shultz-Boofer. Mr. Roy J. Shultz, of Union, and Miss Maggie Boofer, of Bromley, were married at the office of the presiding justice, W. M. Clark, Thursday afternoon at 3:30 o'clock.

Greene Appointed a Delegate.

Mayor L. B. Jones has appointed Commissioner Merritt Greene, of the Third ward, as a delegate to the annual convention of the League of American Municipalities, to be held in Baltimore next month. If Mr. Greene attends, and he will, providing his business will allow him, he will pay his own expenses to the meeting, and give the council the benefit of his experience in listening to the questions on municipal affairs, discussed at the convention.

Real Estate Transfers.

Frank Bingham and wife to Charles J. Hoyt, land in south Marshall, also lots 8 and 9, block 6, Brennecke and Heald's addition, and lots 13, 14 and 15, block 2, Bingham's addition, \$72,200.

F. M. Sutton to M. J. Gray, lots 6 and 8, block 2, Sutton and Evans' addition, \$2,400.

Frank Brennecke and A. W. Delano to Rachel Parks, lot 6, block 3, Delano park's addition, \$2,500.

Joseph Sturges executor, to S. G. Joyce, land in Gilman, \$200.

M. A. Ward and wife to Levi S. C. Stanfield, land in Bromley, \$20.

Engelbert Kunkel to Anna M. Kunkel, lot 8, block 28, 31 and other considerations.

John P. Woodbury, trustee, to Edwin S. Ketchum, lot 1 and part of lot 2, block 6, Andrews' addition, \$3,000.

F. M. Sutton to E. L. Newton, lot 11, block 2, Sutton's addition, \$100.

F. M. Sutton to E. L. Newton, lot 16, block 2, Sutton's addition, \$745.

Peter Lorenzen and wife to C. J. Hoyt, lots 1, 2 and 3, block 1, Lorenzen's addition, \$2,000.

LeGrand Installation Service.

The installation services of the LeGrand Christian church will be held Sunday, when Rev. F. H. Peters will be installed as pastor of the church. The program for the service will be as follows:

Musical.

Invocation.

Scripture Reading and Prayer—H. Read.

Musical.

Short Sermon, "Christian Fellowship"—Rev. J. W. Piper.

Musical.

Address, "Financial Interests of Churches"—J. C. Richter.

Address, "Spiritual Interests of Churches"—Rev. D. W. Thompson.

Musical.

Examination of Pastor and Church—President Carlyle Summerbell, of Palmer College.

Charge to the Pastor—A. M. Hanson.

Welcome by Church Deacons—J. T. Fortner.

Extending Right Hand of Fellowship—Rev. John Haskley.

Address by New Pastor—Rev. F. H. Peters.

Doxology.

Benediction.

Tears Up Wrong Sidewalk.

Mrs. Sarah Coburn, of 211 South Second street, has filed with the streets and alleys committee of the city council a notice in which she demands that Contractor Gus Waldberg desist from building a new walk in front of her property. Mrs. Coburn also demands that the former walk be replaced in the same good condition as found, prior to its being torn up. It seems that the location of the property, in front of which the walk was to be built, was wrong when furnished to the contractor and should have been on the east side of Second street instead of the west. The city will see that the trouble is remedied.

In the Police Court.

Frank Wright, a white-eyed colored man, and J. L. Cassel, both drunks, arrested by Officer Lage, were in the police court this morning. Wright was fined six days, while Cassel paid the costs.

St. Francisco, the lad accused of running down and injuring John Kurz, Jr., pleaded guilty in Justice Clark's court Thursday evening and was fined \$5 and costs. The fine was remitted on good behavior.

MENU SUNDAY. He makes no friend who never made a foe.—Tennyson. BREAKFAST: Cereal with Berries, Ham and Eggs, Rolls. DINNER: Oysters on Half Shell, Baked Bean Soup, Mashed Potatoes, Creamed Potatoes, String Beans, Peas, French Pie, Coffee. SUPPER: Chicken Salad, Fried Potatoes, Layer Cake, Tea.

MOCK GOOSE.—Bone a nice sized piece of broiled veal trim neatly and lay on a board. Cover this thickly with sage and onion stuffing. Roll up tightly and bind with tape to keep it in shape. Roll this in a bread pudding cloth with tape for an hour and a half. Remove the cloth and set the goose on a baking tin. It is not to be broiled, but roasted before a clear fire or baked in a good oven. Whenever any fat is cooked a good deal of fat will be necessary. Some very hot with plenty of good brown gravy and apple sauce in a separate tureen. The time for cooking the goose will depend on its size.

Menu Saturday. BREAKFAST: Cereal with Cream, Lamb Chops, Rolls. DINNER: Lentil Soup, Baked Sirloin of Beef, Potatoes, Corn Cobs, Macaroni with Cheese, Vanilla Ice Cream, Coffee. SUPPER: Cold Meat, Tomato Cheese, Lettuce Salad, Charcuterie, Tea.

