WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy. All the blood in the body passes thru the kidneys every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disease of the eyesight and hearing, dizziness, irregular heart, beat, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

O. R. Wilson, of 510 North Second avenue, Marshalltown, Iowa, says: "For the last seven years I have been a sufferer with kidney disease, my condition at times, especially of recent years, being quite severe. The kidneys became very weak and irregular in their action, and the secretions deposited a brick dust sediment if allowed to stand. Together with this annoying condition, I had heavy aching pains in my back so that to bend or lift anything only increased my suffering. A short time ago, I procured a box of Doan's Kidney Pills, at McBride & Will Drug Co.'s store and began using them as directed. I found that they gave me great relief from my trouble, and I am still using them with the result that the pains in my back are not so severe and the kidney action is more regular and natural. My wife has also used Doan's Kidney Pills with good results, and we both can testify to the merits of this valuable remedy."

STRENGTH IN WHEAT

Local Longs Sold Freely, But Offerings Were Taken Until Close, Which Showed Loss

CORN INCLINED TO WEAKNESS

The Prevailing Excellent Weather Had Some Influence, the Latter Being Offset However, by the Bulge in Wheat — Oats Ease Off On Profit Taking — Provisions Quiet.

Chicago, Sept. 13.—An advance of more than a penny at Liverpool, imparted strength today to the wheat market. Commission houses had a large number of buying orders from country customers to fill and shorts were also eager bidders. There was free selling by local longs, but cash offerings were readily taken and prices showed good gains. The advance at Liverpool was said to have been due to frost reports from western Canada. December opened at 93 1/2, sold at 93 1/2 and advanced to 93 3/4. Minneapolis, Duluth and Chicago receipts were 407 cars.

Later offerings exceeded the demand and prices closed a fraction under yesterday. Commission houses sold on reports of more liberal offerings of cash grain from the country. December closed off 1/4 at 93 1/4.

Corn. Corn was inclined to be weak, because of the prevailing weather, which is excellent for maturing the new crop. The bulge in wheat, however, offset this influence. December opened at 59 1/2, sold at 59, and closed at 59. Receipts were 377 cars.

Oats. Oats opened firm, but eased off on profit taking. December started at 52 1/2, sold at 52 1/2, and closed at 52 1/2. Receipts were 270 cars.

Provisions. Provisions were quiet and steady. Chicago Grain. What—No. 3 red, 90 1/4 @ 95; December opened at 94 1/2 @ 94 1/2; highest, 95 1/2; lowest, 97 1/2; closing, 97 1/2. May, 97 1/2.

STEADY TONE IN CATTLE

Buyers Slow to Take Hold, Large Percentage of Receipts Being Rangers

HEAVY HOGS POOR SELLERS

They Held About Steady, However, While Light and Butcher Sorts Were Strong — Supplies of Sheep Light, and Prices Held Steady, Although Demand Was Not Keen.

Chicago, Sept. 13.—Cattle were steady. Trade was quiet a large percentage of receipts being rangers. Buyers were slow to take hold. Four days' marketing stands at 70-80¢, against 67-75¢ a week ago and 75-90¢ a year ago. This liberal rural has been rather too much for the demand, although yesterday there was moderately good tone in the trade. Sellers were more dissatisfied with trade yesterday morning than on Monday, when receipts were unusually heavy. Then there was demand broad enough to clear practically all offerings, but yesterday the call was quite restricted owing mainly to the big buying of slaughterers early in the morning for medium and plain steers as on a level mostly 10¢ under the range noted late last week and some showed 15¢ decline, but good-weight fat heaves held about steady with last week's range.

Hogs. Hogs were strong for light and butcher sorts, heavy kinds being poor sellers, but held about steady. The opinion prevails that as soon as the big run of sow stuff decreases demand will improve. Such runs as have been in the habit of showing up, on Monday to late naturally depress values, but on every moderate supply packers are found buying the stuff with such avidity as to make their needs apparent. Each decline is followed by a sharp reaction. An improving eastern demand is an encouraging feature. This week that outlet has taken 6,000 more hogs than a year ago. Cooler weather will undoubtedly stimulate demand for early in the fall. Accumulation of product in packers' stalls, clearing the decks for a lively fall trade.

Sheep. Demand was not keen, although supplies were light and prices held steady. Lower grade lambs were weak.

