

Grundy Boy Swallows Pin. Special to Times-Republican. Grundy Center, March 4.—Earl Hawn, son of Mr. and Mrs. Will Hawn, swallowed a pin one day this week and the same was only located by the use of the X-Ray. It remained in his stomach for forty-eight hours, but finally passed out and the young man is now entirely out of danger.

Free Dyspepsia Sample

Sufferers from indigestion are waking up to the fact that peppermint lozenges, charcoal and "dyspepsia cures" are only makeshifts in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve the pain which will tone and train the digestive apparatus to again work normally, and this some scientific remedies cannot do. There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only contains digestive ingredients will not cure permanently, as the basis of indigestion is poor bowel circulation, and that requires a scientific laxative. We know of no remedy that combines these requirements better than our own, Dr. Caldwell's Syrup Pepsin, which has been sold for a quarter of a century. Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and similar complaints. Its ingredients will strengthen and tone the stomach, and work naturally and without any harmful effects. It is a pleasant, palatable, and safe remedy, and it is the only one that has been recommended by the medical profession. It is a free sample, and you can get it by sending your name and address to Dr. W. B. Caldwell, 1100 Caldwell building, Monticello, Ill.

For Sale!

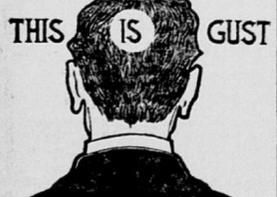

One of the best paying restaurants in Marshalltown is offered for sale, or exchange, will take city property or farm land in exchange. If you want to go into the restaurant business, and want one with a good trade already established it will pay you to investigate this proposition, as it is in a good location and has a fine trade established. We have 50x100 lot within three blocks of the Court House, can sell for \$750, or the owner will build a six-room modern cottage on this lot and both together will not cost to exceed \$3,250. Seven-room modern cottage, within five blocks of the Court House, fully modern, can be bought for \$2,000. One of the finest building lots in the city, on paved street and car line, 31-150. Half cash, balance time. We also have a four-room cottage that we will take a good driving horse as part pay. A seven-room house, good barn, full lot, nearly modern on paved street, \$1,000 cash, balance time.

NO RIGHT OF WAY

HIGH PRICE PRICE OF LAND STANDS IN WAY OF INTURBAN-BAN BUILDING IN IOWA.

BOOSTER COMMITTEE FINDS BONDS CAN BE PLACED

Neither the Lack of Money Nor Fear of Incorporation Laws Interfere With Projects—Farms Fail to Cooperate—Interesting Contest Over Location of State Convention.

Special to Times-Republican.

Des Moines, March 4.—It is not the laws of Iowa which forbid fraud and sham in the issue of corporation stock that stand in the way of building interurbans in Iowa, so the Des Moines boosters who are interested in this movement declare. Neither is it hysterical fear of the terrifying effects of a political campaign that is holding back the building. The real reason is that with land so high and land owners feeling so cocky it is found to be well nigh impossible to get right of way.

"We will have no trouble selling the bonds," said Mr. Miller, who is promoting a northwestern line, while here recently. "The money is ready and we can place the bonds at face value. But the trouble all lies in other directions. Right of way privileges are hard to get and there is not the co-operation in the town and country there should be."

In regard to proposed line the southwest it is an open secret that when the survey had been made and all arrangements completed, the men who were approached to furnish the money said that they would do so at once, but it would be necessary to show them that the survey was straight. An excellent survey was made, but the engineer had no standing in the east, hence a new survey is to be made by an engineer satisfactory to the moneyed interests.

The principal effect of the new Iowa law has so far been to frighten promoters, say to shut off a lot of wildcat promoting under which the promoters planned to issue stock and gather in a few dollars then drop out. It is freely predicted that the interurban planning of the future in Iowa will be on a much sounder basis than ever before.

Judge Prouty will resume his campaign next week, speaking at Milo, in Warren county on the 10th, and probably at Liberty Center and Lacona the next day. He speaks at Eldonia on the 12th, and he is assured of an excellent meeting in this former stronghold of standpatism. The friends of the progressive cause report that the outlook is improving immensely for Judge Prouty since his stirring speech and that the gain for him is noticeable.

