

Neurasthenia

is the physician's name for a condition of weakness or exhaustion of the nervous system. The patient finds difficulty in keeping his mind on his work, is inclined to worry over trifles, is often depressed and irritable, is subject to headaches or a feeling of pressure on the head, is sleepless, and sometimes the digestion is disturbed. A tendency to the disease may be inherited or it may result from almost any form of excess, from overwork and worry or the use of drugs or stimulants. The common name for this disorder is Nervous Debility.

in extreme cases, nervous prostration. The treatment consists largely in rest, recreation and the use of a tonic, the discontinuance of any practice that may have caused it and abstinence from tea, coffee or other stimulants. As the nerves receive their nourishment through the blood the latter must be built up and made rich and pure. Especially if there is loss of weight and a pallor indicating a weakness of the blood, Dr. Williams' Pink Pills are the tonic best adapted to effect a cure. They have been used by the most eminent physicians for the treatment of neurasthenia with most excellent results. The late Dr. Lanyon, who was physician to two popes, recommended them highly for neurasthenia and for similar disorders.

Home Treatment Dr. Williams' Pink Pills being perfectly safe as a family medicine without the necessity of a separate prescription for each case, are sold in packages under the well-known trade mark which is our guarantee to the purchaser of the genuineness, purity and harmlessness of the contents. Hundreds of nervous men and women have cured themselves at home with Dr. Williams' Pink Pills.

An Iowa Cure Mrs. C. F. Schroeder, whose address is Box 15, R. F. D. No. 1, Dixon, Iowa, says: "I suffered from nervousness for three years before I found a medicine that cured me. It is almost impossible to get help here and I have been obliged to do all my work. I became much run down in health and very nervous, was troubled with palpitation of the heart and became so thin that I weighed about 80 pounds. I read of a case like mine which Dr. Williams' Pink Pills had cured and started taking them at once. I could feel a change for the better while on the first box and took a pill until I was entirely cured."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

STOP CAR OF STEERS

CEDAR FALLS AUTHORITIES AT-TACH PROPERTY EXCHANGED FOR WORTHLESS CHECK.

PREPARE FOR QUICK ACTION AT NORTHWOOD

Message from Cedar Falls That Car of Steers Worth \$1,900 Had Been Detained There, Causes Action to Be Dropped at Northwood, However—Fairfield Man Was Loser.

Special to Times-Republican.

Northwood, March 26.—The sheriff of Worth county, a deputy clerk of the district court, and the people at two lawyers' offices, were kept busy for a few minutes, and then partook of somewhat delayed suppers last evening, when a message was received a few minutes before 6 o'clock from attorneys at Fairfield, asking that a writ of attachment be issued against a car of steers, worth \$1,900, which would pass thru on train 99, bound out of the state, in a few minutes. The cattle, said the message, had been part of the property for which a worthless check of \$4,949 had been given. One Harry I. Bell, of Fairfield, was the loser in the deal. The stock was said to be the property of one A. H. Boushman, a non-resident of the state.

It was rather difficult to get a bond on such short notice, even though the sureties were guaranteed by the Fairfield National Bank, for a \$10,000 undertaking was required, but one was finally secured, and the writ issued.

HEUERMAN BOUND OVER. Editor Sherman, of Thornton, Now Having His Preliminary Hearing. Special to Times-Republican.

Mason City, March 26.—Justice of the Peace Rankin bound Harry Heuerman, of Belmont, over to the grand jury on a charge of rape, upon the close of the preliminary hearing last evening. Sam S. Sherman, editor of the Thornton Enterprise, is now having his preliminary hearing, on the same charge. The alleged crime of which both men were accused, occurred in Thornton a week ago tonight, and its victim was Laura Parish, the 15-year-old daughter of Mr. and Mrs. W. H. Parish.

But two witnesses were called by the state, they being a little boy named Hugo Peters, and a girl chum of the Parish girl, Miss Cora Heming. Harry Ingersoll, son of Marshall Ingersoll, and one of the witnesses for the state, said that he heard the girl cry out for help from the Enterprise office across the street. In the Sherman hearing, the testimony is practically the same as in that of Heuerman, and much of it will be read from the court notes of the latter. Thornton is still all astir over the affair, and a large number of Thornton and Belmont people are in town attending the hearings.

JUNKIN'S TRIAL IN TWO WEEKS. Expected That Negro Will Be Taken to Ottumwa Soon.

