GETTING READY TO END SHORT COURSE

EXAMINATIONS, LIVE STOCK PARADE AND CORN SALE BRING IT TO CLOSE.

CLASSES TO BE EXAMINED AT HIGH SCHOOL BUILDING

All of the Short Course Classes Meet There at 9 in the Morning--Live Stock Parade Thru Business District at Noon--Auction Sale of Corn in Court House.

With examinations in the morning, a parade of livestock thru the business district in the afternoon, and the sale of the prize winning corn in the east court room, also in the afternoon, the third annual short course held here will come to an end Saturday. Preparations for these closing features of the short course were going forward rapidly today.

For the first time since the short course began the men and women of the classes will meet together in the high school building at 9 o'clock Saturday morning.

Examinations at High School. For about an hour Prof. P. G. Holden and perhaps others of the short course instructors will speak. Professor Holden will talk on the work to be done in the future and of the benefits to be derived from a continuation of the short course work thru study clubs and similar community organizations.

Beginning at 10 o'clock all of the classes will take the examinations. The men will be examined in corn and livestock and the women in the domestic science subjects which have been taught during the week.

Corn Sale in Afternoon. At 1 o'clock the fancy livestock which has been used by the livestock classes for study purposes will be paraded thru the business section of the city. The parade will be headed by one of the local bands. The line of march will be from First street east to Third avenue, and return to First street.

The hand will then lead the way to the court room where the prize winning corn, which is now the property of the short course association, will be sold at public auction to the highest bidder. The corn will be auctioned off by Professor Holden, and Messrs. Crossley, Bush and Drennon. When the sale is ended the short course, for at least three years, will have been completed.

Class Work Over Today. Today brought the work of all of the classes to an end. The corn study classes today devoted their entire time to a review of the work of the week, and to a study of the methods of crop rotation and of maintaining the fertility of the soil. Some of the prize winning corn was taken before the classes and studied for its points of superiority.

The stock classes today studied broad breeds. A group of five Poland China and four Jersey sows were studied by the classes.

A brief discussion of the care of broad sows preceded the lessons. A demonstration on the care and desecration of the domestic science class in the Baptist church basement this morning.

Denmead Speaks on Banking. D. T. Denmead, president of the First National Bank, addressed the joint corn and live stock classes late Thursday afternoon. He spoke on the relationship of the bank to the farmer, and touched on the value of a systematic habit of saving, and the value of savings banks to the farmer.

Hansen Speaks at Y. M. C. A. Fred M. Hansen, county work secretary of the state committee of the Y. M. C. A., addressed a small audience of short course men at the Railroad Y. M. C. A. Thursday night. The lecture was to have been illustrated, but the stereopticon could not be managed and the pictures could not be shown. Mr. Hansen spoke about the work being done in the rural communities by the county work department of the Y. M. C. A.

HAVE ROCK PILE NOW. Supervisors Revive Old-Time Method of Making Prisoners Work. The board of supervisors has established a rock pile in the jail yard, and has placed C. Yeager in charge of it. Beginning with today all prisoners arrested for minor offenses will be put to work making little stones out of big ones. For a long time the county has not had a rock pile, and judging by the number of arrests for vagrancy that have been made in recent weeks the "hobo" world was well aware of it.

GRAND JURY NEXT WEEK. Investigation of Special Session Goes Over to Monday. When the grand jury, which is investigating the charges against County Attorney J. H. Egermayer adjourned late this afternoon, it adjourned until Monday. The jury went into session again at 1:30 this afternoon. C. W. SANTEE TAKES NEW PLACE. From Chattanooga Medicine Company He Goes to Nelson Chesman & Co. C. W. Santee has resigned his position as manager of the newspaper advertising department of the Chattanooga Medicine Company to become office manager of the Nelson Chesman & Co. Advertising Agency of this city. The position which Mr. Santee assumes with the agency is a new one, brought about thru the growth of the business of this concern, making it necessary that Herbert Durand, the manager for Nelson Chesman & Co., be given the assistance of a man of Mr. Santee's experience.

At the present time the Chattanooga office of the Nelson Chesman & Co. agency is handling nearly 100 accounts, varying in amounts from \$500 to \$250,000 each. The volume of business handled by the St. Louis, Chicago, New York, and Chattanooga offices combined, amounted to several million dollars. Very few people are acquainted with the advertising which goes out from Chattanooga each year thru Nelson Chesman & Co., who have clients in nearly every city in the south.

Mr. Santee's long association with the Chattanooga Medicine Company as manager of the newspaper advertising department, has rendered him well qualified to take up the work which he has assumed. He is considered one of the highest authorities in the United States on all matters pertaining to newspaper circulation, rates, etc. This knowledge has been attained thru a long and careful study of the newspapers of every state from Maine to California. In addition to the services of Mr. Santee, the office force of Nelson Chesman & Co. has been otherwise enlarged in order to take care of the increased volume of business which will be placed by them during the present year. In fact the best evidence as to the prosperity of the south is shown in the increased volume of advertising which general advertisers have planned to place thru Nelson Chesman & Co. in newspapers, magazines and other mediums during the year 1910.

Mrs. Loyer's Mother Dead. Grief upon grief is the lot of the family of O. E. Loyer, of Cedar Falls, formerly of this city. Following the death of Inez Loyer, the 12-year-old daughter of Mr. and Mrs. Loyer, as the result of typhoid fever, Mrs. Loyer's mother, Mrs. D. E. Jerolman, died of the same disease. Mrs. Loyer herself is very critically ill, as is also her little son, and her baby is now convalescent after having had a run of the fever.

Marshalltown is to be the headquarters of the association, and the sales will be held in this city.

Smith, of Laurel, another prominent breeder, was chosen vice president, and Carl Lewis, of Taylor township, of the firm of Lewis Bros., Shorthorn breeders, was elected secretary. C. E.
