

CHILD FINDS SUICIDE

Young Married Man of Council Bluffs, Discovered Lifeless in Outbuilding, at Home

SWALLOWED CARBOLIC ACID

No Possible Motive is Known for the Rash Act of J. G. Norman, and the Coroner's Inquest is Not Expected to Develop Anything New—Domestic Relations Pleasant.

Special to Times-Republican.

Council Bluffs, Sept. 11.—J. G. Norman, a young married man, who formerly resided at Glenwood, committed suicide by swallowing carbolic acid, his lifeless and cold body being found by a daughter, 4 years of age, in an outbuilding.

The little girl was frightened badly, and ran screaming to the house. When Mrs. Norman took one glance at the body of her husband she fell in a faint. The acid with which he had committed suicide was purchased at a pharmacy in Omaha.

No possible motive can be found for the man's act. He was with several companions in the evening, and when leaving them, said he was going home. He was apparently in the best of spirits. Norman was employed at the Union Pacific transfer and was regarded as a most reliable young man. He was not a drinking man and his domestic relations were of the pleasantest. He was 28 years of age and had resided at Glenwood for several years prior to coming to the Bluffs. Mrs. Norman's parents, Mr. and Mrs. Thomas Byers, reside at Glenwood and came here this morning to assist their daughter in her trouble. The coroner is holding an inquest today, but it is not expected anything new will be developed.

The young lady who is comely and an interesting talker, joined the company about four weeks ago. She fell in love with one of the attaches of the company and shortly after joining the carnival company was married to the man, in the lion's den in Des Moines. It seems that the marriage was unhappy and that she wished to return home. Her husband promised her money and a friend also stated that he would give her enough to get home on. She was rudely awakened however, Saturday, when she was found by several of her friends. She was taken to the chief of police for assistance and was turned over to Secretary McPherson of the Y. W. C. A., who has been caring for her ever since. Word was immediately sent her father and transportation is expected tomorrow.

Plymouth Boy Temporarily Crazy by the Heat.

Mason City, Sept. 11.—A young man of about 25 years of age, giving the name of George Kouck, was brought to the city last evening from his home at Plymouth by the marshal and several other deputies of that place. He was considered in a very critical demoralized condition and was very noisy and troublesome when he arrived and was taken to Sheriff Holdren's office. It was thought that when fishing yesterday afternoon along the Shell Rock the young man was prostrated by heat, and his condition was brought about in this way. He was much better this morning, and being a strong, large fellow, recovered quickly from the stroke. His father paid the expenses of the trip to this city, and the young man was released and given into their care this morning when they arrived.

The Story of the White Heart \$1.17 IN EVERY PACKAGE We do not mean that \$1.17 in currency is actually enclosed in each package of Pillsbury's Best Breakfast Food—Vitos. But we do mean it saves you that much over the ready-to-eat kinds. Besides you get "Pillsbury" quality, and that's always the best. A package containing two full pounds costs 15 cents. When prepared, it makes 12 pounds. The ready-to-serve kinds, containing about 7/8 of a pound to the package, cost ten cents. A full pound would cost about 11 cents. 12 pounds would cost \$1.32. So the difference between 15 cents and \$1.32 indicates the saving when Vitos is used—\$1.17. Use Vitos regularly. Put \$1.17 in the bank every time you buy a package. Vitos is a delicious food, it is the "White heart of the Wheat" berry—The very life of the grain. Pillsbury's Best Breakfast Food WHEAT-FOOD STERILIZED