Ottumwa, March 26.—Within the short period of two weeks, John Junkin, the self-confessed murderer of Clara Koston, is expected to sit in the court room at the Wapello county court house and face trial for the heinous crime which shocked and stunned all Ottumwa on the night of Feb. 5. In a little over two months from the day upon which the terrible crime was committed, the accused man will be in open court, battling to refute his sworn confession and show to the court that he is innocent. The trial is expected to furnish Ottumwa with one of the most unusual cases in the history of the court, for every indication points to it being one action of the laws of Iowa that will be of interest not alone to the relatives, friends and numerous acquaintances of the murdered girl, but to citizens of all Iowa and the middle states. There will be extra court attendants to care for the wishes of the officials, lawyers and individuals actively engaged in the conduct of the trial.

PLANTED BY SAFE CRACKER. Boone, March 26.—Ed Latham was badly burned by a 2,200-volt electric shock here. In trying to adjust an insulator on car trolley, the trolley connected with the high tension wire and Latham was knocked from the car and badly injured. He was taken to the hospital. A Crammer, with him, was also seriously buffed and was knocked senseless. Both men reside here.

RECIPE FOR KIDNEY TROUBLE AND RHEUMATISM IS SIMPLE

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been tried millions of times, viz: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for

ner of the warehouse, in which a car load of pipe was stored. The bottle of "soup" and a bundle of fuses each eight inches long, comprising the explosive part of a safe blower's outfit, were found by A. N. Soderman, a ship-chandler. The articles evidently had been planted by a safe cracker. The police have taken charge of the dangerous packages, and are searching for the owners.

PITCHFORK PIERCED BRAIN. Lad Throws Tool Over Load, Where it Strikes Brother.

Galena, Ill., March 26.—While intending to throw a hay fork on to a loaded wagon, Gussie Seubert, aged 16 years, pitched the fork over the load. One of the tines penetrated the brain of his brother, Willie, aged 10 years, and caused injuries from which he died two hours later.

INDIANS CONVERTED

After Thirty-Two Years of Missionary Work on Tama Reservation, First Accessions to Christianity Are Recorded—Converts Will Be Sent to Haskell School.

Tama, March 26.—Thirty-two years of work on the part of Christian missionaries among the Sac and Fox Indians has at length brought forth some tangible results. For twenty-five years the Presbyterian church maintained a mission on the Musquakie reservation just west of town. That church laid down the work seven years ago, and it was taken up by the United Presbyterian organization and has since been maintained by it.

Good work was done during all those years, and it cannot be said that the Indians have benefited materially. But there are no conversions until Monday evening of this week. At that time at the mission building Fred Lincoln and his brother, Harry, and George Mitchell, three of the most progressive and best of the Indians, professed to have been converted to Christianity. The missionary in charge, Rev. R. G. Smith, having faith in their professions, received them into the church, thru the ordinance of baptism, and administered to them for the first time the sacrament of communion. Great was the joy at the mission, as may be imagined, when one reflects on the long years that had passed before there was a conversion to give the missionaries tangible evidence of the good work they had done.

Tuesday morning the three Indians were sent by Rev. Smith to Haskell Institute, a well-known school for Indians in Kansas, where they will receive the education they now earnestly desire.

FIRE; KEROSENE; SUFFERING. Webster City Man Almost Loses Eyesight in Explosion.

Webster City, March 26.—The reckless practice of throwing kerosene on a slow fire to make it burn more readily, caused Clark Eckstein to receive bad burns about the face and nearly cost him his eyesight. He is in the employ of the J. C. Smith Transfer Company and his work keeps him at the barn most of the time. The fire in the office stove did not draw very well and Eckstein thought that he would blow it along with some kerosene. Accordingly he poured a quantity of it upon the bed of coals in the stove which generated gas, causing an explosion. The flames shot up in the young man's face before he had time to get out of the way and burned his face badly.

FIRE AT NEW HARTFORD. The C. Jennings Home Considerably Damaged—New Hartford News.

New Hartford, March 26.—A short time before noon Thursday, Mr. C. Jennings' house caught fire from the chimney, and was soon in flames. There was plenty of help, but the fire had saved most of the building, and the goods were gotten out, but some damage was done by the water. Just about a week ago Mr. Jennings had their home insured. Mr. and Mrs. George Yokum have a boy, born Wednesday. Frank Hoffman, the butcher, is remodeling one side of his house.

