NATURE TELLS YOU. As Many a Marshalltown Reader Knows Too Well. When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar.

Doan's Kidney Pills cure all kidney ills. Marshalltown people testify to this. George Butler, retired farmer of 205 1/2 South First street, Marshalltown, Iowa, says: "I am glad to express my thanks for the good I have received from using Doan's Kidney Pills which I procured at the McBride & Will Drug Co's store. For a long time I had suffered with kidney trouble and nothing seemed to help me. My kidneys were in an annoying weak and irregular condition, and there was a too frequent desire to void the secretions which were scant accompanied by sharp, burning pains. Not long ago I saw Doan's Kidney Pills highly recommended and I decided to try them. The result of their use so far has been very satisfactory, the action of my kidneys has been greatly regulated, and the distressing pains have been relieved. I am still taking them and have every confidence in their ability to cure me."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

DRAW TOO MUCH PAY

Fort Dodge Councilmen Called Down For Taking Too Much Money From Treasury

PAID FOR COMMITTEE WORK

Expert Accountants of State Find Unlawful Conditions in Municipal Affairs—City's Legal Indebtedness Exceeded—Tax Levy is Low—Capital Gossip.

Special to Times-Republican.

Des Moines, Aug. 5.—Fort Dodge comes in for some criticism in the report of the municipal account inspectors of the state auditor's office, made public today. The auditors in Fort Dodge, eight in number, have been drawing more pay than the law allows. They have drawn the \$50 maximum for attending city council meetings, and in addition have drawn committee work fees from the various funds, a thing for which there is neither law nor ordinance.

For instance, auditors serving on a committee and doing any work on that committee have been drawing pay for service on the committee whenever they have done any work. The amounts drawn are: General fund, \$880; water fund, \$175; fire, \$67.40; paving, \$160; sewer, \$200, making a total of \$1,282.40. The only defense the auditors can give for the act is that it has been the custom in Fort Dodge for a number of years.

Furthermore, Fort Dodge is exceeding its legal limit of indebtedness, its legal limit of indebtedness is \$116,000, according to law, and it has a bonded indebtedness of \$104,000. But besides this it has an indebtedness of outstanding warrants of about \$31,000, with only \$14,000 in cash with which to pay them. The city therefore exceeds its legal limit of indebtedness by \$38,000, according to the municipal account experts.

The department has recommended to the city that it increase its tax levy and pay off these warrants. The tax levy is only 23 mills, and in many cities the tax levy is up to 99 mills.

Notices served on saloons.

Suit Will Be Filed August 15 Against Twenty-five in Davenport.

Davenport, Aug. 5.—Original notices, in which they are threatened with injunctions, were Saturday filed against twenty-seven saloons, twenty-five located in this city, and two in Walcott, by T. H. Kemmerer as plaintiff and C. W. Neal as attorney.

The cases are similar to those instituted over a year ago by W. W. Lungert in which about the same number of saloons were involved and which were all settled and dismissed without the closing of a single one.

The notices served on the saloon-keepers Saturday warn them that on Aug. 15 suit will be filed against them, asking for both a temporary and permanent injunction and that the application for a temporary injunction will be heard in court on the morning of Aug. 19.

Attorney Neal on Saturday admitted that the present crusade is not for the purpose of putting the local saloons under the mullet law but claimed it was to force them to eliminate the objectionable features, such as wine rooms, the allowing of women and children in them and other existing conditions. Mr. Neal claims that this has given Davenport the name of a wide open town and brought the saloon business of Davenport into disgrace.

INCLUDES OPERATOR IN SUIT.

Council Bluffs Railway Mail Clerk Sues for \$5,000 Damages.

Council Bluffs, Aug. 5.—W. W. Nason, a railway mail clerk of this city, is plaintiff in a suit begun in the district court against the Chicago, Rock Island & Pacific Railway Company for \$5,000 for injuries received in a wreck at Marton, Iowa, the evening of June 14, 1906.

Coupled with the railroad company as defendant is Joseph E. Stroebble, telegraph operator for the Rock Island at this point, it being one of the principal allegations of the petition that the collision occurred through an error of Stroebble in failing to give the engineer and conductor of one of the trains in the collision a correct copy of the curve just west of Marton, and the mail cars were partially crushed, but none of the passenger cars left the track.

