TO-NIGHT Arcarets

SPEERS BUYS SMITH WEST MAIN ACREAGE

VALUABLE TRACT AT TWELFTH AND MAIN STREET SOLD—WILL BE PLATTED. PURCHASER PREPARES PLANS TO DIVIDE IT INTO LOTS. Price Is Not Made Public, But It Is Said to Be Not Far From \$12,000—Buyer Gets Possession May 1, and His Intention Is to Develop Property at Once.

What is probably the highest price ever paid for acreage within the city's limits was the figure at which Charles R. Speers, president of the A. E. Short-Rill Company, today purchased of George W. Smith the latter's home at 1165 West Main street and the five acres which comprise the tract. The price paid has not been made public, but it is believed it was not far from \$12,000. The tract is the only unplatted portion of the Second ward, fronting on Main street, east of Thirteenth.

Mr. Speers gets possession of his purchase on May 1. He has already begun to prepare plans to plat the tract into building lots. He will reserve for his own use a building site of about 150x200 feet, fronting on Main street. The rest will be divided into lots of about 50x150 feet in dimensions. The preliminary plans for platting and opening the tract contemplate the opening of State street, and the opening of a north and south street, midway between Eleventh and Twelfth streets. This street is to be paved and sidewalks and curbing will be put down. Subways will also be built on State street, and in places the tract, which is highest on the Main street end, and slopes gradually to the north, will be graded.

THE BOUCHER FUNERAL. Body of Well-Known Woman Laid to Rest in Riverside. The funeral of Mrs. F. H. Boucher, who died Sunday night, was very largely attended from St. Paul's church at 10:30 o'clock this morning, in charge of Rev. William Pence James. The Episcopal choir furnished the music, and Mrs. Charles Myers gave a solo. A great many beautiful flowers were sent by friends as a mark of respect to Mrs. Boucher and her family, and included among them were many from physicians of the city and their wives. Among the flowers were pieces from St. Margaret's Mission and the Ladies' Guild of St. Paul's church; the Degree of Honor and the Saturday Afternoon Whist Club, of which Mrs. Boucher was a member; the Marshall County Medical Association, the Court of Honor, and the local tribe of Ben Hur, to which Dr. Boucher belongs; the resident members of the class of '05 of the Marshalltown high school, in which Leo Boucher graduated, and the Psi Sigma Tau fraternity, to which Leo Boucher belongs; the neighbors, and the T. V. Club, of Des Moines. The latter organization has among its members several personal friends of Mrs. Boucher.

DEATH AT DUNBAR. Half Sister of Frank G. Pierce Passes Away Tuesday. Mrs. Anna Pierce Dunham, wife of D. C. Dunham, and a half-sister of Ex-Mayor Frank G. Pierce, of this city, died Tuesday afternoon at the home of John Olson, at Dunbar, where Mr. and Mrs. Dunham went to live a week ago, when Dr. Dunham entered Mr. Olson's employ. Mr. and Mrs. Dunham have lived in LeGrand and its vicinity for about twenty years. Mrs. Dunham was born in Delaware county March 15, 1861. In her immediate family she is survived by her husband and four children, Frank, Clayton, Ethel, and Mary Elizabeth. One sister survives in the person of Mrs. J. N. Moore, of Seattle, Wash.; and the one-half brother in this city and two half-sisters. The latter are Mrs. W. E. Newnam, of Omaha; and Mrs. Edward Pyle, of this city. The funeral will be held from the Christian church at LeGrand Thursday morning at 10 o'clock, interment following in the LeGrand cemetery.

OBITUARY. Robinson. Miss Ora Robinson, aged 17, daughter of Mrs. Elvin M. Hilsabeck, six miles south of the city on Twelfth avenue, died at 1:45 this morning of pneumonia, after a week's illness. Miss Robinson was considered one of the brightest pupils in the district school where she was a pupil, and showed great promise in the line of drawing. At the county fair last fall she won several prizes for her work. The arrangements for the funeral have not as yet been made.

