The Modern Fence American Fence is strictly an up-to-date proposition. No expense has been spared in improving AMERICAN FENCE from time to time, until as it stands today it is head and shoulders above everything else on the market, in combining the best, most modern, and up-to-date features in fenceology. No frills or feathers, but just a simple, straight, business proposition, made as good as the best experience and ample means can produce, and guaranteed to do the work satisfactorily at all times and under all circumstances. Sales of AMERICAN FENCE for the first six months of 1906 were far in excess of any previous year, showing conclusively that AMERICAN FENCE continues first in the estimation of the fence users of this country.