OFFER TO BUY CITY PLANT

Proposition to Be Made to Council of Webster City.

Special to Times-Republican. Webster City, Aug. 5.—The city council will receive from E. H. Martin, in the near future, a proposition to purchase the city electric light plant at a value established by a board of appraisers. Mr. Martin stated that his plan was to organize a stock company to buy the plant of the city at its actual, fair, honest value as declared by a board of appraisers composed of en-

gineers competent to determine its value. Mr. Martin said that provided the city will agree to sell the plant on the terms asked, he has the assurance of business men of the city that they will take stock in the proposed company. Enough men have expressed their willingness to take stock to satisfy him that the thing could be easily done.

COE COLLEGE MAN CALLED.

Dr. Siscoey Offered the Presidency of the Hastings, Neb., College.

Special to Times-Republican. Cedar Rapids, Aug. 5.—Dr. S. W. Stookey of the chair of botany in Coe college and for a year the acting president of that institution, has been offered the presidency of Hastings college, Hastings, Neb., the leading Presbyterian college of that state and one of the strongest Presbyterian institutions in the west. He is considering the proposition and has not yet decided whether he will accept. But the offer is such a signal recognition of his abilities that his friends feel he can hardly do otherwise, much as they would regret to see him leave Coe college for which he has done so much good work.

MEET AT CLINTON

August 14, 15, and 16 Chosen as Dates of Iowa State County Treasurers' Association Convention—Fine Entertainment Planned.

Special to Times-Republican.

Gifford Happenings.

Gifford, Aug. 5.—Mrs. R. A. Fuller and children accompanied her parents home and will visit with them the coming week.

J. W. Newby and R. Samuel Campbell were transacting business at the Hardin county seat Saturday.

The steel gang has finished laying the new 80 pound rails as far as Union. One section men were assisting the Union crew Sunday putting in the new switches.

R. A. Fuller spent Sunday in Jewell. C. F. Pender of Eagle Grove, spent Sunday with his brother, E. E. Carver.

The bridge men are putting in a new county bridge south of town. Material is rapidly accumulating in the yards at Eldora Junction for the new steel bridge which the C. & N. W. will put across the Iowa river at Secor.

It is said the C. & N. W. will put their steam shovel at work in the pit here the coming week to ballast track to the new bridge.

The C. & N. W. have a large gang of men with their bank cars stationed here to put the track in shape on account of shortage in the section force the past two years.

W. C. T. U. CONVENTION.

Miss Jessie Hilsey, Marshalltown, at Eldora Making Preparations.

Eldora, Aug. 5.—Miss Jessie Hilsey, of Marshalltown, is in the city working preparatory to the coming convention of the Fourteenth district of the W. C. T. U. of Iowa. This convention will be held in the Baptist church of Eldora, August 15 and 16. Children between the ages of 5 and 15 will take part in an afternoon concert and program, the first day, while the Diamond medal contest will be held that evening.

Garrison Business Change.

Garrison, Aug. 5.—Jack Urice sold out his stock, grain and coal business to Messrs. Stockdale and Deets, who will take charge of the business within ten days. The deal was consummated Saturday, and the consideration was \$5,500. Mr. Urice has been in this business for six years, and has built up a very prosperous business, but as he wants a good rest from business cares, and as his sons were not inclined to carry on the business, he decided that he would sell out and spend a year or two in rest and travel.

Smallpox Abating at Manning.

Manning, Aug. 5.—Miss Mildred Emmons is recovering from the smallpox. As yet this is the only case reported in town. There have been a number of cases in the vicinity of town and the authorities were lax about the quarantine.

In a letter Michael J. Rademan relates his experience in escaping from the ill-fated steamer Columbia. Mr. Rademan was raised here and sends respect to learn of his miraculous escape.

LEADS CORN ACREAGE

Iowa Ahead of Illinois by 19,000 Acres in the Growing Crop of This Year

NEIGHBOR SHOWS DECREASE

Acres of Staple Cereal Larger This Year Than Ever Before — Crop Conditions Reported by Correspondents in Various Portions of State — Cradling Small Grain.

Special to Times-Republican.

