**HAIR TELLS CHARACTER.**  
Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it become totally bald in five week's time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.