The Des Moines people who go after conventions and things do not believe that the republican state convention will go either at auction, or as a prize fight, or as a hand fight, but they do recognize the Cedar Rapids as a prize fight in preparing to make a good fight for the place. Having looked over the list of members of the committee they have concluded that Des Moines will have an advantage and if Des Moines gets the place it will be because of a belief that the majority of the republicans of the state desire that their conventions shall be held here. Ottumwa is prepared to make about the same bid for the republican convention as for the democratic. The committee is to meet next Thursday. It is not known that all the members can be present.

It is expected that Supt. John F. Riggs will soon give some definite sign as to whether or not he will permit his name to go before the republicans again. He is in Indianapolis at the moment attending a national meeting of superintendents. There is no question that a great many of the school men of the state desire that Riggs shall run for the office, not so much because of any hostility toward any other candidate, but because of a general feeling that with such a large field the chance of getting a superintendent who would not fall out by the educators is excellent. Mr. Riggs has not said he would or that he would not be a candidate. Personally he is indifferent. There is not enough in it to make it worth while seeking it or making a campaign. But Mr. Riggs has taken great pride in his work and feels that the situation is such that there should at least be no radical departure from the progressive policy of himself and his immediate predecessor.

Commissioner W. L. Eaton, of the railroad board, will return next week from California so as to be present at the important hearings of this month involving various matters on Iowa rates. It is not yet known whether the coal rate question will come up, because an effort is being made to effect a settlement outside of the commission. This is one of the most important matters which has come before the board. The express hearing is also of great importance, for while the commission has rearranged a schedule there has never been any consideration of the fairness of the express rates as a whole. A question as to the propriety of reducing grain rates is also to come before the board at an early date. Another matter of very great importance to come up at the hearing next week is that of the adoption by the Iowa commission of the uniform demurrage rules which were formulated at the national meeting. The railroads, it is understood, will make no opposition to these rules.

MARTHUR GETS MASON'S PLACE.

District and Circuit Clerkships to Be Consolidated.
Des Moines, March 4.—William C. McArthur yesterday received notification of his appointment as clerk of the United States circuit court to succeed Edward R. Mason, whose resignation was requested by the circuit judges some time ago. The appointment is effective April 1.

WILL PATTERSON PAY?

RECREANT IOWA MINISTER MUST SUPPORT HIS FAMILY OR GO TO JAIL

MUST GIVE BOND TO PROVIDE FOR HIS WIFE AND BABE

Waterloo, March 4.—Will Victor M. Patterson, the recreant preacher, who made love to a girl in Brooklyn while his deserted wife at Ruthven, in Palo Alto county, Iowa, awaited his return, agree to post a bond of a reasonable amount, say \$5,000, to support his bride of a few months and her small babe?

The query is uppermost in the mind of the young wife, who, of course, is most vitally interested, in the mind of her attorney at Emmetsburg, who has been asked to open negotiations with Patterson looking to some satisfactory arrangement for the maintenance of his family, and in the mind of the public at large.

FOUR BITS FOR HONESTY

Waterloo Conductor Given 50 Cents for Returning Wallet Containing \$15.50 in Bills.

Waterloo, March 4.—Here is a young man who has a clear conscience. He also received the munificent sum of 50 cents in addition to being the possessor of said clear conscience. It all came about in this way.

Conductor DeWald, on an Eagle Point car, was performing his usual duties, the car proceeding north with two passengers, evidently man and wife and past the meridian of life. Arriving at Fifth avenue, the couple disembarked, leaving the car devoid of passengers. The car proceeded to Eagle Point where the conductor upon entering the door from the platform discovered a long, fleshy appearing wallet upon the seat. Picking it up he made a casual examination, finding therein a quantity of change aggregating approximately \$2.50. He placed the wallet in his pocket, the trolley was swung around and the car proceeded on the return trip.