Des Moines, Aug. 5.—Iowa is the greatest corn state in the union. More acres of the staple grain of the state will be planted in Iowa this year than ever before, and the quality of the corn cannot be equalled. There are just twenty-five states in the union which have planted a million acres and upwards of corn this year, and Iowa leads them all.

In 1906 9,616,000 acres of corn were planted in Illinois, and but 9,450,000 in Iowa. Although all in value of her corn crop, the greater acreage could be claimed by the sister state. Statistics gathered by the Farm Implement News indicate that 1,500,000 acres of corn were planted this year in excess of the area last fall. Iowa planted 8,540,000 acres, which is an increase of but 9,000 acres. Illinois planted but 9,521,000 acres, which is a decrease of 95,000 acres, and Iowa leads her nearest competitor by 19,000 acres.

Use Cradles Cutting Grain.

Dumont, Aug. 5.—Farmers of Dumont have had to revert to primitive methods in order to save their small grain crops. For several days two men in the employ of Sam Otterson have been hard at work with the old-fashioned scythe and cradles, cutting a thirty-five acre field of oats. The same spectacle is being witnessed in other fields. Owing to the continuous rains for several weeks past, farmers cannot operate their reapers and mowing machines in the fields.

CORN STAND IS UNEVEN.

Ames College Experts Investigate the Crop in Vicinity of Creston.

Creston, Aug. 5.—Professor Curtis, of the state agriculture college at Ames, who lectured before the chautauqua here on Thursday, made an investigation of the stand of corn in and near this city. In several fields visited the stand was found excellent while in the balance the stand was not so good. Professor Bowman made an address in the afternoon and impressed on his hearers the necessity of using good seed corn. He said that was the trouble in this section of the country for in only 50 per cent of the seed had germinated and sprouted. He said that all seed corn should be selected in September and hung away to dry. Care should be taken in its selection, and in the spring kernels from each ear should be tested in the germinating box and only those proving to be sound should be used. He told the farmers how to rid themselves of cut worms, wire worms, and other corn pests. His lecture was listened to with interest and was considered one of the most instructive ones on the course.

Shepard Lamb, of Osceola, was brought to this city from Villisca on a charge of larceny and robbing James Morgan, a Hopeville man, in the Burlington yards in this city, last week. A preliminary hearing in the justice court and waived trial. He was bound over to the grand jury, being unable to furnish bonds, was sent to jail till his case comes up. As there have been several cases of this kind in the city lately, public sentiment will demand that the man be given as stiff a sentence as is possible, if he is convicted.

An epidemic of horse stealing seems to have broken out in this section of the country. Two men are in jail here charged with the crime and one was recently sent to Fort Madison for five years on the same charge.

EARLY OATS ALL CUT.

Threshing Also Commenced in Vicinity of Bode—Other News.

Bode, Aug. 5.—The cutting of early oats is all done, and the late oats also will about all be cut this week. Threshing already commenced, but the rain Sunday will put that back some.

The committees arranging for the carnival to be held here the 15th and 16th have everything about completed. The ball teams that will play are Clarion, Humboldt, Nevada and Bode.

Clarionville Happenings.

Clarionville, Aug. 5.—Frank Baldwin, of Rowen, is the new night man at the interlocking switch. The members of the Woman's club had a picnic Wednesday afternoon on Mrs. Mary Patterson's lawn. It was very enjoyable, and there were twenty ladies present, and the husbands were invited for supper at 6 o'clock. Games and story telling took most of the time of the afternoon, and everybody had a good time.

Miss Lizzie Kephart is in Cedar Rapids, and will also visit friends in Tipton before returning home.

Mr. and Mrs. Richard Keller and five children, of Lynch, Neb., are here for a month's visit with relatives and old friends.

Mrs. Ed. Green and Mrs. Fred Green went to Council Bluffs to pack the former's household goods, preparatory to leaving for Whitefish, Mont., where they are going to reside.

Miss Mabel Wannamaker has gone to Platte, S. D., on business connected with her claim near there.

Mr. and Mrs. R. L. Stantton, of Clarion, are in the city with their son, Editor F. L. Witt of the News, and other relatives.

Miss Lulu Alger, of Edgewood, is visiting her cousin, Mrs. George Brown.

