Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in his sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now consistently and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell would be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1305 Caldwell building, Monticello, Ill.

News of Grinnell and Vicinity. Special to Times-Republican.
Grinnell, Feb. 1.—Mrs. A. M. Huston, whose home is at Rugby Road, Tenn., but who has been visiting for several months at the home of Mr. and Mrs. C. C. Phelps, of this city, Mrs. Phelps being her sister, started yesterday for her home.

The Grinnell short course has drawn students from considerable distances as in the case of Mr. Brown, of Butler county, who has been here for a week as a student in the short course and at the same time visiting the family of his son, who are here for school purposes.

Mr. Lidka, who bought last year the Mrs. A. B. Goss farm one mile south of this city, has recently completed a large new barn 50x50 feet in size at a cost of \$12,000. Previous to this time he had built a fine double corn crib with all the modern improvements. With the new house which will doubtless be completed there before very long the place will be one of the finest in the vicinity of this city.

Receiver G. W. Sward and assistant, W. A. Butler, were in Grinnell on Saturday last to close up the affairs of the defunct First National Bank of this city, and disposed of over \$7,500 of notes, overdrafts and brick and tile stock for \$533. It is now understood here that the assets of the bank are all disposed of and the final dividend may be made.

In driving thru the country in any direction from Grinnell as a center one is struck by the sight of the rapidly increasing number of silos being constructed giving evidence of the increase of intensive farming. No farmer is to be quite complete without one of the latest pattern. Mr. Evans, who bought a year or so ago, the George Barnes place, formerly better known as the A. O. Price place, just south of the city limits, has recently added a silo to the new barn and other improvements he has made there.

Mr. Rodney Clark of this city, who owns a fine farm in Chester township, is mourning the loss of a good tenant in Mr. R. D. See, who with his family has moved to Buhl, Idaho, where he has bought a farm and plans to make his future home.

The papers changed hands today that gave to the Merchants' National Bank the fine two story brick mercantile building on Fourth avenue heretofore owned by Gifford and Manly of this city and used by Swisher Brothers on the ground floor as a clothing store, with offices above. Swisher Brothers have an unexpired lease of the building for three years and the bank has a lease of its present building for five years, but the impression has been given that at the psychological moment, the bank will enlarge its quarters, ready somewhat cramped, by moving into the new location and building to suit their needs.

Another short course student from a distance was Mr. Timms, of Hillsdale, Mich., who was here with Mrs. Timms visiting at the H. S. Lowrey home. Mrs. Timms and Mrs. Lowrey are cousins. Miss Lois Lowrey, a graduate of the college class of '09 and teacher in the New Sharon public schools, and Miss Mary Kelespie, also of the class of '09 and teaching in the academy at Denison, were at the Lowrey home for an over-Sunday visit.

Mr. G. L. Miles, who went to Illinois on business last week, was joined by Mrs. Miles later and both spent Sunday with their recently married daughter and her husband, Mr. and Mrs. Glenn Clark, at Aledo, Ill.

DOWN TREND CHECKED

WHEAT DECLINED AT OUTSET BUT MILD RALLY FOLLOWED IMPROVED BUYING.

BEARISH FACTOR WAS LOWER LIVERPOOL MARKET

Corn Started Easier, Influenced by Good Weather and Large Arrivals—Strength Injected Later on Commission House Buying—Little Change in Oats—General Decline in Provisions.

Chicago, Feb. 1.—Wheat had a downward trend at the outset today, but moderate offerings and improved buying checked the decline and a mild rally followed. The principal bearish factor was lower prices for grain at Liverpool. May advanced from 110 1/2 to 110 3/4 @ 110 3/4, after opening at 110 1/4 to 110 3/4. Receipts in Chicago, Minneapolis and Duluth were 492 cars. Wheat rallied on improved buying and closed strong, with May 3/4 higher at 111 1/2 @ 111 1/2.

