**MANY AUTOS SOLD**

Nearly Fifty Buicks Sold by One Firm in This City and Central Iowa—A List of Some of the Recent Purchasers in This Vicinity.

It is astonishing how many automobiles have been sold in central Iowa this summer. The Eldridge-Beebe Automobile Company of this city have sold nearly fifty Buick cars, most of them of the large size. The Buick seems to have gained ground over all other cars in the west. For instance, in Illinois there were 920 autos added to the license rolls in that state during July and of these 140 were Buicks. Its nearest competitor had only 24 and the next nearest 61. Among those who are now driving Buicks bought at the Eldridge-Beebe garage in this vicinity, are:  
 Dr. H. H. Nichols, city.  
 Dr. Clark, city.  
 Dr. Mighell, city.  
 Dr. Jay, city.  
 Sheriff Hutson, city.  
 Merritt Greene, city.  
 G. D. Brown, city.  
 Geo. Beebe, city.  
 A. J. Clark, city.  
 Will Dishing, one of the Dishing Bros. gardeners, city.  
 S. L. Wedgewood, city.  
 Harry McCombs, city.  
 William Sherlock, city.  
 Russell Hatton, farmer, State Center.  
 J. G. Smith, Toledo.  
 I. S. Millard, Toledo.  
 John Hanson, Toledo.  
 Dr. Morton, Iowa Falls.  
 Dr. Holland, Melbourne.  
 Frank Gowdy, Will Walmeyer and Oscar Fox, all Marshall county farmers.  
 Ted Corbett, State Center.  
 E. Smellick, threshing machine owner, State Center.  
 K. P. Moore, W. G. McCormack, D. Brown, and A. C. Ryan, all of Traer.  
 E. A. Rhoder, Gladbrook.  
 Dr. Harold, Abilene.  
 J. Rath, banker, Ackley.  
 Fannie J. Crockett, Eldora.  
 There must be a reason for the preponderance of Buicks. The Eldridge-Beebe people would like to demonstrate these reasons to anyone interested in cars. They claim economy of operation, light repair expenses, power and endurance and speed enough for any purpose.  
 Besides the large number of machines sold, this company has done an immense business in automobile supplies and accessories and in the care and repair of touring cars on their way thru this city. The garage has become one of the principal stopping places for all tourists because of its excellent facilities for repairs, oil, etc.

**MEN HAVE \$12,000; WANT TO SPEND IT**

**Superintendent Hayden Asks Mayor That Employes Be Allowed Freedom of Town**

**GUARDS REMOVED TONIGHT**

Hayden Says Men Want to Buy Clothing, Shoes, Underwear, and Other Supplies, and Will Spend Money Here if They Are Permitted—Mayor Says Go Ahead.

Superintendent C. S. Hayden, of the Iowa Central, who today assumed temporary charge of the mechanical department upon retirement of Master Mechanic Feeley, called on Mayor Ingledue this afternoon and made a request that the men in the employ of the company be allowed the perfect freedom of the city, beginning at once, and that the guards on duty on the company's property be removed beginning tonight.  
 The mayor replied that the freedom of the city had been granted some time ago, and the men had been free to come and go at will. The superintendent replied that the men were afraid to come off the company property, owing to the experiences others had had in weeks past, or since the strike has been on.  
 Men Have Money; Want to Spend It.  
 Supt. Hayden informed the mayor that there was paid to the men in the shops last night, \$12,000 in cash. "Now these men," said Mr. Hayden, "want to come down town tonight and spend their money. The probabilities are that fully \$6,000 will be placed in the stores of Marshalltown this evening if the men are allowed to come down town and are not molested. If they find that they can't spend their money here, they will go somewhere else to spend it."  
 Mayor Does Not Look for Trouble.  
 Mayor Ingledue told Mr. Hayden that he did not think there would be any trouble, and that he would see that the men were taken care of by the police and punished like any other offender. He wanted to know why these men were not allowed to go back to work for the company. It was the law abiding men in the shops that he wanted protected.  
 Men Need Clothing and Shoes.  
 "The men in the shops," said Mr. Hayden, "about 175 in number, are in need of clothing, underwear, shoes and other furnishings and supplies, and I think most of their money will be spent for these commodities. They can't get them without going off the company's property."  
 One Experience Today.  
 Mr. Hayden said that what he was trying to avoid was an experience of one of the employes today. The man had his eye injured, and was sent down town to see the company's surgeon. He was met on the way, Mr. Hayden said, by a crowd of men, who told him he had better get back to work for the company. It was the law abiding men in the shops that he wanted protected.  
 Men Go for Families.  
 Mr. Hayden said that two of the men in the shops left yesterday for their former homes, to get their families, and bring them to the city. One of the men, Mr. Hayden said, had been employed continuously for seventeen years for one concern before coming here.  
 Mr. Hayden is also authority for the statement that two of the old employes of the company returned to work Friday.

**THE PEOPLE ALL**

In Chorus Cried, Give Us Newbro's Herpicide.  
 This word of late has been in everyone's mouth, and many are wondering what the word signifies, tho no one has yet found out what it means. NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and 1.00. For sale at all drug stores.

Do you appreciate that American "Steel Clad" irons cost more than others because they are better? Do you appreciate that this difference in cost is only trivial; that, as a matter of fact, they are the cheapest, if anything outside of mere first cost is considered? Is it not a fact that good goods cost more than the cheapest? Are you aware of the fact that outside appearance is of no consequence if the interior construction is not absolutely right?