Mrs. Mabel, of Cresley, Col., is visiting her brother, Bert Coon.

Mrs. Abe Seitz and son Fred left for Minneapolis, where Mrs. Seitz will remain a few days to visit her sister-in-law, Mrs. Maggie Patterson, and family, and Fred goes on to Redmond, Wash., to spend three weeks with his brother Henry.

Mrs. A. J. Hogenitz fell on the walk at her home, Thursday, striking in such a manner as to sprain her left wrist very badly.

Mrs. Margaret Camp is taking a two weeks' vacation from her work in A. Price's store. She went to Greene Saturday for a few days' visit with her son, Editor Camp of the Greene Press. Mrs. C. E. Phillips spent Saturday and Sunday with friends at Nashua.

THE GRINNELL NEWS.

Sailor Lad Home on Furlough—Fair Concessions Being Sold.

Special to Times-Republican. Grinnell, Aug. 5.—Walter Howard, son of Mr. and Mrs. Perry Howard of this place, who enlisted in the navy some six months ago, is spending a short furlough with his parents. After enlistment he was sent to the receiving ship at Boston, and later was assigned to the battleship Minnesota. He likes the life and work which is not hard nor monotonous so far as his experience goes. The Minnesota has been stationed at the Brooklyn navy yard since her son has had no opportunity to go on a cruise but the expectation is this ship will be sent to the Pacific soon.

Mr. and Mrs. G. H. Hamlin are spending their vacation visiting friends in Colorado. Quite a delegation of Grinnell people are camping at Colfax during the chautauqua meeting, among them being the Hibbes, Nash and Bortell families.

Mr. and Mrs. M. L. Seely, of Stuart, who spent a week or so visiting with Mr. and Mrs. Gates, are at Ladora for a few days visiting a brother of Mrs. Seely.

The wedding of Professor Paul Peck and Miss Grace Parsons is announced to take place in the near future. I. S. Bailey, junior secretary of the Grinnell Fair Association, has sold concessions for the three days of the fair for \$269, which is more than have been sold at this length of time in advance of the fair since it was brought here from Malcom.

Roy McClain, the coffee colored chap who was arrested at the Clifford hotel for bootlegging and who was confined in the "cooler" because of his inability to put up the necessary bond, has succeeded in getting a change of venue from the court of Justice Crosby to that of Justice Wilson. There are no other charges pending against him, one for resisting an officer and the other for carrying concealed weapons.

Shell Rock News Notes.

Special to Times-Republican. Shell Rock, Aug. 5.—Miss Lula Bateman, of Auburn, Ind., is visiting her aunt, Miss L. E. Sherwood.

J. W. Flower has purchased George Wightman's residence near the Great Western depot. Mr. Flower will take possession September 1.

Mr. and Mrs. A. Hummel are entertaining John and Benjamin Salisbury and their wives, for a few weeks. The gentlemen are nephews of Mr. Hummel and reside in New York state.

J. C. Shearer and family are now located in Mrs. Sherwood's residence on the east side.

Professor Moore and family shipped their household goods to South English, where they will reside for the present.

Miss Daisy Linebeck, who has spent the summer here with her sister, Mrs. Knight, left for her home in Frankfort, Ind. She was accompanied by her niece, Miss Mildred Knight, who will remain until the fall term of school begins.

Mrs. Treasurer, of Kirkeville, Mo., is visiting her sister, Mrs. Walter Culver, and father, R. W. Hamlin.

OPPOSE SUNDAY SPORT

Methodist Sunday School at Waterloo Makes Demand For Enforcement of Laws

WANTS BASE BALL STOPPED

City and County Officers Requested to Put on Lid and Stop All Amusements on the Sabbath Day — Resolutions Unanimously Passed—Other News of the State.

Special to Times-Republican.

Waterloo, Aug. 5.—The teachers and pupils in the large Sunday school of Grace Methodist church turned their attention yesterday from the regular lesson and considered resolutions pertaining to the conduct of a large part of the public on the Sabbath day. Resolutions were presented before the school and unanimously adopted asking the officers to put on the lid and stop Sunday base ball, and to close all places of amusement carried on Sunday in the city or county. The city and county authorities are requested by the resolution to enforce existing laws governing all kinds of amusement in conflict with the city or state laws. The move is looked upon as the beginning of a general crusade for enforcement of old statutes covering Sabbath desecration.

