

PHILADELPHIA RIOT FILES HOSPITALS

THREE DEAD, THREE DYING AND 1,000 INJURED IN REIGN OF TERROR.

LAWLESSNESS RAMPANT IN CITY OF BROTHERLY LOVE

More Trouble Anticipated When Com- pany Attempts to Move More Cars— Laborites to March to City Hall in Big Demonstration—Militia Not Yet Mobilized.

Philadelphia, Feb. 23.—Three dead, three lying at the point of death in hospitals and more than 1,000 persons injured, is the toll exacted by the reign of lawlessness which has existed in this city for the past three days. There are indications that serious trouble may follow the company's determination to put on more cars. The result of this attempt and what may follow will probably decide the question of mobilizing the militia of the state in Philadelphia.

A movement is on foot to have the sympathizers of the striking street railway employees parade peacefully to the city hall, 100,000 strong, and thereby show the mayor and other officials the gigantic proportions of the threatened uprising should it later be decided to call a general strike. There were a few disturbances and some shooting early this morning, but no serious results.

The third death as the result of a conflict between the police and strike sympathizers occurred today when John Heugh, aged 18, died in the hospital. A policeman protecting a motorist, fired into a crowd of boys who were throwing stones at the car. The bullet struck Heugh in the neck.

Whistle Breaks Up Mob.

At noon 10,000 men employed in the Baldwin locomotive works, returning from dinner, blocked the street railway tracks. A riot call brought a detail of mounted police. As they passed there came from the windows of the shops a hailstorm of rivets, bolts, nuts and iron bars. Fire from the police revolvers had small effect upon the crowd, when suddenly the whistle at the works was blown. The crowd broke for the automobiles to the plant and in two minutes the streets were clear. The engineer prided himself on doing more with his whistle than the police were able to accomplish with guns.

MASONIC TEMPLE FINANCED.

Citizens Aid Fraternity in Efforts to Rebuild Burned Structure.

Creston, Feb. 23.—By a plan which has been evolved by a committee of the Greater Creston Club, it now seems possible that the Masonic home will be saved to the bodies comprising the Masonic fraternity here in Creston and the Temple Grand theater restored to its former condition. The plan outlined by the committee of the booster organization is to place a second mortgage on the building and to sell enough bonds, drawing a rate of interest to be secured by this mortgage, to pay off the second lien now on the building and all outstanding indebtedness against the building. The holders of the first mortgage have agreed to an extension of that lien when it becomes due and with the income which the Masonic order will derive from the building it is thought that when each incumbrance matures it will be paid off and that in a very few years the Masonic bodies will own the building free and clear of all liens.

WOLF-GAST WHIPS DANE.

Nelson Badly Beaten in Forty Rounds of Fierce Fighting.

Richmond Arena, Cal., Feb. 23.—His face battered to a pulp, his eyes closed, his lips puffed, charged with blood, and staggering helplessly about the ring today, Bettington Nelson, conqueror of Joe Gani, was saved from a knockout in the fortieth round of his fight with Ad Wolgast when Referee Eddie Smith humanely stopped a most unequal contest. Nelson, game to the last stand in the center of the ring and even though he could hardly raise his hands, begged to be allowed to continue. He was led to his corner heartbroken.

In the opposite corner of the ring the new lightweight champion of the world, Ad Wolgast of Chicago, Mich., was lifted to the shoulders of his trainers amid the cheers of the big crowd. Only once in the fight did Nelson have a chance, the twenty-second round, when with a stinging right cross to the jaw he staggered his opponent. Before the round closed he dropped Wolgast in the middle of the ring with a similar blow and three seconds were tolled off. The crowd prepared to leave the arena, the word went from bench to bench that another boy had fallen victim to the wonderful durability of the Dane. But in the next round Wolgast recuperated and slowly and steadily wore Nelson down.

In the thirty-eighth round, John Robinson, Nelson's manager, wanted to show the sponge into the ring, but

Abdul the Turk, one of the seconds tore it from his hands and threw it into the bucket. From then on, in each round, Robinson protested, on the verge of tears that his man was beaten.

When the fortieth came Referee Smith asked Nelson if he wanted to quit and Nelson, unable to talk, merely shook his head negatively. When thirty seconds of the fortieth round had gone and as darkness was beginning to creep over the scene of the fight, a full moon just beginning to peep thru the clouds, Referee Smith raised Wolgast's glove into the air and a new lightweight champion had come into Flintland.

Wolgast outgeneraled, outboxed and all but outgamed the great Bettington Nelson. After the battle Wolgast scampered out of the ring like a schoolboy and galloped thru the audience. Nelson was taken out on the arms of his seconds.

"AD" GETS \$3,750.

Nelson Claims He Trained Too Long and Lacked Stamina.

San Francisco, Feb. 23.—The lightweight battle at Richmond yesterday was the sole topic of conversation today among sporting men. Attendance at the fight is estimated between 13,000 and 15,000. Of the total receipts Nelson was guaranteed \$12,000 win or lose, with \$1,000 for expenses. Wolgast received \$3,750 for his end. Nelson gives his conqueror due credit, but maintains he trained too long and that he was down to weight too soon. It was the impression of many about the ringside that Nelson did not show his usual speed and accuracy.

CHAMORRO VICTOR IN HARD BATTLE

INSURGENT FORCES IN NICARAGUA OUTFLANK GOVERNMENT TROOPS.

TAKE CITY OF GRANADA, AN IMPORTANT POINT

Madrid and His Followers Much Dis- turbed Over Turn of Affairs and Be- cause of Unrest Among Soldiers— Report of Government Victory In- correct.

