KIRK IOWA CITY'S HERO.

Marshalltown Boy Stars in Illinois S. U. I. Game.

Carol Kirk, of this city, son of Mr. and Mrs. J. P. Kirk, now of Clemons, Ill., proved the star in the Illinois-Iowa foot ball game played at Iowa City Saturday and won by the state university team by the score of 25 to 12. It was thru Kirk's playing, to a large extent, that his team won, and since the game he is being lauded as the greatest back of Iowa.

Kirk was conspicuous in every department of the game Saturday. He did most of the kicking for Iowa, and his drop kicks and his punting both aided materially in filling up the score against his opponents. He was equally conspicuous in working into the forward passes, which made such big gains for the Iowa team. It is said that of the fifteen passes attempted all but three succeeded. In breaking up the play of the Illinois team, and especially the forward passes, which he frustrated, Kirk proved of immense amount of strength to his team.

CRIMINAL CASES CONTINUED.

Great Western Nuisance Cases Go Over, Also F. M. Miller Case.

Neither of the criminal cases against the Chicago Great Western railway, in which the road is charged with selling intoxicating liquors in its trains while in the county, or the case against F. M. Miller for practicing medicine without a state certificate will be reached this term. Continuances were granted in all of these cases this morning. It will be possible to reach only the most important of the criminal cases this term, which is one of the reasons for granting the continuance.

JURORS ARE SCARCE.

Out of Panel of Sixty But Thirty Are Available.

Judge Bradshaw will probably, within a day or two, order a special venire of jurors, from which to draw the jurors of the term. A panel of sixty was ordered and drawn for the term, but when reporting time came this morning but thirty-three of the sixty appeared in court for the first week. Excused for urgent reasons, ten of the original panel could not be located.

Cases for Next Week.

Judge Bradshaw this morning made an assignment of jury cases for Tuesday and Wednesday of next week. The case of Steele vs. Andrews and Kempe vs. Bennett & Binford was set for trial next Tuesday and the case of R. A. Ely vs. the Adams Express Company was assigned for Wednesday.

WANTS \$2,000 FOR FRACTURE OF ARM

John Logsdon Thinks it City Pays Him That Sum His Suffering Will Be Appealed

CLAIMS INJURY IS PERMANENT.

Mayor Ingledue Served With Notice of Impending Suit Against the City for Personal Injuries Sustained by Driving Into Alleged Hole in Alley Pavement.

Two thousand dollars is the modest sum that John Logsdon, a former barber of the city, thinks will appease his pain and suffering and repair the injury done to his arm, which he claims was broken on September 14, by his having driven into a hole in a paved alley. Logsdon, thru his attorney, served notice on Mayor Ingledue Monday of impending suit, and the mayor brought the council's attention to the claim at the regular meeting Monday night.

Logsdon claims to have entered the employ of F. A. Gillette on the day he was hurt, and was engaged in driving a dray thru the alley between Main and Church streets, on his way to the Dodge House. He claims that there had been an excavation made in the paving, and that a hole, not of fifteen inches deep had been left. Papers had blown over the hole, and a passing team also obstructed his view. As a result he drove into the hole, fell out of the dray, and sustained a fracture of the right arm and a badly cut chin. He has now had six weeks up as a result and claims that his arm is permanently injured.

Logsdon's claim was referred to the judiciary committee and City Solicitor Northrup.

REMOVE TREES; WIDEN WALK.

East Main Street to Be Ridden of Large Shade Trees.

Councilman Herman, at the regular meeting of the city council Monday night, introduced two resolutions bearing on East Main street business section improvements. One was to the effect that the trees on the south side of the street, between Second and Third avenues, be removed within ten days; the other that sidewalks on both sides of the street in the same block be widened and extend from the property line to the curb. The latter work, however, will not be ordered done until early spring, action being taken at this time in order to get advantage of this season's contract price. The council recently ordered the trees on the north side of the street in this block removed, and considers that the appearance of the street is greatly improved. Both resolutions were unanimously adopted.

BUILD TENTH STREET SEWER.

Council Decides to Make Extension to Accommodate New Homes.

Superintendent of Sewers E. Z. Mack reported to the council Monday night an estimate of the cost of making the extension of the Third ward sewer from Church to Linn on Tenth, as petitioned for by several property owners at a recent meeting. Mr. Mack estimates that the cost will be \$260, but it will be necessary to lower the grade of the Church street work, entailing an additional cost of \$120. Mack also reported that the work on Marion, Swazee and Lee streets had been completed at \$526 under the estimate, and as the sewer fund is still ample to supply the cost of the extension the council voted to grant the prayer of the petition.