Chicago Livestock. Cattle—Estimated receipts for today 4,500; steady; heaves, 4.75 @ 5.00; western, 3.50 @ 5.75; cows and heifers, 2.50 @ 4.75; stockers and feeders, 2.00 @ 5.00. Hogs—Estimated receipts for today 16,000; steady; light, 6.15 @ 6.25; mixed, 5.50 @ 6.50; heavy, 5.40 @ 6.20; rough, 5.40 @ 5.55; pigs, 5.50 @ 6.40; bulk of sales, 5.80 @ 6.15. Sheep—Estimated receipts for today 7,000; steady; 3.75 @ 5.85; yearlings, 5.50 @ 6.40; lambs, 5.00 @ 6.70.

The body was not by friends and escorted to Riverside cemetery, where short services were conducted by Rev. Knight of the M. E. church, and the body laid to rest. Mrs. Landphere and son Claude, have the deep sympathy of all in their sorrow.

Eugene Calvert died at his home Friday of brain fever. Funeral services were held Sunday afternoon at the Congregational church. Mr. Calvert was 31 years old, and leaves a wife and child, father, mother, and two brothers.

NEGRO TROOPS TO YORK

Soldiers Returning From Philippines to Be Stationed in the Eastern Metropolis

MOVE MAY EXCITE ANGER

Step Is Taken Because of Protests From Other Localities Against Receiving Them — Important Changes Made in Stations—Reno to Be Abandoned.

Washington, Sept. 13.—By deciding to station negro troops returning from the Philippines in New York, his home state, General Oliver, acting secretary of war, has calmed the storm of protest from other communities which objected to receiving the soldiers, but has taken a step which will probably raise a howl of indignation in his own constituency.

General Oliver yesterday issued an order providing for the relief of several regiments that have been serving in the Philippines for more than the full allotted term of two years. Among the returning organization is a negro regiment—the Twenty-Fourth infantry. With the dispatch to the Philippines of the Twenty-Fourth infantry some months ago the United States was left without negro troops, except a few short term cavalry men employed in the stables at the West Point Military academy.

When the proposition was made about two months ago to return the negro troops several strong protests were made to the department by congressmen and other prominent persons representing communities where it was reported these troops were to be posted.

General Oliver has settled the matter by ordering these soldiers into his own state. On February 15 next, according to the terms of the order, the Twenty-Fourth infantry is to sail from Manila for San Francisco and proceed by rail to New York headquarters, the band and two battalions to be selected by the regiment commander to take station at Madison barracks, near Waterford, and the remaining battalion at Fort Ontario, near Oswego.

The other changes of importance recorded in the order were as follows: The First cavalry, now at Fort Clark and Fort Sam Houston, Texas, will sail from San Francisco September 15, to relieve the Third cavalry in Manila. The Third cavalry will sail from that port January 15 to take up the stations in Texas vacated by the First cavalry.

The Fourteenth infantry will sail for Manila January 5, the Twenty-third infantry February 5, the Fourth infantry March 5, and the Seventh infantry April 5. They will relieve the Twenty-Fourth infantry, which sails from Manila February 15 to take station at Madison barracks and Fort Ontario, as already stated. The Second infantry will sail March 15, to take station at Fort Wayne and Fort Brady, Mich., and Fort Thomas, Ky. The Eighth infantry will sail April 15 to take station at Fort McDowell and the Presidio, Monterey, Cal., and the First infantry will sail May 15, to take station at Vancouver barracks, Washington.

Instructions are given to the commanding officers to relieve short term men before the departure of their regiments for the Philippines.

Another paragraph of the order relieves the Twenty-second infantry from duty at Fort McDowell and the Presidio at Monterey, Cal., July 1, when they are ordered to Alaska, taking station at Fort William H. Seward, Fort Liscum, Fort Egbert, Fort Gibbon, Fort St. Michael, and Fort Davis. They will relieve at those places the Tenth infantry, which is ordered to take station at Fort Benjamin Harrison, probably constituting the nucleus of the new brigade post at that point.

The Nineteenth infantry battalion at Fort Reno, Okla., is ordered to Fort MacKenzie, Wyo., March 1, to relieve at that point the battalion of the Fourth infantry, which is ordered to the Philippines.

Fort Reno, Okla., will then be placed in the charge of caretakers and ultimately will be abandoned.

Stopped. Dangerous Coughs, Colds, Sore Throats are quickly cured by Dr. King's New Discovery, 50c and \$1.00; guaranteed. McBRIDE & WILL DRUG CO.
