### SULTAN OF TURKEY RUNS UP WHITE FLAG

### Critical Situation in His Coun- try Causes Calling of Chamber of Deputies

### ARMY REVOLT HASTENS CRISIS

### Younger Element Takes Charge of Af- fairs in Many Sections of Sultan's Domain — Mutinies Among Troops Growing — Concessions Made to Pacify Sultan's Subjects.

Constantinople, July 24.—An imperial  
decree, issued this morning, ordains the  
assembling of the chambers of deputies  
in accordance with the constitution  
which has been elaborated by the  
sultan. The necessary orders for hold-  
ing the elections are also given.

Startling as was the sudden dismis-  
sal of Ferid Pasha from the grand  
viziership and the appointment of Said  
Pasha in his place, this step was nothing  
compared to the sensation created in  
all quarters this morning by the official  
announcement that the sultan had  
decided to convoke parliament. It  
was felt that in view of the general  
revolt in the army, unprecedented in  
the history of the Turkish empire,  
some change was inevitable and that  
far-reaching measures of reform in the  
central government were bound to be  
inaugurated. But the drastic action  
of the sultan, who took the reins into  
his own hands, by a stroke of the  
pen, suddenly yielded to the demands  
of the young Turks and restored the  
constitution of 1876, and the diplomatic  
corps, and in fact, the entire popula-  
tion of Constantinople completely by  
surprise.

Altho it was thought that the long  
sustained agitation might possibly  
bring about the form of parliament-  
ary administration, nothing so dra-  
matically abrupt was regarded as pos-  
sible. The immediate cause of the sul-  
tan's raising of the white flag was the  
receipt of a telegram addressed to him  
from the Albanians of Uskub, inform-  
ing him that they had taken arms in  
favor of the re-establishment of the  
constitution.

Young Turks Masters of Situation,  
Belgrade, Serbia, July 24.—CIPHER  
dispatches received here from the  
European viceroy of Macedonia de-  
clare that the young Turks are com-  
plete masters of the situation. All the  
Turkish authorities have surrendered  
themselves into their hands. There is  
great rejoicing everywhere.

The entire garrison at Uskub are re-  
ported to have mutinied, and the Al-  
banians are said to be marching upon  
the city, altho there is nothing to show  
whether they propose joining the mutiny  
or attempting to quell it.

Great Enthusiasm in Macedonia.  
Saloniki, European Turkey, July 24.—  
The imperial decree restoring the  
constitution of 1876, was read in this  
city this morning. Great enthusiasm  
prevailed.

Order Being Maintained.  
Cenna, July 24.—It is reported here  
that the towns of Macedonia, and the  
Sakalid in the hands of the young  
Turks. Order has been maintained  
everywhere.

EVANS' SON STRIKES SUPERIOR.

Lieutenant Has First Encounter With  
Commander in the Field.  
Honolulu, July 24.—Lieutenant Frank  
T. Evans, son of Rear Admiral Evans,  
and Lieutenant Commander J. F. Carter  
of the battleship Georgia engaged in  
a flat fight last Tuesday on board the  
latter's vessel. Every effort was made  
to keep the matter quiet, but it be-  
came public and was freely discussed  
among the sailors before the depart-  
ure of the fleet last night.

The incident will without doubt be  
brought to the attention of the naval  
authorities at Washington and an in-  
vestigation and possibly court-martial  
will be ordered. The affair, under the  
rulings of the department, will be  
regarded as a gross breach of naval  
discipline.

It was just after Carter had gone  
aboard his ship that the trouble oc-  
curred. The young lieutenant ap-  
proached the executive officer, and in  
a few moments their elevated voices  
attracted attention. Suddenly Evans  
dealt his opponent a terrific blow in  
the face. Carter reeled and almost fell.  
Friends interceded and prevented fur-  
ther hostilities.

Young Evans, during the presence of  
the fleet in San Francisco, defended  
sailors from his ship against a  
crowd that had attempted to rob them  
in a Pacific street resort. He held a  
mob of about twenty with a pistol  
while the police restored order.

Alps, which resulted in the death of  
twenty-five Italian workmen. The  
men were drilling inside the  
tunnel. Without warning their tools

London, July 24.—The first event in  
the Olympic games today was the pole  
vaulting. The officials to allow the  
American vaulters to dig a hole for  
their pole had been strongly ob-  
jected to, but the officials adhered to  
their decision and the Americans went  
in handicapped by having to jump with  
a spiked pole, an instrument to which  
they were not used.

None but Americans qualified for the  
final in the 110-meter hurdle. They  
were Shaw, of Dartmouth; Smithson,  
of the Multnomah Athletic association;  
Rand, of Harvard and Garrels, of Chi-

more will be added to the fair receipts  
this year than last, thru increased at-  
tendance from all parts of the state.  
The reduced rate will equal the old  
rate of one fare for the round trip,  
which ruled before the 2-cent fare law  
was enacted.

Chanler, of New York, and Representa-  
tive Bourke Cockran, congratulating  
him on his nomination and pledging

### MONEY IS MOVING

### Bank Exchanges in Leading Cities This Week Show Increase of 2.1 Per Cent Over Same Week Last Year — Chief Gain at New York.

New York, July 24.—Dun's Review  
tomorrow will say:  
Bank exchanges this week at the  
leading cities amounted to \$2,339,181-  
000, an increase of 2.1 per cent over the  
same week last year, and a gain of 0.2  
per cent compared with the corres-  
ponding week in 1906. While the state-  
ment in every respect is more satis-  
factory than it has appeared for some  
time, the chief gain is at New York,  
where an increase of about a hundred  
million dollars undoubtedly is due to  
greater activity in speculative chan-  
nels. The payments thru the clearing  
houses outside New York more faith-  
fully represent the mercantile situa-  
tion, and here the result is a reduction  
of about seven per cent from the bank  
decreases last year. The only large  
decrease was 2.91 per cent at Pitts-  
burg and there is no longer a sectional  
difference in these comparisons, the  
cash showing up quite as well as the  
central west, with only slight advan-  
tage in favor of the southwest.

### PROTEST IS ALLOWED.

Texas Legislator Mortally Wounds  
Opponent in Primary Fight.  
Dallas, Tex., July 24.—A political

ter was enacted at Comanche, Tex. E.  
C. Gaines, running for re-election to  
the legislature, met his opponent, J.  
W. Reese, and shot him down on the  
streets, inflicting mortal wounds.  
Gaines fired several times, one bullet  
taking effect in Reese's right lung.  
Both were candidates for the legisla-  
ture nomination for the legislature  
in next Saturday's primaries. Gaines  
during the last session attracted at-  
tention by his bitter opposition to Sena-  
tor Bailey. He refused to vote for the  
senator's re-election until a second  
primary of the democratic party could  
be held and a majority had instructed  
for Bailey a second time. Reese was a  
firm supporter of Bailey.
