

THE BLIND LOVE MUSIC

Pupils of the State School For Blind All Want to Take Up Its Study

NETTING MOST POPULAR TRADE

Report of Superintendent T. F. McCune to the Board of Control Contains Some Interesting Information Relative to the School for the Blind at Vinton.

Special to Times-Republican.

Des Moines, July 21.—Music is by far the most popular branch of study with the pupils of the state school for the blind at Vinton and netting the most popular trade, according to the annual report of Superintendent T. F. McCune, submitted to the state board of control yesterday.

Music is one thing which all can enjoy and in some cases can turn to pecuniary profit. There is a class of twenty-eight in piano tuning at the state school and in some cases the pupils are able to keep places in orchestras.

In the eternal night harmony can take the place of the views of the outside world, of the theater, the sports of the fields, and a hundred forms of amusement and improvement which make life a joy for the normal man.

The state at its institute owns a large number of pianos. Instruction is given on all kinds of musical instruments and in vocal music.

There is a first class piano organ for study of which four pupils of the school were last year sufficiently advanced. The pupils in the various musical branches are as follows: Piano, 116; vocal, 27; harmony, 19; organ, 4; violin, 20; guitar, 2; flute, 5; cornet, 3; trombone, 1; point music, 41; staff notation, 31; double bass, 3; mandolin, 1; tuning, 28.

In the general netting netting claims 98 pupils; bloom making, 25; fancy work, 24; sewing, 23; bead work, 18; and carpet weaving, 5. Those who learn netting can find work in ham-mock making and in the manufacture of fly nets, which are the principal uses for this trade.

Broom making is one of the most important trades for the blind. The state has had several pupils in the broom making department over 40 years of age. As the law admits anyone who may be helped such people can be admitted to learn a trade.

The school during the past year has had 185 pupils, 101 males and 84 females. Of these 33 were admitted for the first time last year. Eleven were graduated and the average daily attendance in the school has been 157.3.

The total expense for the general support of the school to the state has been \$38,456.64. The principal items of expense were: Wages and salaries, \$13,018.67; provisions, \$7,706.10; fuel and lighting, \$4,835.48; shop, farm and garden, \$3,730.74; household stores, \$2,284.07; general repairs, \$2,410. The smallest item of stipulated expense in the report is that of the library for which \$23.45 was expended.

For extraordinary repairs \$1,926.93 was spent and for equipment, \$1,532.10. The state has put very little into improvements at this school in the year just closed. The school has the smallest income from its own products of any of the state institutions under the board of control.

It possesses only forty acres of land, and this section raises more than 150 consumers in the sustenance of the pupils. The milk cows are pastured on this land and a few hogs are raised. There is occasionally a bunch of the latter to sell. The sundry sales of the school for the past year amounted to \$1,998.27.

HARDIN COUNTY CAMPAIGN. Considerable Interest Will be Taken in the County Election. Special to Times-Republican.

Eldora, July 21.—The campaign can now be said to be on in this county. The democratic have met and placed their nomination a ticket. It is rumored that the democratic nominee for auditor, W. E. Koenehan, of Whitten, may be endorsed by the independent republicans. Certain it is that he will pull a strong vote. For several months there has been an undercurrent of feeling against the republican nominee, but as to whether this sentiment will take an organized form is not yet apparent.

The independent urge against Mr. J. S. Newcomer, the republican nominee, that he was never entitled to the office, having barely attained his majority when given the plum, and that his political preferment was first brought about thru a trade. The friends of Newcomer urge that he is one of the most competent auditors the county ever had and is entitled to the full republican vote. However, the county campaign promises to be somewhat warm.

HORSES HAVE THE GRIP. Influenza is Epidemic Among the Equines at Fort Dodge. Special to Times-Republican.

Fort Dodge, July 21.—The horses of the special to the grip, influenza has made its appearance among the equines of Fort Dodge and threatens to become epidemic. The disease first came to light about two weeks ago and has already gained such headway that it threatens to take every horse in the city its victim unless something is done to check its ravages. In regard to the disease, Dr. Baughman, of the Fort Dodge veterinary hospital said: "Yes, the disease is contagious to a considerable extent. It is often transmitted from one horse to another by watering the well horse from the same pail used for the infested animal, or at a trough where horses affected with the disease have been watered. It is possible even for a horse to acquire the malady at the public watering places of the city, although the danger here is reduced to a minimum, and unless a well horse should be drinking at the same time with one affected with the disease, there is very little danger."

Yes, the disease, where the animal is subjected to exposure of neglect, may be very serious or possibly even prove fatal. It started in this city about two weeks ago, and has already become epidemic. The city is full of it, and it seems that there is no likelihood of its being checked until it has had its run."

