His Remedies Are the Greatest Known to Medical Science.

PUTS BIG SUM ON DEPOSIT

The Diamond Cluster Band and Free Concerts a Feature of the Vaudeville Shows - Will Throw Money Along the Route.

Money is sometimes burned, but that is after it has lost its value and has been replaced by the government and then the burning is under the watchful eye of the government secret service.

But Phenomenal Kraus—the multi-millionaire head of the chain of Hot Springs Institutes—who is coming to Marshalltown will throw money away left and right next Monday night. He will start from the Pilgrim hotel at a time to be announced later and all along the route to the hot springs and then the burning is under the watchful eye of the government secret service.

Every evening he has an entire change of program at his big shows and every week there is a complete change of performers, he having made arrangements with the biggest vaudeville circuits in the country for the very same of the profession.

Associated with Phenomenal Kraus is the Great Anselme, a worthy associate of the marvelous head of the Hot Springs Institutes. He is a man of eloquence and dignity that never fails to take with the big audiences he always draws.

The substitute teacher employed for this year, who will be on duty in cases of absence of teachers, is Miss Lucy Kinsley.

BIRDSALL NO BETTER.

Owner of Pilgrim Hotel Lies Very Low at Home in Des Moines.
Horace Birdsall, owner of the Pilgrim hotel in this city and president and manager of the Savery hotel, Des Moines, who has been very critically ill during the past few days of heart trouble, is no better this morning, according to a telephone message received by Manager C. C. Capehart of the Pilgrim, this morning. Mr. Birdsall was resting easily when Mr. Capehart was in conversation with the Savery, and there was no noticeable change either for better or worse. Mr. Birdsall's illness began with a severe attack of indigestion, which developed into the more serious heart affection. It is believed that there are no hopes for his ultimate recovery.

A telephone message at 3 o'clock this afternoon, to the Times-Republican from its Des Moines correspondent, says that information just received from the Savery announced that Mr. Birdsall was dying.

W. C. T. U. CLOSSES.

Fourteenth District Opposed to Exclusionary County Organization.
The annual convention of the Fourteenth district W. C. T. U. was brought to a close late Thursday afternoon, after a very successful two-days' meeting. The convention declared itself by resolution as opposed to the doing away of districts and substituting for them strictly county organizations, as is the wish of a great many of the present districts of the state. The majority of the Fourteenth women would like to see county organizations as well as district, and have the state convention adopt both. Mrs. Dunham, president of the state convention, fa-

NEW CORPORATION BUILDING FACTORY

Marshalltown Drop Forge Co. Erecting Two Story Building at Boone and First Avenue

WILL MAKE STEEL TOOLS

Company is Incorporated for \$25,000, and Already Has Contracts Which Will Keep Fifteen Men Busy for a Year—Plant Will be Operating in Thirty Days.

Ground has been broken, and the building of a manufacturing plant has been begun by the Marshalltown Drop Forge Company, on the lots at the corner of Boone street and First avenue, which will add another industry to the city's large list. The incorporation of this firm was recently effected with a capital of \$25,000, and the factory being built will be 60x90 feet, two stories in height. It will be used for the manufacture of steel tools, and is the only drop forge plant in the city.

The officers of the new company are C. R. Speers, president and treasurer; E. E. Valentine, of Webster City, vice president; and G. A. Smith, of Laurel, secretary. Mr. Speers, an expert, will have direct supervision of the factory. He is in the city, having brought his family here today. They will live on North Third avenue. Mr. Smith, of Laurel, will also move here, and it is expected that Mr. Valentine, the vice president, will later come to Marshalltown to live.

The company has closed a contract with the National Hatchet Company, of Webster City, Iowa, of which Mr. Valentine and Mr. G. A. Smith are stockholders and officers, for the manufacture of the patent steel hatchet, that firm will market. J. R. Morris, of Topeka, Kas., is the patentee of the hatchet, which is a general utility tool, and which, with its attachments, includes a hatchet, wire cutter, nail puller, leather punch, screw driver, pliers, hoof trimmer and pruning knife.

LOVE LETTERS BURIED

Exhuming of Fritz Westbrook's Body at Grinnell, Results in Discovery of Epistles from Young Man's Dead Sweetheart, the Late Anna Hemmingsen, of This City.

