

From Overwork

NERVOUS PROSTRATION CURED BY DR. WILLIAMS' PINK PILLS.

Toning Up the Blood and Nerves, Patient Recovered Weight, Strength and Good Spirits.

When the nervous system is broken down from overwork, or whatever cause, life loses its joy. Not only is the nervous victim a sufferer himself, but he is usually a trial to the whole family.

Mr. W. W. Munroe, of 162 Hazel Park, Everett, Mass., says about four years ago this September I became all run down from overwork and from confinement to work during warm weather.

"I grew very despondent, could not bear to have people meet me and my friends remarked on my condition. About the middle of December a friend told me one day that he had tried Dr. Williams' Pink Pills and found them reliable.

If you are a sufferer from any disorder of the blood and nerves, write to the Dr. Williams Medicine Co., Schenectady, N. Y., for proof of what Dr. Williams' Pink Pills have accomplished in cases similar to yours.

Dr. Williams' Pink Pills are sold by all druggists or direct by mail post-paid, on receipt of price, 50 cents per box, six boxes for \$2.50.

DELL M'CORD INJURED.

Hurt in Runaway Accident Near Denison—Still Confined to His Bed. Mr. Dell M'CORD, of this city, who is agent for the J. I. Case Threshing Machine Company, is confined to his room in a hotel at Sioux City, suffering from injuries received in a runaway accident. While the injuries will not result seriously and Mr. M'CORD expects to be able to return home soon, he narrowly escaped being killed.

Having business in the country near Denison last Tuesday, Mr. M'CORD secured a livery team and driver and visited a farm where threshing operations were in progress. The team became frightened at the machine, started to run and threw the driver from the buggy, the man taking the lines with him. The horses ran across the field and against a wire fence. The fence tore off the buggy top and took Mr. M'CORD with it, and he was dragged into another fence. He was unconscious for some time, having been injured on the head and cut about the face, several stitches being required to close the wounds.

Mr. M'CORD went from Denison to Sioux City after the accident, but has been bedfast since his arrival there. He has informed his family here that he will be able to come home within a few days, however.

NEAR THE FROST LINE.

Temperature Goes Down to 45 Degrees—Promise of Warmer Weather. With the mercury in the thermometer Thursday only 69 degrees, frost during the night would not have created surprise. Many residents of the city prepared for a frost by covering flowers and tender vegetables. No frost occurred, however, the temperature falling only to 45. This was five degrees colder than the preceding night. The maximum for Wednesday was 78. At 7 a. m. today 48 degrees was registered, compared to 61 Thursday morning.

Mr. Haynes planted something less than an acre to tomatoes, using 1,500 plants, and the patch has been the wonder and admiration of the entire neighborhood. Mr. Haynes has already harvested more than 400 bushels of tomatoes, and a killing frost does not come soon but

Letter to Mr. Jas. Lee Williams, Marshalltown, Iowa. Dear Sir: There are these five ways of badness in paint.

- (1) stuffed-out with chalk or something like that; (2) barytes, better than chalk, but no covering to it; nobody knows it's there; (3) benzine in the oil, or water, or other such stuff; (4) too thin—too much liquid, what ever it is for the solid; (5) short measure.

BOYLE TO MANAGE WATERLOO.

Ft. Dodge's Manager Will Become Microbes' Leader.

Frank Boyle, who for almost three years has gone successfully managed the Ft. Dodge club, of the Iowa State League, is to become Waterloo's manager. There is, however, a dependent clause in Mr. Boyle's arrangements, which make it necessary in case he takes the team, for the present financial affairs of the Waterloo club to be put on a sound basis. Boyle insists that all indebtedness for the year must be paid, and that the franchise for next year be placed in the hands of responsible men. Otherwise he wishes to have nothing to do with Waterloo's team. Waterloo, like other associations of the league, has had its financial difficulties this season. Another of its difficulties has been incompetent management of its team. If in case Waterloo can so arrange its financial affairs this season, and retain the franchise with money behind it for next year, the coming of a manager like Boyle would be a great help in a base ball way to that city.

A. of this city pledged, thru individual members and friends, the sum of \$500 for the support of a foreign secretary who was to be sent to the far east. LOOK OUT FOR THEM.

Soap Grafters Working Smooth Game—May Come Here. Grafting soap peddlers, of the smoothest kind, are touring Iowa and picking up their victims in each city they visit. Already the police of half a dozen towns are after them, and they may at any time visit here. Recently they were working in Iowa Falls, and the method they pursue is said to be as follows:

One of the grafters calls upon a housewife. He tells her that he will give as a premium a \$3 rug for every box of soap purchased. The soap comes in two installments and costs \$1.50. The salesman collects 75 cents, the balance to be paid when the second box of soap is delivered. The box he sends contains three bars of soap and is worth about 10 cents. The salesman never appears again, neither does the second box of soap.

In Iowa Falls the game was worked successfully by a number of men. A detective discovered also that they had induced two young girls from a small Illinois town to leave their homes.

AMUSEMENTS.

"The Midnight Flyer" Shows a Big House. "The Midnight Flyer," a sensational melodrama of the Lincoln J. Carter kind, appeared at the Odson Thursday night to one of the largest houses of the season. The presenting company and its production thoroughly pleased the large audience.

Johnson, Clement Johnson and John Casey, also arrested, for intoxication, were sent to jail for six days. Clarence Smith, arrested for vagrancy, was ordered locked up for six days.