TOWN OF RINARD OPENED.

Lots Are Sold in New Settlement at Junction of Great Western. Rockwell City, July 21.—The new town of Rinard, situated at the junction of the Chicago Great Western and Newton & Northwestern railroads, in section 11 and 20 Cedar township, about nine miles southeast of here, was formally opened to the public Tuesday by an auction sale of lots by the Iowa Townsite Company.

Excursions were run over the two roads and a number of people attended the opening. About twenty-five lots were disposed of, the highest price paid for any one of the lots being \$150, to be used for a bank building. C. W. Alexander & Co. of Lehighville, purchased one on which to build a lumber office, and before the sale had adjourned the frame of the building was raised.

This little town is located in a beautiful farming country, with natural drainage high, coupled with its railroad facilities, should give it a fair amount of business.

BRYAN BANQUET

Democrats Hold a Reception for the Former Leader at Waterloo—Bryan Makes an Address in Which He Says He Will Support Parker.

Special to Times-Republican.

Waterloo, July 21.—The reception and banquet last night in honor of W. J. Bryan, at Hotel Sans Souci, was a grand affair. Five hundred people were present at the reception and eighty sat down to the banquet. Short toasts were responded to and Bryan delivered a thirty-minute address. He is favorable to the ticket and platform, and will do all in his power to elect Mr. Bryan also spoke to over 3,000 people at the chautauqua on "The Prince of Peace," and carried his audience by his masterful eloquence.

THE GRINNELL SHOOT.

An Afternoon of Good Sport for the Shooters. Grinnell, July 21.—The Grinnell Gun Club met as per previous announcement, yesterday afternoon at 2 o'clock and the sport continued until 7. By report of those who participated, it was the best event in the history of the club. There were eight events scheduled as follows: Opening squad shoot, 25 targets to each man, Phelps and Marvin leaders of sides, Phelps' side won by 3 out of 500; second, state race, 10 pairs, won by Fred Card, 17 out of possible 20; third, lobster handicap, 15 singles, 25 entered, lowest, W. McMurray and Rinefort gave a pair of finest American made gloves to the one having the highest average of the afternoon. Not yet decided, tie between F. C. Card and A. Rinefort.

Eldora News. Special to Times-Republican.

Eldora, July 21.—H. E. Bateson is having a \$1,500 addition built to his residence property in the Third ward. When completed, Mr. Bateson and family will have one of the neatest of the many fine smaller residences in Eldora.

The property known as the Wisner residence for so many years situated just north of the public square, is to be remodeled by the addition of many improvements, to cost something like \$2,000.

The residence property where C. C. Gilman, the first president of the Iowa Central Railway Company lived for so many years, is undergoing repairs, amounting to about \$1,500. The property is occupied today by Mayor Gilman, son of the former owner.

Begin New School Building. Special to Times-Republican.

Cambridge, July 21.—The bricklayers commenced work on the new public school building yesterday. The building is to be completed and ready for use by the first of October.

Rev. Abbott is holding tent meetings in the park. During the storm last night the lightning struck in several parts of town, but little damage was done.

A. M. Chamberlain and family, of Waterloo, were visitors at the I. H. Palo home the last of last week.

ELKS ELECT AN IOWAN Fred C. Robinson, of Dubuque, Grand Exalted Secretary of the Grand Lodge

BANNER DAY AT CINCINNATI

Over 15,000 Uniformed Men in Parade Over Ten Miles Long—So-Called Administration Slate Has Hard Struggle—Great Demonstration Over Robinson's Election.

Cincinnati, O., July 21.—Fred C. Robinson, of Dubuque, Iowa, was elected grand exalted secretary by the Elks grand lodge by a bare majority of two, after balloting all the afternoon.

Robinson had six more votes than all other candidates, but only two more than necessary for election.

Cincinnati, July 21.—The Elks assembled here called Wednesday the banner day, not only of the fortieth grand lodge, but also of the order. During the day they had a parade, which Chief Marshal Dunn estimated as ten miles long, with over 15,000 uniformed men in line and many floats and other features.

The forty bands, averaging thirty pieces, made a total of 1,200 blowing their horns, while no one could estimate the thousands of throats along the line rivaling the horns in making noise.

Following the parade were barbecues in the parks, with refreshments for the multitudes. While all sorts of entertainments were in progress late in the afternoon and evening, the grand lodge was having one of the most exciting sessions in its history.