The exhuming of the body of Fritz Westbrook, the former dry goods clerk in this city, who was murdered in Des Moines on a July 7, disclosed the fact that a packet of love letters, written by the late Anna Hemmingsen, of this city, had been buried with Mr. Westbrook. Miss Hemmingsen died in Chicago taking treatment her lover many letters. They were tenderly cherished by the young man and his sister, knowing his love for Miss Hemmingsen and his grief over her death, laid the letters in his coffin at the time of the burial.

Westbrook's body was buried at Grinnell, and was exhumed for the purpose of securing the bullet that caused his death, that it might be compared to the bullet of the cartridge used by "Trump" Latham, one of the men under arrest for the murder. A .38-caliber bullet was found, and that was the size of Latham's gun.

The detectives who found the letters tenderly laid the packet back in the coffin after the bullet had been exhumed. Mr. Westbrook met Miss Hemmingsen after he came to this city, and was very friendly to her through a long illness, visiting the Hemmingsen home every day.

CORN IS BADLY DAMAGED.

Estimated That Fully 50 Per Cent Damage Will Result in West Part of County.
Farmers who have seen the strip of country lying between a point two and one-half miles east of State Center and a point between Colo and Nevada, say that the damage to the corn as a result of Wednesday night's storm will be fully 50 per cent. The corn is down flat, and the path of the wind was for miles north and south. Those who have observed the results of the storm say that the corn will never straighten out at its present age and weight, and that about the best that can be done will be to plow it under. In other parts of the county there was no wind at all, but the one small strip to the west seemed to catch the entire force.

CORKHILL SKIPS OUT.

Grays' Left Fielder Takes French Leave During the Night.
Corkhill, the Grays' big left fielder, is absent and unaccounted for today, and it is believed that he skipped during the night. Where he has gone, Manager Warner does not know, but it was reported that he was seen this morning in Oskaloosa. The association owes him about \$40 on salary due since last pay day. Unless Corkhill returns soon, notice of his suspension will be sent to Secretary Farrell. Warner has secured Hoy to play in the outfield today, and negotiations are on with Fleming, center fielder of the Keokuk team. Fleming will probably be signed tonight or tomorrow.

Local Weather Record.

A drop of thirty-two degrees from the warmest to the coldest points is shown in Thursday's temperature. The extremes were 85 and 54, as compared to 90 and 66 for the day preceding. At 7 this morning 55 was registered, as against 71 for the corresponding hour Thursday morning. A year ago tonight the mercury fell to 44.

IT'S TWINS.

Allen Abbott Passing Out Wadsworth Bros' Chico Cigs to His Friends. Happy man; it's twins. Happy friends; he's passing out Chico cigars.

Allen Abbott has kept the clerks at B. A. Morgan's busy filling his orders for Wadsworth Bros' Chico the last twenty four hours, as the arrival of twins at his house has brought a host of friends around with congratulations and nothing will do but "have a cigar."

Whether it's the arrival of twins, a smoke on the porch or solid enjoyment at the ball game, or while walking or driving, no cigar fills the bill better than Wadsworth Bros' Chico, sold by B. A. Morgan.

These cigars have a long Havana flavor, and while they sell for five cents, are better than most cigars retailed at double the money.

Don't miss the pleasure of smoking a Chico. Get some to-day and see how good they are.

ELKS HAVE GREAT TIME.

Members and Their Families Spend Pleasant Day Picnicking.
One of the largest and most successful outdoor affairs of the season was the picnic of the officers of the Marshall Lodge, No. 312, B. P. O. E., and their families, which was arranged by the lodge and held Thursday on the grounds of the Marshalltown Gun Club, north of the city. From midnoon until dark, the club house, grove and grounds were alive with people.

Free Booklet on Brights Disease And Diabetes

We desire to place in the hands of those afflicted with Bright's Disease or Diabetes a 36-page pamphlet that is saving human lives. It is not an ordinary pamphlet, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases.

This booklet is for thoughtful people—people who can discriminate between common patent medicine literature and a carefully prepared report of a patient, serious and profoundly important investigation.

The specifications employed in these tests are known as the Fulton Compendium and the results obtained prove conclusively that these dreaded diseases so long fatal have at last yielded to medical science. The pamphlet is free.

B. A. Morgan, druggist, local agent. When to suspect Bright's disease—weakness or loss of weight; puffy ankles, hands of eyelids; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one of more of these; frequent urination. In Diabetes the distinguishing feature is, weakness with great thirst and at times voracious appetite.

SETTLEMENT EFFECTED.