New York, Feb. 23.—The Herald publishes a dispatch from San Juan del Sur, Nicaragua, saying it is reported from Managua that the insurgents under Chamorro suffered a severe defeat yesterday at Tisma, near Tipitapa. The casualties on both sides were placed at 800. No confirmation of this reported engagement has been received in New York.

Washington, Feb. 23.—Victories of great importance to the insurgents in Nicaragua are told in dispatches received today at the state department. Chamorro, with the main division of insurgents, has evaded the government forces sent out to check him and by a flank movement has taken the city of Granada. The Chamorro family is very powerful there and the capture of the city is most important. It is inferred that Estrada, once believed to be going in the direction of Greytown, is marching to make a junction with Chamorro and attack Managua.

The losses to the government troops were terrific in the guerrilla warfare which raged the last few days. The dispatches say that after the engagement of the 19th, scores of unburied dead lay upon the fields. Losses to the provisionals were slight. Complete disorder and panic are spread thru the Madrid troops and government. All trains on the railroad east of Managua have been abandoned and the line is used only for military purposes. The situation in the surrounding country is becoming more serious for the government. The insurgents also recaptured the government steamer Victoria on Lake Managua.

Madrid is taking alarm at the unrest among the populace and has practically declared a dictatorship over the departments of Granada, Masaya and Carazo, and has appointed Julian Irujo Zelaya's prime minister, in charge of them, with plenary powers.

Calcutta, British India, Feb. 23.—Chinese troops today entered Lhasa, the capital of Tibet, and the residence of the dala lama, supreme head of the Lamaist hierarchy, who upon approach of the soldiers, fled with several of his ministers into India. Serious trouble has been anticipated owing to the action of a small Chinese army which is marching from Sze Chuen, China, and has subdued eastern Tibet, levying contributions on the lama's people and showing no respect for the monasteries. The Tibetans, resenting the desecration of their holy places, petitioning the Chinese foreign board, praying that the emperor of China interfere in the interests of the Buddhists. The Chinese propose to make the administration of the country purely Chinese. The dala lama appealed to Lord Minto, viceroy of India, but the latter refused to intervene. Westberg, pastor of the local church, who had worked hard at the conference meeting in Burlington last year to bring the \$100 meeting to Des Moines in the hope of securing the hospital for the city. Coupons for the amount were issued by the East Des Moines Commercial Club, but so far none have been signed nor has the club made any overture to the conference.

Members of Committee Say They Have Nothing But "General Reports" and That Something Official is Required—Senator Brown Defends Income Tax Measure—Washington News.

Washington, Feb. 23.—Peary's proofs that he reached the north pole were called for by the naval committee of the house today. The sub-committee having under consideration several bills introduced for the purpose of conferring various rewards upon Commander Peary for his explorations and discoveries adopted a resolution calling upon the secretary of commerce and labor for any official reports or proofs from Peary, confirming his discovery of the north pole.

BROWN DEFENDS INCOME TAX.

Takes Issue With Governor Hughes as to Validity of Measure.

Washington, Feb. 23.—Senator Brown of Nebraska, author of the income tax amendment, today spoke in the senate to the resolution of Senator Borah, directing the senate committee on judiciary to make an inquiry concerning the legal effect upon state securities of the adoption of the income tax amendment to the constitution. He devoted his efforts especially to demonstrating that Governor Hughes, of New York, was wrong in his assumption that the amendment would have the effect of laying the burden on the states, and in showing that even if it did have that effect it should be adopted by the state legislatures. He contended that the amendment does not alter or modify the existing relations between the states and federal governments.

IOWA ATHELETES SCARED

Doom of Contests Between State Colleges and University Read Between the Lines of Chairman Trewin's Speech at Alumni Banquet.

Special to Times-Republican. Iowa City, Feb. 23.—When Hon. James H. Trewin, president of the state board of education, took his radical stand against intercollegiate athletics and placed football under "banishment" at the law dedication banquet last night, he stirred the students and alumni of the state university as they have never been stirred before by the public utterance of a university authority. That athletic contests between colleges at Iowa City, Ames and Cedar Falls are doomed was the firm conviction of his hearers. As the head of the new board he is the most powerful factor in the educational policies of the three institutions. His remarks left no doubt as to his future attitude.

BOOST POLICE SALARIES.

Dubuque Will Pay \$75 Per Month For Special to Times-Republican.

Dubuque, Feb. 23.—Our city council has voted a \$5 increase to salaries of city policemen and there is rejoicing among the "cops". According to the action of the committee, the night captain, who has been receiving \$70 a month, will now get \$75. As this \$5 but restores a cut in salary which the captain sustained some time ago, it is really not so much a raise as a restoration to the old salary figure.

The day and night sergeants will hereafter receive \$70 instead of \$65, providing, of course, that the council takes favorable action upon the whole. The patrolmen will receive \$65 instead of \$60 the month if the raise goes into effect.

Allison, Feb. 23.—John Metcalf, a wealthy retired farmer and stock raiser, living in Allison, has offered to build a hotel building, at a cost of \$12,000, if the city will donate \$2,000 to the enterprise. The town owned a hotel, 40x70 feet, three stories high, until about a year ago, when it was destroyed by fire. Since that time the two small hostleries remaining, were found inadequate to accommodate the trade and a large hotel is needed. W. F. Day, president of the State Bank of Allison, offered to donate one-half of the amount asked by Metcalf, \$10,000.
