There is no perceptible improvement in the condition of Mrs. Mary Haynes, 712 East Boone street, who was removed to St. Thomas hospital several days ago, upon being found unconscious in her home and suffering from acute intestinal trouble. Although Mrs. Haynes is still alive the attending physician holds out little hope today of recovery.

Mr. Merritt Green arrived home this morning from Rock Falls, Ill., where he was called a few days ago owing to the death of his brother-in-law, Richard Arey. Mr. Arey, who was a pioneer resident of Rock Falls, died on Wednesday, after a long illness. The funeral was held Thursday afternoon from the home at Rock Falls, interment following in the Rock Falls cemetery. Mrs. Green, who was called to Rock Falls two weeks ago owing to her brother's illness, will return home in about ten days.

At a meeting of stockholders of the Farmers' and Merchants' Telephone Company of this city, to be held at the Pilgrim hotel this evening, a permanent organization of the corporation will be perfected with the election of a board of directors and officers, and plans will be prepared for the building of the plant within the next few months.

This was the subject of the meeting as given out a few hours before it was held by stockholders who were here to attend. The stockholders, all of whom are interested in independent telephone plants elsewhere who attended the meeting were A. G. Hawley, Clinton; C. B. Cheadle, Joliet, Ill.; R. A. Walker, and W. J. Thill, Des Moines, E. H. Martin, Webster City, G. L. Saunders, Grinnell, F. M. Boardman, Nevada; and P. C. Hoag, Marshalltown, Iowa.

Begin Work by Aug. 15.

"By Aug. 15 dirt will be lying for the erection of the exchange," said A. G. Hawley, one of the principal stockholders before the meeting began. "We are going to build a modern, thoroughly equipped plant in every respect, using the automatic instruments. We intend to spend at least \$150,000, and fully \$100,000 of that amount will be expended in putting in the conduits, wires, etc."

"Is there any question, whatever, about the company installing its plant?" this stockholder was asked by a T-R reporter. "No question at all, it is a certainty," replied Mr. Hawley.

"What about the insinuation repeatedly made by the mayor that now that the franchise had been granted there was nothing doing in building operations or nothing in prospect?" Mr. Hawley replied: "The opposition is whistling to keep its courage up."

Messrs. Hawley and Cheadle will reconstruct the system. They have just completed construction systems in Illinois.

Present Organization Temporary.

The organization of the company as it has been up to the present time was merely a temporary one for the purpose of complying with the law, which makes it necessary that a corporation must have a set of officers and directors before it can become a legal corporation. At the meeting this evening, these temporary directors and officers will be succeeded by a permanent set, who will be the first active executive officers of the corporation.
