

A Little Cold. He caught a little cold. That was all. So the neighbors sadly said, As they gathered round his bed, When they heard that he was dead. He caught a little cold— That was all. (Puck.)

Neglect of a cough or cold often leads to serious trouble. To break up a cold in twenty-four hours and cure any cough that is curable, mix two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. Take a teaspoonful every four hours. You can buy these at any good drug store and easily mix them in a large bottle.

No endeavor is in vain, Its reward is in the doing; And the rapture of pursuing

Is the prize the vanquished gain.

NO DY PEP IA OR GAS ON STOMACH

Take a Little Diapessin Now and Your Stomach Will Feel Fine in Five Minutes.

Every family here ought to keep some Diapessin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapessin and take a little just as soon as you can.

There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach. Nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapessin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of dyspepsia, indigestion or any other stomach trouble.