Death of Tama Pioneer. Tama, March 26.—W. H. Cummings, one of Tama's earliest settlers and one of her most highly respected citizens, died at his home in this city Tuesday night at about 11 o'clock. Mr. Cummings had been ill but a week and it was not generally understood that he was in danger, the announcement of his death, hence, a severe shock to all his friends and the family. He had an attack of pneumonia but inquiry Tuesday brought the information that he was improving. Funeral services will be held at St. Patrick's church Saturday morning.

Two Burned by Live Wire. Boone, March 26.—Ed Latham was badly burned by a 2,200-volt electric shock here. In trying to adjust an insulator on car trolley, the trolley connected with the high tension wire and Latham was knocked from the car and badly injured. He was taken to the hospital. A Crammer, with him, was also seriously buffed and was knocked senseless. Both men reside here.

WOMEN IN CANVASS

CLEAN-UP LEAGUE OF OTTUMWA DOING EFFECTIVE WORK IN CAMPAIGN.

MAKE DIRECT APPEAL TO VOTERS OF CITY

Urge Wives and Daughters to Use Influence to Induce Husbands and Fathers to Vote for Clean City Next Monday—Fathers and Mothers Appealed to Aid Crusade.

Special to Times-Republican.

Ottumwa, March 26.—In every part of the city scores of women interested in the great work the Clean-up Ottumwa League has undertaken, are making a house to house canvass, talking to the women and what men are found at home, in an effort to influence the voters to cast their ballots for the law enforcement administration on next Monday.

Instead of a demonstration at the polls on election day, it was decided to hold the canvass of the city today, Friday and Saturday. The action was taken immediately through the city upon presentation by the respective chairmen. In deciding to speak personally to the wives and daughters of the voters of Ottumwa, the women reached the conclusion that the words of the wives and daughters would have more weight with the men than those of a member of the league. Every woman in the meetings heartily indorsed the decision and responded in numbers to do the canvassing.

The following appeal has been issued by the women: "Every father and mother in Ottumwa should realize their responsibility regarding municipal affairs during the next few days. Let us not wait until our sons are drunkards or criminals, or our daughters are victims of these, before we show our willingness to protect them. Now is the time to strike the blow. Mothers! sacrifice the evil and join in the crusade against evil and by our prayers and influence we will keep the fathers' ballots white."

BODY TO MEDICAL SCHOOL. Lake City Pastor Resigns.

Lake City, March 26.—Rev. A. B. Miller, pastor of the Presbyterian church here, has resigned to accept a call to the Presbyterian church at Audubon, Iowa. Mr. Miller has been in charge of the work of the church at Lake City for the past three years, and is recognized as one of the strongest pastors among the younger men of his church. The Audubon church is much stronger, and the move is regarded as a promotion for Mr. Miller.

For Constipation. Mr. I. H. Barnham, a prominent druggist of Spirit Lake, Iowa, writes: "Price, 25 cents. Samples free. Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to feel better and to lose weight in effect. Price, 25 cents. Samples free. For sale by all dealers.

Creton. Frank Morgan, of Platt township, brought nine cubs to the office of County Auditor G. Schaeffer Monday afternoon. This was the first batch of young wolves taken this year at the auditor's office.

Coon Rapids. At the school board meeting Professor Wood was elected for the coming school year with a raise of \$200 on salary, and was employed. The board then heard, showing what the board thinks of him as an instructor and citizen.

Newton. Harvey Dolph and John W. Butler have recently traded farms, and each feels perfectly satisfied with the swap. Harvey's 80 acres in Kellogg township, valued at \$112 per acre, he traded for John's 120 acres in Palo Alto valued at \$125 per acre, and possession in each case is to be given right away.

Batavia. C. S. Cole letter carrier on route No. 1, of this place says he experienced one of the hardest trips with the delivery of the mail on last Thursday he has ever made in the past seven years. The roads on the day mentioned were so gummy that in places the wheels of the vehicle would not turn, and finally when the horses were unable to pull it any longer, he had to unhitch and come in horseback, leading the other horse.

Dubuque. The cry of the scarcity of desirable living quarters continues to be heard in Dubuque, almost everything at all available being grabbed up by one family before another has fairly moved out. A man who came over from Chicago to accept a position here, and who brought his wife and little girl with him, was compelled to send them back to the windy city, because an everlasting search failed to uncover anything at all to be desired by them.

Fort Madison. Mrs. Schaeffer, of this city, while out putting up a clothes line, dropped dead. Mrs. Schaeffer's mother, Mrs. George S. Schaeffer, a prominent druggist of Ft. Madison, was one of the highly respected and well known citizens of Ft. Madison and Lee county. Heart failure caused her death. She was 84 years of age and quite active for a woman of her age. Her sudden death came as a great shock to her friends and her family. The coroner was notified, but no inquest was held.