Arriving at Fifth avenue the car stopped and the old gentleman who had but a few moments before alighted, came into the car and breathlessly demanded of the conductor how he had a pocketbook. "Give it to me, it's mine," he shouted, when answered in the affirmative.

"But what kind of a wallet was it?" the conductor demanded. The told gentleman described it and how he had lost it. He demanded that the conductor returned it to its owner.

"There's something here you overlooked, I guess," said the now radiant owner. Opening the bill section of the pocketbook (perhaps remotely suspicious something had been tampered with) he discovered a hundred dollar bill. The money was all there.

COUNTY HOSPITAL FOR POLK.

Signers For Necessary Petition Will Be Secured For Election in November.
Des Moines, March 4.—The vote on the question of a county tuberculosis hospital must go over to the November election, according to an opinion rendered by Attorney John J. Halloran, legal adviser for the board of supervisors, yesterday.

The opinion was rendered in compliance with a request made by the Polk County Medical Association with a view of holding the election at the June primaries. Petitions will be prepared between now and the fall election by those who are advocating the hospital and a thorough canvass made for the purpose of securing sufficient signers to insure the proposition being placed before the voters at that time.

Good Returns to Washington.

Cedar Rapids, March 4.—Congressman James W. Good, of the Fifth district, who has been here for almost a week owing to the illness of his aged father, left for Washington last night. The elder Mr. Good is much improved.

Horse Dies After Being Sold.

Grundy Center, March 4.—John Souers purchased an expensive driving team one day this week, hitched them in the barn that evening, and when he went out in the morning one of the horses had hanged itself and was stone dead.

MOVING IN WRIGHT COUNTY.

Many Changes on Farms in Vicinity of Clarion.

Clarion, March 4.—The spring movement among farmers and others is in full swing.

John H. Bergher moves from the Tom Finn farm east of Belmont onto the farm he bought one and one-half miles from Coulter. Mr. Tom Finn, Jr., moves on the above place, and Mr. Kraemer moves onto the farm of Finn, Jr.

Mr. John Stoffer moves two miles southwest of Alexander. Mr. Trager moves on the farm vacated by Stoffer. Mr. Weyman Weigans moves to Montana. Mr. Sam Tinkling Burg and brother move to Worthington, Minn. Mr. Busa moves on the Crista farm; Mr. Russell moves to Estherville.

Mr. Johnson moves on his father's farm, north of Belmont; O. Peterson moves to Dakota; David Veeder moves to South Dakota; Charles Webb moves to Montana; William Gelow bought the Webb farm, and Mr. Treese will work the same.

Mr. Larson Lathrop has bought the Sprengel farm, six miles south and moves on the same; Sprengel moves on the V. Timby farm, four miles southwest.

Mr. Lee moves from A. B. Cuppett's farm to a farm west and south of Goodell. Mr. Nelson moves on the Cuppett farm.

Mr. Hero Froling moves on the farm of his brother, Herman Froling, east of the city. Mr. Gruse moves on the farm vacated by Froling, now owned by Mr. J. N. Johnson. William Johnson moves to Belmont and his son will move on the farm vacated.

Mr. George Meachum and Mr. Ed Murphy move to Sterling, Colo. Henry Olson moves on the Ed Murphy farm. Mr. John Zumkims moves on the farm vacated by George Meachum, who moved on the farm bought of Knute Meachum.

William Kessler will farm the Luick eighty. Mr. John Dorenkamp bought his father's fifteen acres and will move on Goodell. Jake Dorenkamp moves on the C. & Slight farm two and one-half miles north of Rowen.

Mr. Hench moves to Winterset and Ed Galloway moves on the Hench farm, having bought same. J. O. Johnson moves to Forest City and a Mr. Farmer moves on the Tom Cullinan farm.

John Byl moves on the Galloway farm now owned by Chester Luick. Mr. Ole Tompson bought the L. Luick residence and will be a retired farmer. Mr. Luick and R. Klemma will build a fine residence this summer.

Mr. L. Martin bought the old Finn barn frame and will remodel it for a garage.

