NOVEL PLEA IN COURT

Big Cement Company Seeks to Enjoin Man From Coaxing Laborers Away

AGENT FOR LARGE CONCERNS

Recives a Commission for Every Man Induced to Go to Other Companies—Has Already Secured a Large Number From Cement Company at Mason City.

Special to Times-Republican. Mason City, Sept. 7.—The demand for laboring men throughout the country, and the strenuous efforts of large concerns to obtain and hold men, has had an illustration here, and the courts have been appealed to to prevent employees of one company from leaving.

The Northwestern States Portland Cement Company filed a suit in the district court to prevent John Olbins from influencing the laborers at the cement plant to leave their work here and go to Des Moines or other places.

Olbins is familiar with the German and Austrian languages, as well as English; can interpret from one to the other, and therefore has great influence over the men whose language he speaks and who do not understand English.

There are about four hundred men working at the plant, gathered here at great expense to the company, from various parts of the country. They are largely Austrians and entirely ignorant of English, so they are easily led by a man who understands both languages.

SIBLEY COURT NEWS.

George Roney Acquitted in Damage Suit Brought by Two Women. Special to Times-Republican.

Sibley, Sept. 7.—District court has been in session this week at Sibley, Judge Mould presiding. It is the first term of court held in Osceola county by Judge Mould. One indictment was discharged from duty Tuesday afternoon.

Of the state cases, that of Ed Anderson was postponed until next term, and that of John Grant, charged with Plymouth, was set for Monday, November 4. A number of minor cases have been disposed of thus far, among which was W. L. Parker's application for a permit to sell intoxicating liquors in Sibley for three years.

The case that has drawn the most interest during the week is the \$6,000 damage suit of Mabel Lutterman and Louise Keller, against George Roney, of Melvin. A number of witnesses were examined for the plaintiffs side of the case, both Mabel Lutterman and Louise Keller being on the witness stand in their own behalf. All the evidence went to prove the man guilty. The testimony of Mr. Roney in his own behalf contradicted statements made by witnesses on the other side. The attorneys made their closing arguments in the case Thursday afternoon, and the jury went out, returning after a few hours with a verdict of acquittal for the defendant.

HARDIN COUNTY FAIR CLOSURES.

Good Crowd Attends Closing Races and Exciting Ball Game. Special to Times-Republican.

Eldora, Sept. 7.—Yesterday closed a most successful fair for Hardin county. A good crowd attended for the closing races and a ball game between Eldora and Lacombe. The total receipts for the fair were only \$275 short of last year, which was a good one. Exhibits were never better in stock. Founding machinery. The building assigned to school work from the country was filled with excellent exhibits. The only departments which were not up to the usual standard were the canned fruits, berries and pickles, fresh fruits and vegetables. A fine display from the Industrial School for Boys occupied one end of the feral hall. Here all varieties of vegetables were found and their remarkable size was proof of the scientific farming that is being done at the institution.

The Eldora Boys' band and the Industrial School band furnished plenty of music for the day. About 450 boys from the institution attended in the afternoon, with their family managers. They were especially enthusiastic at the ball game, also during the exhibition of the acrobats and tumblers. Before returning to the institution they were taken over the grounds to see all the exhibits.

LAY DELEGATES CHOSEN.

Methodists of the Iowa District Select Representatives at Burlington. Special to Times-Republican.

Burlington, Sept. 7.—The lay delegates to the Iowa Methodist conference held their convention and selected delegates to the next general conference at Baltimore in May.

The delegates are: J. M. Hibbits, M. D.; Grinnell; H. M. M. Hayner, M. D.; J. F. Holliday, Morning Sun; O. P. Wright, Knoxville; the following alternates: T. C. Harper, Burlington; and J. C. Cahoon, Keosauqua.

The regular conference session of ministers, some important questions were voted upon.

The first was the proposition to appoint race bishops, that is, to give each race in the Methodist body a bishop of their own nationality. This was defeated by practically unanimous vote.

The next question was that of reducing the representation at the general conference. This was also voted down by a large majority.

The vote and attitude of the delegates shows a strong sentiment against decreasing the size of the general convention which is now about 700 delegates.

The discussion on the question of race bishops brought out considerable fervid oratory in which Senator Tillman was severely arraigned for his attitude on the race question.

Thomas B. Hughes of Agency, delivered his semi-centennial sermon. The Woman's Home Missionary society reported eighty-seven organizations and 2,362 members, \$12,890.75 has been raised.

Dr. M. C. B. Mason, secretary of the Freedmen's Aid society, delivered an address last evening.

HUBBARD HAS A SCHEME

Congressman Plans Tribunal to Rule Trusts, as Opposed to State Control. Special to Times-Republican.

Corroborative, Sept. 7.—Congressman E. H. Hubbard, of the Eleventh district, making his address at the old settlers' picnic here Thursday, told 6,000 people that for states to undertake to adequately control the great railroads, Standard Oil and other nation-wide corporations was but confusing the issue, which after compelling all of these corporations to comply with certain requirements when they incorporated, would license them to do business for a stated period. After the expiration of such period, there should be re-incorporation and a thorough auditing of the affairs of the concern, investigation of methods, practices and scope.