Corn started easier, influenced by good weather and large arrivals. Later a little strength was injected into the market by commission houses. May opened at 66 1/2 to 66 3/4, and advanced to 66 1/2. Receipts were 669 cars. Corn advanced on outside demand and closed strong with May 3/4 @ 67 1/2 higher at 66 3/4 @ 66 3/4.

Oats started 1/2 lower to a shade higher, with country commission houses selling and pit traders absorbing the offerings. Later the market declined fractionally on a preponderance of offerings. May opened at 46 1/2 to 46 3/4, and closed 269 cars.

Provisions opened higher for pork, and lower for lard, and ribs were practically unchanged. In the first hour the offerings of different products were large and prices generally declined.

Chicago Grain Close. Chicago, Feb. 1.
Wheat—No. 2 red, 1.26 @ 1.28; No. 3 red, 1.20 @ 1.25 1/4; No. 2 hard, 1.13 1/4 @ 1.15; No. 3 hard, 1.10 @ 1.11 1/4.
Corn—No. 2, 65; No. 2 white, 67; No. 2 yellow, 65 @ 66; No. 3, 62 1/2; No. 3 white, 64 1/2; No. 3 yellow, 63 @ 64 1/2.

Bright and Steady
The **Rayo Lamp**

A bright and steady light depends upon the construction of the lamp. The best skill has put forth its best effort in perfecting the Rayo Lamp. As the air is fed to the flame—so does the light burn. The easy-flowing current of air through the air-tube of the Rayo Lamp secures a uniform light, with never a flicker or flare. The ideal family lamp. Made of brass throughout and beautifully nickelled. The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

Once a Rayo user, always one

HIGHER PRICE LEVELS

HOGS, SHEEP AND LAMBS GENERALLY TOOK UPWARD MOVE TODAY.

ONLY NOTE OF DISCORD WAS IN CATTLE DEALS

Buyers Didn't Want to Pay Over Steady Prices, But Improved Tone Prevailed Later, and Sales Went at Strong Figures—Top of \$8.70 for Hogs—Lambs Gained 15 to 25.

Chicago, Feb. 1.—The livestock markets generally moved to high price levels today. Hogs were up 5 cents, a top of \$8.70 being paid. The January run has been exceptionally light and figures about 250,000 less than a year ago. Nowhere in the west was supply heavy, the five principal markets having around 55,000, against 60,000 last week. The average weight of hogs received at Chicago last week was 211 pounds, against 209 the previous week and 205 a year ago when the market was filled with light stuff.

Provision interests regard the sensational effect of the food agitation and the beef trust prosecution as having lost its force as a depressing influence until something more striking develops. There has been thorough liquidation by speculative longs, pork having declined over \$2.25 per barrel, lard 1 cent per pound and short ribs about 1/2 cent from the recent high point. Prices, however, are still high, but values are warranted by reduced supplies of hogs and by the small stocks of cured product at packing centers. Consumer trade, while cut off somewhat by the high prices and the anti-meat agitation, is still liberal. Shipments of product last week were 1,568,000 pounds, or about 3,000,000 less than last year, and of lard 4,346,000 pounds, compared with 7,194,000 pounds last year.

Cattle. The only note of discord was in cattle. Buyers did not want to pay over steady prices, but later there was an improved tone and sales went at strong prices. The best price reported was \$8.40 for a load of the best steers the market afforded.

Shortage of cars in the west was given as the reason for the smaller run than the trade had expected Monday. A good many of the Iowa shippers claimed that the roads were unable to furnish them more than about half the number of cars they wanted. Still the fact that receipts were held to moderate volume was a good thing for the market, inasmuch as there were no appreciable number of unfilled orders in the late rounds yesterday, killers having adjusted their orders to suit conditions.

Beef trade is not such as requires a liberal volume of marketings, and the inability of the shippers to get cars in one way a good thing for the market. Perhaps when the cars are available a better situation will have been had in the beef market.

Sheep. Sheep and lambs gained 15 to 25 cents, with prime lambs at \$8.50 and heavy sheep at \$4.45.

Chicago Livestock. Chicago, Feb. 1.—Cattle—Estimated receipts for today, 4,500; opened strong.
