## LIEUT. ENGLAND IS SHOT TO DEATH

### Naval Officer of Cruiser Chattanooga Is Victim of French Target Practice

### ACCIDENT IN CHEFOO HARBOR

#### Rifle Bullet Fired by Member of the Crew of the French Naval Squadron Hits Lieutenant Clarence England of the Chattanooga and Causes His Death.

Chefoo, China, July 28.—Lieut. Clarence England, navigating officer of the United States cruiser Chattanooga, was shot and killed today by a rifle bullet fired by a member of the crew of the French armored cruiser Dupetit Thouars, which was engaged in target practice. The Chattanooga was proceeding from the harbor to the target range, just outside, and was passing the French squadron, which was anchored near the American squadron and engaged in small arms practice. The Chattanooga, after several bullets had struck the side of the ship, signalled to the Frenchmen to cease firing, but before this was accomplished England was wounded in the back.

Washington, July 28.—Great regret is expressed at the navy department upon receipt of the news of the shooting of Lieutenant England, navigating officer of the Chattanooga, at Chefoo. He had a number of friends among the officers here, and a brother, Captain Lloyd England, artillery corps United States army. His father, J. E. England is next of kin, and lives at Little Rock, Ark. No report has been received from Admiral Train, commanding the Asiatic station, but naval officers here believe the shooting was entirely accidental, and it is expected the French officials will make ample apologies.

### GOVERNMENT MONEY STOLEN.

#### Armed Band Attacks Russian Train Guarded by Soldiers and Gendarmes.

Warsaw, July 28.—A passenger train carrying government money and guarded by a detachment of soldiers and gendarmes, was attacked today between Czestochowa and Herby, by a numerous, well-armed band. Several men were killed, and two civil employes were wounded, and others were employed. The attacking party carried off eight thousand dollars and the arms of the defenders of the train. The countryside is said to be in a ferment, sympathizing with the guerrilla bands. The small force of troops operating in the district will be reinforced. The agitators are making capital over the recent incidents. They affirm that it will be difficult for the provincial administration to detach enough troops from the cities and towns to make a net large enough to catch the marauders.

Later details say the attacking party consisted of ten revolutionists. They escaped with \$8,000, instead of \$4,000.

### OUR MEATS THE BEST.

#### Secretary Wilson Says Inspection Will Add Value to Meat Products.

"Within a very short space of time," he said, "the meat products of the United States will be purer and more wholesome than any similar products of the world. Of particular importance is the rule providing for weekly inspection reports to be supplied the bureau of animal industry. Without such reports it would be difficult to cope with the situation. ### How Standpatters May Bring About Harmony and Get More Than Their Share

### TO GIVE THEM SIX OFFICES

#### Not Unlikely That the Majority Would Consent to Such a Division in the Interest of the Party—Progressives Forced to Organize Because of Fake Contests.

Des Moines, July 28.—If the above should be the ticket nominated at the republican state convention on Wednesday there would certainly be a division of honors between the opposing factions of the party. This list divides naturally and properly into seven progressives and six who either standpat or have not been identified with the party sufficient to be recognized as having leanings. Should the faction which has won before the people concede the renomination of the persons named in the above list it would be a greater concession to the defeated minority than would have been possible had conditions been reversed.
