LOCALS SCORE ON WEST HIGH. High School Team is Beaten by Score of 29 to 5. Although defeated Marshalltown yesterday crossed the goal line of West High school of Des Moines, and scored a touchdown. The final score was 29 to 5. West High proved less formidable than had been supposed, and at the end of the first half it had scored but one touchdown and goal, against the much less experienced opponents from this city. During the second half the Des Moines team made more rapid and larger gains. Repeatedly its back field tore thru the Marshalltown line or around its ends for gains of from twenty to forty yards. Kirk scored the only touchdown for his team. He grabbed the ball from a fumble and ran thirty-five yards thru the Des Moines team for a touchdown. The goal was missed. Des Moines' defense prevented any of the visiting team took every advantage of these mistakes. West High worked the forward pass during the latter part of the game repeatedly, gaining by from twenty to thirty yards at each attempt. Des Moines also used fake plays to advantage. The hammering the Marshalltown line received during the game told in the second half, when Des Moines backs were allowed to get thru for big gains.

The settlement is on a basis of \$25 a day for seven days' work, and half of the \$75 retainer for the attorney's bill for nine days' work, and claimed that in so doing they had cut their time down two days. Burritt offered to settle on a basis of seven days. This makes the city's bill for attorney hire in the action \$425.

TRouble FROM COFFEE People Beginning to Learn About the Drug. "Coffee treated me so badly that I want to tell people about it, and if you can use my letter, I will be glad. I am 45 years old and have drunk coffee all my life. I have felt bad for years and did not know what ailed me. Sometimes I would have to press my hand against my heart. I would be in such pain and I got so I could hardly do my work. My head would feel heavy and dizzy, and many a time I got so blind I just had to drop down or else I would have fallen. I felt bad all over. A friend of mine asked me to try Postum and stop drinking coffee. I tried the Postum, but it was some days before I got hold of the right way to make it. My heart disease and dizziness disappeared and I got entirely well over. "There is much in making it. It has to be boiled longer than ordinary coffee, but when I got it made good, it was fine, and now I wouldn't have coffee in my house at all. I am sure that Postum saved my life, and I am now perfectly well. I send you the names of about twenty people that have been helped by leaving off coffee and using Postum Food Coffee." It's worth while to read "The Road to Wellville" in pigs.

Meetings were held this morning, and afternoon, and still other meetings in the interest of the work for boys will be conducted Sunday. Two state secretaries, Fred M. Hansen and W. H. Babcock, are attending the institute. The delegates who are present, in addition to a number from the local association, are as follows: Jasper County Association—John E. Klein, Carl T. Snyder, Carl Klein, Charles Ladd. Lyonville—O. J. Meredith. Ft. Dodge—Dale Hinman. Newton—Donald Hunter, Paul Appley, Clarence Brunner, Oscar Austin. Waterloo—H. T. Fisher, John Gabel, Benson Dunham, Lloyd Smith, Byron Conner. Mason City—Charles T. Nichols. Those secretaries who are attending the institute will speak at various churches Sunday. The announcement of these meetings will be found on page 8.

CHANCES NOT GOOD Rochester Surgeons Confirm Diagnosis in Dr. Whinery's Case, and Operation Will Probably Be Performed Monday — Outlook Not Encouraging. A telegram to the Times-Republican from Rochester, Minn., today, is to the effect that the surgeons there have confirmed the diagnosis in the case of Dr. J. L. Whinery, of this city, and that an operation will likely be performed Monday. The outlook, the telegram states, is not very favorable, although it is declared that it is the only chance to save the patient's life. Dr. Whinery is ready and willing to accept the one chance held out to him. Dr. W. S. Devine, who accompanied Dr. Whinery to Rochester, arrived home this afternoon. Dr. Devine places Dr. Whinery's chances for recovery as about one in a thousand, but says that he is anxious to assume the chance, preferring to die rather than linger along with a trouble for which there is no hope for a recovery.

FRIEND MAY SUE. Contemplates Suit Against Mrs. Langley for Breach of Promise. There is prospect that David H. Friend, whose matrimonial affairs with Mrs. Hattie Langley, of Joplin, Mo., have attracted much publicity lately, will after all, bring suit against Mrs. Langley, for breach of promise. Friend this morning was in consultation with justice of the peace, asking for advice relative to the case. Friend claims that he has plenty of evidence in the letters that Mrs. Langley wrote him that warrants him in believing that he has been flouted by his bride who was to have been. Friend said this morning that Mrs. Langley had represented to him, before she came here, that she had property, but that she denied this after she had decided not to marry him.

FAT FOLKS FAVOR Home Mixture That Takes Off the Fat Rapidly—Causes No Wrinkles—No Stomach Ills and Requires Neither Dieting Nor Exercise. Too much fat is both uncomfortable and dangerous, but usually fleshy people prefer to put up with its inconvenience rather than punish themselves with the tiresome exercising usually prescribed, or endanger their health by taking the so-called "cures" and patent fat "reducers." This self-sacrifice of comfort and health to overabundant fat is entirely unnecessary, however, as Mrs. Luella Bigger tells us there is a home receipt that is far superior in every way to anything money will buy for reducing superfluous flesh. It is said this simple mixture will take the fat off of man or woman at the rate of at least a couple of pounds a week without even causing wrinkles. Moreover it does not disturb the stomach, but is a good thing for the system, clearing away pimples, and, best of all, it does not interfere with the diet. You can use it at and at the same time eat whatever you like. This receipt is as follows: 1/2 ounce Marmalade, 1/2 ounce Fluid Extract Cascara, Aromatic and 3/4 ounces of Syrup Simplex. Get these ingredients at any drug store, mix them together at home and take one teaspoonful after each meal and at bedtime. Mrs. Bigger, as is well known, is a famous beauty expert, and whatever she recommends is sure to be found eminently satisfactory.

Call at our store and see the article—or we will send you a mattress on trial. Everybody that has slept on one will use no other from choice—! BECAUSE The filling material is held in position at three hundred and sixty-two equidistant points, while in the old-fashioned mattress eighty-eight such points was the limit and thirty-eight the common practice. BECAUSE The resiliency or elasticity of the filling material is not impaired by these inner-stitches, as they are not drawn below the level of the mass, while in the mattress of the last century, tufts were drawn down to the elastic limit of the material. BECAUSE The surface is smooth, level and without indentations. BECAUSE There are no leathers or tufts to pull out, and around which dirt and vermin can collect. BECAUSE The ticking has not been perforated in many places by the large tufting needles.

I have the sole agency in this city for the above bed and mattress and can thoroughly recommend them. I want you to examine them before buying. The prices are right. MARION GARD DEALER IN FURNITURE 123 East Main Street