Clinton. The culmination to a pretty romance which had its origin with the visit of the American fleet to the shore of California last summer, ended its first chapter here when Miss Gertrude Ellis and Lieut. C. S. McCowell, of Los Angeles, Cal., were united in marriage at the home of Garret Lamb, millionaire lumberman, who is an uncle of the bride. Lieutenant McCowell was an officer on the Battleship Georgia and was with the ship when the fleet made

SNOWED IN BY BLIZZARD ON 9TH OF JANUARY

Not Rescued Until 21st Day of March—Little the Worse for Its Long Confinement and Straw Diet—Whittemore Reports Imprisonment of Turkey in Snow Drift for Fifteen Days

Special to Times-Republican.

Port Dodge, March 26.—An exceptionally curious mistake was made by the recent republican city caucus in the nominating of a candidate for park commissioner, and one which is causing no small amount of trouble to remedy. When nominations were called for in the city convention, in the belief that the term of Attorney Frank Farrell expired this spring, he was placed in nomination by acclamation, but it now develops that Mr. Farrell was elected twelve years ago for a term of six years, and therefore has four years yet to serve. Leon Vincent is the member of the commission whose term expires, and it is the intention of the republican committee to substitute his name for that of Mr. Farrell, if this can be done legally.

DETERMINED TO BE "JACKIE." Yankton, S. D., Boy Undergoes Necessary Operation at Sioux City.

Special to Times-Republican. Sioux City, March 26.—Coming to Sioux City for the purpose of taking preliminary steps toward becoming a "Jackie" in the service of Uncle Sam, Frank Lively, aged 21 years, of Yankton, S. D., when told by the examining physician that he could not be admitted to the navy unless he underwent an operation that might cause death, applied to a local hospital, wired his parents what he was about to do, and the next day took the anesthetic. After twelve days in the hospital, he is ready to go. He will be admitted to the naval service as soon as his condition is such that he can stand the strain.

Womas Suffers Unusual Length of Time From Terrible Disease. Sioux City, March 26.—After three months of suffering, with her jaws locked shut and forced to live on liquid nourishment, Mrs. Thomas H. Sturgis, aged 52, colored, passed away last evening at her home, 1000 West ninth street. The cause of lockjaw was directly caused, according to her husband, by an operation for cancer a few months ago.

When a cancerous growth began to threaten her life it was decided an operation would be necessary. Mrs. Sturgis was taken to Hot Springs, S. D., for treatment. After the operation the poison from the cancer spread thru the system and caused lockjaw. At first she was able to place her finger in her mouth, but for the past three months her mouth had been closed so tightly that nothing except soups and gruels could be given her.

For Constipation. Mr. I. H. Barnham, a prominent druggist of Spirit Lake, Iowa, writes: "Price, 25 cents. Samples free. GOLD DUST will take the grime and smut, grease and dirt from your pots and pans in a twinkling, leaving them as clean as when new

GOLD DUST is so far ahead of soap for cleaning pots and pans, that the woman who does not use it is really doing about twice as much work as necessary. The soap merely cleans off the surface, and does not dig deep after the germs of decay which accumulate on pots, pans and kettles which are in constant use.

GOLD DUST does more than clean—it goes to the very heart of things, kills every germ and sterilizes your cooking utensils. It makes them sanitariously clean and safe.

GOLD DUST does the work in just half the time that it can be done with soap or any other cleansers.

GOLD DUST is a vegetable oil soap in powdered form which starts to work the moment it strikes the water; it cleans quickly, easily and thoroughly.

Made by THE N. K. FAIRBANK COMPANY Makers of FAIRY SOAP, the oval cake.

Our New Room is Ready For Your Inspection

We have placed in this department all house furnishing hardware. Have added many new goods, and increased the assortment of standard lines. A little early for warm weather goods, but we will be pleased to show you thru this large line of household goods. You will find in same the Stewart and Majestic ranges, Herrick refrigerators, Standard and Detroit Vapor stoves, Delft enamelware, White Line wash machines, Chatham Fireless Cookers, and Rochester nickel plated ware. We cannot buy better goods in their respective lines, as they are not made. Guarantee is positive. We cheerfully make good, exchange or refund, on guaranteed goods.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women by the hundreds of thousands and this too in the privacy of their homes without their names having to be submitted to examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Dr. Pierce's GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in Plain English hosts of delicate questions which every woman, single or married, ought to know about. Sent free, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.