Superintendent Hayden Arranges New Schedule With Boilermakers.

Superintendent C. S. Hayden, who for several days has been in conference with a committee of the boilermakers of the Central shops, yesterday effected an amicable settlement with the committee on the new schedule, under which the men will work for the next year. The schedule just adopted became operative on August 1, when the former schedule expired. Unimportant concessions were granted the employees, including rules governing the men and work, and a very slight increase in pay.

GIVES SON POISON

Mrs. S. B. Huls Mistakes Carbolic Acid For Tonic, and Feeds Her Son a Teaspoonful—Boy is Badly Burned, But Will Recover.

Mistaking carbolic acid for a tonic, which the attending physician had prescribed for her son, Mrs. S. B. Huls, 617 1/2 North First street, Thursday gave the boy a teaspoonful of the fiery fluid, which badly burned his mouth, tongue and throat. Today the boy is resting easier, and it is believed all serious danger is past. The smallness of the dose is probably all that saved the boy from death.

MARRIED.

Messenger-Ogden.

Mr. Elmer Messenger, of Moline, Ill., and Miss Bertha B. Ogden, of this city, were married Thursday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Abram Ogden, 412 Union street. The wedding was a quiet one and was witnessed by only a very few relatives and friends. Rev. W. H. Scott performed the ceremony. Mr. Messenger is a painter, and will take his bride to Moline to live.

DAVIS-WARD.

Mr. Emmet W. Davis, formerly of Albion, but now of this city, and Miss Lura M. Ward, daughter of George W. Ward, a farmer living north of the city, were married Thursday night at 9 o'clock at the home of the officiating clergyman, Rev. W. H. Scott. Mr. Davis is in the employ of J. A. Gillette. The young people will make their home in this city.

TWO GAMES YESTERDAY.

Marshalltown	101	48	53	.475
Waterloo	103	48	55	.466
Burlington	98	32	66	.327

Wet grounds here and rain at Ft. Dodge caused a postponement yesterday.

day of the Oskaloosa-Marshalltown game and the Ft. Dodge-Burlington game at Ft. Dodge.

Waterloo was able to play its game with Ottumwa, and bested the leaders 8 to 4. Keokuk got back at Boone for defeat of the day before, by beating the home club 8 to 2. Waterloo had an easy time with Ottumwa, and after Lenke had been knocked out of the box in the second inning, Schopp was put in, but he, also, was hit hard. Scholler pitched for Waterloo. Boone's defeat was due to its poor fielding game, and the hard hitting of Keokuk. Bennett pitched for Boone and Haviland for Keokuk. Today the same teams play the closing games of the series, with double headers in this city and Ft. Dodge. Tomorrow the teams will play as follows:

Ottumwa at Marshalltown. Oskaloosa at Waterloo. Burlington at Boone. Keokuk at Ft. Dodge.

BURKE FORMERLY HERE.

Mason City Man, in Long Sleep, Well Known in This City.

William F. Burke, who is sleeping his life away at Mason City, as told in a dispatch to the T.-R., a few days ago, is the same William F. Burke, who, until a few years ago, was a resident of this city, and a telegraph operator in the employ of the Iowa Central. Mr. Burke was stationed at the Central yard office for two or three years, and went from here to Eldon where he was agent for the company for a time. He is well known by Iowa Central railroad men and other friends living in this city.

According to the dispatch Mr. Burke has been in a sound sleep for a little over seven weeks. All efforts to rouse him have been futile, although the sleep that he has fallen into has every appearance of being a natural one. Unless Mr. Burke can be awakened soon it is feared that he will die, as he is gradually growing weaker, even though nourishment is given him at short intervals.

Talk With Me About Clothing

In the Good Old Summer Time

those who have the price take to the woods, the Adirondacks, Old Orchard Beach, Michigan, or the Tyroese Alps—according to their respective bank accounts and inclinations. We've no desire to "butt in" on your vacation joys and if this reaches you by the "sad sea waves" or at any other shrine devoted to the Goddess of Laziness, we will tiptoe politely out with apologies for the intrusion. But, on the other hand, neither do we wish the vacation germ to entirely chase the Londondale clothing from your memory. The "good old summer time" won't last forever. The long nights of fall and winter will soon be claiming their innings. Londondale clothes with their snappy cheerfulness will reward your present forethought in turning for a few moments from the contemplation of your vacation wanderings long enough to think of