A. O. U. W. LODGE ACTIVE.

Lake Park Will Send Band and Ball Team to Big Picnic.

Special to Times-Republican. Lake Park, Aug. 5.—The A. O. U. W. lodge here is at the present time enjoying an unusual amount of prosperity. Deputy Grandmaster Workman A. Campbell, of Cedar Rapids, has been here for the last ten days and in that time has more than doubled the membership. One evening the lodge put in a large class and was honored by the presence of the grand members of the order, will accompany the excursionists.

Henry Stobbs and family, from Valeria, are visiting relatives at this place.

Better Than Hot Water

IS THE LENNOX FURNACE FOR A HEATING PLANT. IT IS VERY MUCH CHEAPER TO INSTALL IN THE FIRST PLACE. IT IS JUST AS CHEAP IN FUEL COST TO OPERATE. IT IS CLEANER. IT IS MUCH SIMPLER TO MANAGE AND FAR MORE HEALTHFUL FOR THE REASON THAT THE SLEEPING AND LIVING ROOMS ARE VENTILATED WITH A SUPPLY OF FRESH AIR, WHEREAS THE FOUL AIR OF A ROOM IS HEATED OVER AND OVER AGAIN BY STEAM OR HOT WATER RADIATORS; A POINT WHICH MUST BE CONSIDERED IN THESE DAYS OF

PULMONARY DISEASES AND FRESH AIR CURE. THE REASON MANY PEOPLE THINK A HOT WATER PLANT IS CLEANER THAN A FURNACE IS THAT THEY REMEMBER THE OLD CAST IRON FURNACE MADE OF SEVERAL SECTIONS AND LEAKING GAS AND ASHES INTO THE HOUSE THRU THE JOINTS BETWEEN THE SECTIONS WHICH INvariably WORK LOOSE BY REASON OF THE EXPANSION AND CONTRACTION OF THE HEATED IRON PARTS COMING IN CONTACT WITH THE FIRE. LENNOX FURNACES ARE BUILT OF HEAVY STEEL PLATES, RIVETED ABSOLUTELY GAS AND SMOKE TIGHT UNDER HYDRAULIC PRESSURE. THE FIRE POT IS ENCLOSED ENTIRELY WITHIN THE GAS-TIGHT STEEL SHELL. NO DIRT OR GAS CAN ESCAPE INTO THE AIR CHAMBER OR UP THRU THE REGISTERS INTO THE HOUSE. ON THE OTHER HAND A WATER RADIATOR IS A DIRT COLLECTOR IN A HOUSE. AS THE CURRENT OF HEATED AIR RISES FROM IT THE DUST AND DIRT FROM THE FLOOR IS CARRIED UP TO BLACKEN THE WALL PAPER.

IN THE CASE OF A LENNOX FURNACE THE AIR OF A ROOM IS CHANGED EVERY FIFTEEN MINUTES. IT IS DRAWN DOWN THRU THE COLD AIR RETURN AND MIXED WITH THE FRESH AIR FROM THE UNOCCUPIED ROOMS OF THE HOUSE AND COMES BACK HOT AND FRESH. EVERY ROOM IS GIVEN THE ADVANTAGE OF THE AIR OF THE ENTIRE HOUSE AND ENOUGH FRESH AIR LEAKS IN THRU DOORS AND WINDOWS TO KEEP IT ALL PURE AND WHOLESOME. A WOMAN OR A CHILD CAN OPERATE A LENNOX FURNACE AS EASILY AS THEY CAN MANAGE A BASE BURNER. NO DANGER OF ITS EVER BLOWING UP. IT COSTS LESS, HEATS AS CHEAPLY AND IS A BETTER HEATING PLANT THAN HOT WATER. IF SOME ONE ROOM IS TOO REMOTE FOR GOOD RESULTS A WATER RADIATOR CAN BE INSTALLED IN COMBINATION WITH THE FURNACE AND THE SUPERIOR ADVANTAGES OF HOT AIR RETAINED FOR THE REST OF THE HOUSE.