After being in session almost all night Tuesday, the grand lodge had elected all of its officers except the grand secretary. There could not have been much agitation over the administration of Retiring Grand Secretary Reynolds but also an unusual contest for his place. It was currently stated in this agitation that the incumbent officers, or what was known as "the administration," had heretofore controlled the annual elections, and many a hard fight was made this year to defeat what was known as "the administration slate," no matter how good or popular its candidates might be. The so-called administration slate was broken off in several places Tuesday night, and it had a hard struggle yesterday when Robinson was elected grand secretary by a majority of only two. After repeated ballots Tuesday night for grand secretary, the first ballot yesterday resulted as follows: Fred C. Robinson, Dubuque, Iowa, 312; T. R. A. Burke, Richmond, Va., 284; David L. Watson, Terre Haute, Ind., 91.

Charles Stager, Toledo, O., 16. There were several scattering votes but still the total vote was less than that of the members of the lodge. It was still left on the succeeding ballot when the name of Frank T. Hier of Cincinnati was presented and there were only 540 votes cast as follows: Robinson, 273; Burke 213; Watson 44; Hier 6; Stager 4.

When it was announced that Robinson finally had a majority of two over all, his friends carried him down the center aisle on a chair, and there was a great demonstration. Robinson is an usually small man, and he was carried around on the shoulders of his friends for some time, and at times tossed from one to the other like a football.

The claims of Buffalo, Dallas, Syracuse and other cities were eloquently presented in a series of speeches, for the meeting of the grand lodge and the reunion next July. The address of William Atwell, United States district attorney for Dallas was so enthusiastically received as to be called the feature of the convention, but the excessive heat, endured here this week seemed to counteract his eloquence, as most of the members wanted a summer resort for a July meeting. Buffalo was an easy winner on the first ballot, as follows: Buffalo 140; Dallas 65; Syracuse 36; Atlantic City 2.

Montezuma News. Special to Times-Republican.

Montezuma, July 21.—Montezuma has sent her full share of "candidates" to register for a chance of a claim in the Roosevelt reservation. The first ones who went seemed quite sanguine of getting homes there, but as the list of applicants increases the fact is brought home to them that their chance of getting in at all is about one in a hundred.

Rev. W. L. Clark, of the Presbyterians church left Tuesday for a two weeks' vacation. He will visit Winona, Ind., and other eastern points. Rev. U. S. Smith, of the M. E. church, is expected home from his vacation this week.

A good delegation of Montezuma Knights of Pythias drove to Brooklyn Tuesday night, and all speak in high terms of their entertainment there.

Cambridge News. Special to Times-Republican.

Cambridge, July 21.—Messrs. A. W. Lasson and W. E. Wand returned last night from Yankton, S. D., where they have been to register for a piece of the Rosebud Indian reservation. Both gentlemen were well pleased with South Dakota.

Mrs. Henry Stowe and daughter, Laura, left yesterday for Kansas where they will make a month's visit with relatives. Mr. Stowe accompanied them as far as Des Moines.

A number of Cambridge people took advantage of the excursion to Des Moines today.

Thomas Holmes of Collins was in town on business yesterday. While here he called on his daughter, Mrs. L. G. Patis, and his brother, J. Edward Holmes.

Sour Stomach

KODOL DIGESTS WHAT YOU EAT.

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Galt, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in my family."

Kodol Digests What You Eat. Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DEWITT & CO., CHICAGO.

Where Will You Take It? This question often arises after you have consulted the best (not the cheapest) physicians you know, and have received his prescription. It should go to the best druggist you know—one who will use only the right kind of drugs, and will not try to fill it if he hasn't the right kind.

It should go to the druggist who will exercise the greatest care in getting the right drug, and the right quantity, and will go over his work several times to be sure he is right. We conduct our prescription business as the best druggist should, and this is an answer to the question, "Where will you take it?" PETER MAYER, Druggist No. 19 West Main Street.

Herrick Refrigerators Perfect Circulation

There are two main features in a successful refrigerator: Perfect circulation and perfect insulation. The circulation must be forced to every part of the refrigerator and never allowed to come in contact with warm and cold air currents, but kept in motion until a complete circuit has been made. The cold, dry air circulation is perfect in the HERRICK, rendering the interior always dry, sweet and clean, and highly sanitary. The different gases arising from the foods, fruits, etc., stored, are carried off in such a manner that the air is purified at every circulation. Milk and butter can be safely stored without tainting either.

The facts are worthy of consideration. The first price of a refrigerator is not the test of economy. The HERRICK is not a cheap refrigerator, but when the ice bill is footed at the end of the season and first cost is added, you will find that the credit balance is largely in favor of the HERRICK. Referen ces to users of the refrigerators gladly furnished.