Greets Old Settlers. The congressman's remarks on the subject were approached after a felicitous greeting to the old settlers, a brief summary of their great achievements, and then pointed out that the great industries which they had themselves started had been consolidated by others and this control was inimical to a large degree to the people's interests.

No government ownership was advocated, but federal control in its broadest sense was urged.

HANCOCK COUNTY FAIR.

Good Attendance Made It a Success Financially—Racing Good. Special to Times-Republican.

Britt, Sept. 7.—The Hancock county fair closed with a very good attendance. The exhibits were perfect, and the exhibits fine. The ball game between Garner and Woden was played Wednesday, and between Forest City and Garner on Thursday, resulting in a victory for Garner in both games.

The horse racing was exceptionally good, and financially the fair was a success.

ASSYRIANS' TRIAL SOON

Solomon and Joseph Hasan Will Soon Face Jury on Charge of Murder

COUSIN OF MEN WAS KILLED

Three Assyrians Traveled Together Before Crime Was Committed—Wealthy Farmer of Accused in Denial for the Trial—Assert Their Innocence.

Special to Times-Republican. Denison, Sept. 7.—The September term of the district court in Crawford county will convene Monday with Judge Powers of Carroll on the bench. During the coming session the trial of Joseph and Solomon Hasan for the alleged murder of Fred Navill will be held.

It will be remembered that Navill was seen at Denison late on Saturday evening during the fore part of January in company with the Hasan boys, who were his cousins and with whom he traveled over the country. He had attempted to change a large amount of silver for bills at one of the local banks, but owing to the lateness of the hour was not accommodated. The following morning his horse was killed and wagon badly smashed by being run into by an Illinois Central train. Apparently there was no driver, and for several days the affair was shrouded in mystery. Then a young man residing near Denison found the badly mutilated remains of a young Navill in a clump of bushes a couple of miles from where the wagon was struck by the train. He had been beaten to death with a club or other blunt instrument.

After the finding of the remains of Navill a search was made for Joseph and Solomon Hasan, the two cousins with whom he had traveled. After three or four days they were located in a village about forty miles north of Denison. Altho claiming they knew nothing in regard to the affair they were placed under arrest and lodged in the county jail at Denison to await trial. They were indicted at the following session of the grand jury, but were allowed additional time to await the arrival of their father who was coming from Bereat, to be present at the trial.

Ferris Daniels, of Fort Dodge, from whom the young men purchased goods, has paid several visits to the young men since they have been lodged in jail at Denison, and like all of his countrymen who are acquainted with the young men, believes they are innocent of the crime with which they are charged. They claim to have left their cousin early in the evening and departed for the country, where they remained over night on the evening when he is supposed to have been murdered, and promises to tell a sensational story when arraigned at the present term of the district court. They claim Navill was in company with a family of Russian people residing at Denison the evening of his death and allege they are the parties responsible for his murder.

The aged father of the two young men is with them at Denison at present. He was a former resident of the United States and is said to have amassed a fortune in this country as a pack peddler and has engaged the best counsel in that section of the state in the hopes of saving the young men.

Muscatine, Sept. 7.—In the last edition of the West Liberty Index, Ex-Senator G. M. Titus, of this city, is heartily recommended as a candidate for the governorship of the state and it is stated that he enters the race he will doubtless secure the solid support of the entire county. The recommendation is as follows:

"Ex-Senator George M. Titus, of Muscatine, is cordially endorsed for governor next year by the Council Bluffs Nonpartisan. It says the state is deeply indebted to him because of his persistent advocacy of the biennial election law which has saved the commonwealth hundreds of thousands of dollars. Mr. Titus is being strongly urged by his friends and neighbors to become a candidate. If he decides to enter the lists he will have the solid and enthusiastic support of the people of his home county who know him well. He is the foremost republican of Muscatine county at this moment and possesses the necessary legal and executive ability to make a model chief executive."

Practically all the shock threshing in this vicinity has been completed. Generally speaking, oats are a light crop this year, and poor in quality, due largely to the severe hail storms that the grain was subjected to just before harvest, and the unusually heavy rains that have been so prevalent this season.

MRS. LEWELLING DEAD.

Widow of Kansas Ex-Governor Succumbs at Rochester, Minn., Hospital. Special to Times-Republican.

Oskaloosa, Sept. 7.—Friends here were surprised and shocked to hear of the death of Mrs. Lewelling, wife of former Governor Lewelling, of Kansas, and mother of Mrs. James Deavitt, of this city, which occurred at the Mayo Bros. hospital at Rochester, Minn., where she underwent two surgical operations. Mrs. Lewelling had been suffering from gonor for years, and several weeks ago went to Rochester, and was treated with a satisfactory recovery, but was compelled to submit to a second, but more simple operation for laceration. Her death followed this operation, and was due to heart exhaustion. The body will be taken to Wichita, Kan., for interment beside the body of Governor Lewelling.