A HAMPTON ROMANCE

MISS ANIS MARKEN GOES TO LAS VEGAS, N. M., TO BE MARRIED.

THOUSAND-MILE TRIP TO MEET HER FIANCE

Becomes Bride of Harry R. Robinson, Formerly Local Manager of Hampton Gas Plant—Romance Began When Both Were Employed by Same Concern—Will Reside at Shoemaker, N. M.

Special to Times-Republican.

Hampton, March 4.—Following a pretty romance that commenced about four years ago when she was employed in the local office of the Hampton Gas Company as bookkeeper, Miss Anis Marken, daughter of Mr. and Mrs. J. W. Marken, of this city, started Wednesday morning accompanied by her father, on a 1,000 mile trip to Las Vegas, N. M., where today at noon she became the bride of Mr. Harry R. Robinson, who was local manager of the gas company at the same time.

Mr. Robinson has not been connected with the local company for some time, and has been absent from the city, but the attachment that was formed while he was here has not lessened, and the young lady now makes the long journey to join him in the far southwest.

Miss Marken has been employed in the office of Drs. Powers & Osborne for several months past. She has grown to young womanhood in this city and is one of the most accomplished and popular young women of Hampton.

Following the wedding at Las Vegas, the happy couple will go to Shoemaker, N. M., near which place Mr. Robinson has a homestead.

Her young friends and associates here did not forget to give a number of parties in her honor, and as a result, she was presented with many remembrances and useful articles as tokens of their esteem.

IOWA RIVERS RISING.

Warm Weather Causing High Water in Western Section.
Sioux City, March 4.—The thaw of the last few days has caused the waters in Perry creek and the Floyd river to rapidly rise, and residents along those streams are alarmed over the prospects of premature high water.

That the thaw is affecting other streams is evidenced by a telegram received at the Sioux City weather station from Yankton. It states that the James river, which flows into the Missouri at Yankton, has risen two feet in the last twenty-four hours and the ice is loose from the shore and has risen twenty inches with the water. The ice is not moving or breaking.

The Missouri river at Yankton has risen one foot, but the ice is not loose. A pontoon bridge over the Missouri at Yankton is being removed.

ICE OUT IN TWO WEEKS.

Old River Men Set the Date for Real Spring.
Special to Times-Republican.
Muscatine, March 4.—The suggestion of spring evidenced during the past few days has brought the query as to when the ice bridge across the Mississippi is going to break. The rivermen are making bets on it, the general supposition being that the ice will break before

A Dead Stomach

Of What Use Is It?

Thousands! yes hundreds of thousands of people throughout America are taking the slow death treatment daily. They are murdering their own stomachs, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature. This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digestives, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Millions stomach tablets relieve distressed stomachs in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Millions stomach tablets are sold by druggists everywhere and by McBride & Will Drug Company, who guarantee them. 50 cents a box.

Bright and Steady The Rayo Lamp

A bright and steady light depends upon the construction of the lamp. The best skill has put forth its best effort in perfecting the Rayo Lamp.

As the air is fed to the flame—so does the light burn. The easy-flowing current of air through the air-tube of the Rayo Lamp secures a uniform light, with never a flicker or flare.

The ideal family lamp. Made of brass throughout and beautifully nickled.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price.

Once a Rayo user, always one

As White As Snow.

No, that is not quite correct. Bob White Soap is not as white as snow, but it is pretty close to it. It is white. It makes clothes bright. It makes work light. In hard water or soft,

Bob White Soap

yields a really remarkable suds—a suds that CLEANS. For years and years, we have been trying to make a white laundry soap that will do better work than any now made—a soap that will do as good work in hard water as other soaps do in soft. Bob White Soap is the result. It does everything we hoped it would—and more!

Incubators

The 1910 Old Trusty Incubator is better than ever. The red wood case is covered with asbestos and then again covered with handsome sheet metal. We sell these machines on the same guarantee and on the same terms that the manufacturer does. 100 egg size \$9.80; 150 egg size \$12.50 and the 200 size \$16.50.

HORNE & GELVIN