TOMATO CHEESE.—This is a very good preserve, which keeps well if the tomatoes are covered at once with white paper brushed over with white of egg. Soak five pounds of tomatoes in water for an hour, and quartered apples. Stand over a moderate fire to simmer gently for an hour, stirring frequently to prevent sticking to the pan. Add two and a half pounds of butter, stirring until a small teaspoonful of powdered ginger and the juice of a lemon. Roll slowly while stirring till the preserve is reduced to the consistency of marmalade; then place in pots.

NEIGHBORHOOD NOTES

VANCLEVE. Sept. 10.—Miss Alice Yocum, of Oskaloosa, is visiting at the home of her uncle, Mr. I. C. Milhous.

Miss Isabella Shearer who has been visiting at the home of her parents, returned to Spencer Monday.

Miss Clara Owens left for an extended visit in Chicago with her brother, R. E. Owens and sister, Mrs. Florence Banford.

The infant child of Rhinehart Elbe has been very sick but is reported better.

Mr. Charles Clendennen is confined to his bed at the home of I. C. Milhous and is threatened with typhoid fever.

Miss Jessie Plumb is visiting her sister, William Warden and will have charge of district No. 6 school.

Mr. and Mrs. Harry Hopkins visited at the home of R. L. Gowdy Sunday last.

Mrs. Will Miller is still confined in the hospital at Sioux City.

Mrs. Luther Tuttle and family and Louise Stowe went to Moline, Ill., to visit their parents.

Shook threshing is finished around Vancleve.

John Hurte's new house is nearing completion and will be a very nice addition to his farm.

Jesse Wadell and family visited at John Turbills last week.

Marvin Warden left last Tuesday for another year at Ames.

Harlan Warden left for Perth, N. D., to look after the harvesting of their crops. He expects to be gone about six weeks.

SOUTHEAST VIENNA.

Sept. 10.—Miss Etta Knights is teaching the Lynch school and Miss Dunn at No. 7.

Miss Ida Benson is visiting her sister, Mrs. C. W. Ruelle and helping her get ready to go to Iowa City to take treatment of a specialist for her hearing. She will be gone about four weeks.

Mrs. C. A. Buchwald and daughter Laura and son Fred, and family, from Marshalltown visited Sunday at Jacob Wise's.

Mrs. John Rohde enjoyed a visit from her parents, Mr. and Mrs. August Goos, from Gladbrook.

He Hill and Myrta Yetley are conducting the select school at Green Mountain.

A large delegation from this neighborhood attended labor day services at Marshalltown. Some did not get home till the early hours of Tuesday.

Mr. and Mrs. Will Randall and Mr. J. W. Lynch attended the Grady county fair Wednesday.

Mr. and Mrs. John Rank from Marshalltown, visited over Sunday at the latter's uncle, Irvin Merrill.

The weather of the past week has been hard on the threshers, they have been only able to thresh one or two jobs. There is a little shock threshing to be done yet. A great deal of fall plowing is being done.

BANGOR.

Sept. 10.—Mr. and Mrs. David Norman are the proud parents of a 6-pound baby born Saturday morning at 2:30 o'clock.

Hester Hollingsworth is having a furnace put in her house.

Dr. Z. Carey returned from Manhattan, Kan., Sunday at noon, where he had been to visit his brother, Joel, who is very feeble and is falling quite fast.

Mahlon and Anna Moriah Wilhite, former citizens of this place, but now of Kansas, are making quite an extended visit to friends and relatives in these parts.

Willis and Mary Kirk and daughter, Rebah, are making a visit to Mrs. Kirk's parents, Mr. and Mrs. D. T. Carter.

Ulrich Moorman, of Nebraska, is visiting his father, Thomas Moorman, who is 84 years old. The two took dinner at D. T. Carter's last Saturday.

FERGUSON.

September 10.—Thieves broke into George Simcox's store Sunday night, by forcing a window. They took some small change and goods. Probably \$10 will cover the loss.

School started here last week with Miss Burns and Miss Maude Davis as teachers.

Mrs. Dave Alexander is visiting her sister, Mrs. M. Alexander, at Keystone. Quite a number from here took in the foot race last week at Laurel and quite a number were taken in nicely.

Miss Stella H. Hordorf returned home Monday after a week's visit with her sister, Mrs. N. E. Jacobs, of Tipton. Mr. Seth Smith is improving in health rapidly.

Work Will Begin Soon. Work preparatory to the erection of a new business block on the old Tremont site will probably be begun next week. The architect has now finished the plans for the building, and those of the basement are already in hand. It will be known before many days it is thought, just how many stories the structure will be built.

ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands,

and face, and is a veritable torment at times, especially at night or when over heated.

In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. As time went by it grew worse, and I was convinced that I was afflicted with Eczema. I consulted several physicians and a number of specialists, and used several external applications, receiving but slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since. W. F. BRUSH, Manager Stockman's Advertising Agency, Station A, Kansas City, Mo.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the

fever poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders are soothing and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

Send for our free book on the Skin and its diseases. No charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.