Local Weather Record. Forty-seven was the maximum temperature Tuesday, the same as the day

before. The temperature dropped to 26 during the night, compared with 24 for the night before. At 7 o'clock this morning the government instrument showed 27, compared with 25 for the same hour yesterday morning.

DR. NORBURY'S LECTURE.

Specialist in Mental Diseases Speaks Before Searchlight Club. A rather small audience and much smaller than it should have been, heard a most instructive and excellent lecture on "The Causes of Mental Diseases," 47 per cent were due to alcoholism, superintendent of the Illinois Eastern hospital for the insane at Kankakee, Ill., before the Searchlight Club of the Railroad Y. M. C. A. Tuesday evening. The lecture was of more than ordinary interest to physicians, but there was only one present. Dr. Norbury is an acknowledged authority on mental diseases, having devoted twenty-two years to their study.

Dr. Norbury discussed his subject from purely a scientific standpoint, being necessarily forced to condense it very much because of the shortness of the time and the breadth of his subject. He gave it as his conclusions, based upon his years of study and from statistics furnished from boards of insanity, that of the mental disease 47 per cent were due to alcoholism, 30 per cent were caused by syphilis; 18 per cent were due to hereditary causes, and 5 per cent were due to all other causes. The latter includes injury, sickness, and worry.

He said that many diseases ought to be regarded as any other disease is regarded and treated as such. No man, he said, should be regarded as under the pall because he was in an insane hospital. Dr. Norbury said we excuse ourselves on account of hereditary diseases when, as a matter of fact, we ought to be careful of the dominant characteristics we pass on to future generations. The hospital of which Dr. Norbury is the head has 2,600 patients, and 500 attendants. The superintendent has under him a corps of ten physicians.

STRIKERS DESERTING

According to Statement Made at Lennox Machine Company's Office Six of the Strikers Have Gone Back to Work—One Arrested by Police for Flashing Gun.

According to a statement made today by Secretary Morey, of the Lennox Machine Company, breaks have begun to appear in the ranks of the striking machinists and their helpers. According to Mr. Morey six of the strikers have applied for work and have been taken back. Also, according to Mr. Morey, there is absolutely no prospect that the company will make an effort to settle the strike.

Another desertion from the ranks of the strikers Tuesday night led to the arrest of the deserter, Burt McComber, a machinist's helper, who returned to work this morning. When a group of three or four strikers called McComber a "scab" he pulled an old revolver from his pocket and shook it at them. Deputy Marshal Clark, who, with other officers, was on the ground, arrested McComber and lodged a charge of carrying a concealed weapon against him. Later, when the revolver was examined, it was found to be empty and useless, because its mainspring was broken. McComber was arraigned before Mayor Ingledue in the evening and pleaded guilty. His father signed a \$100 bond for his son's appearance on March 28. McComber was then released. Police were again at the plant this morning when the force was returning to work. There were no strikers about and there was no disturbance.

FALLS AND BREAKS LEG.

Mrs. O. M. Richardson Slips While Scrubbing and Sustains Fracture. Mrs. O. M. Richardson, wife of an Iowa Central engineer, living at 2014 South Second avenue, fell Tuesday afternoon and sustained a bad fracture of the left leg at a point about three inches above the ankle joint. Mrs. Richardson was scrubbing the porch and was making her way down the steps when she slipped and fell. After the fracture had been reduced Mrs. Richardson was removed to the home of her sister, Mrs. Miles Kelleher, 209 South Third avenue, where she is resting as comfortably as could be expected.

PLAY OSKALOOSA SATURDAY.

High School Basketball Teams to Play Double Header. The girls' and boys' basketball teams of the high school will play similar teams of the Oskaloosa high school at Oskaloosa next Saturday evening. This is the first time the teams have met this season.

CLEMONS CREAMERY DOES WELL

Minerva Valley Association Pays to Patrons \$40,000 For Cream. The Minerva Valley Creamery Association, of Clemons, shows a very satisfactory fifth year's business in the annual statement which it has just issued, following the annual meeting. During the year the association paid to its patrons for cream \$40,494.74, and

Every Woman's Hair Should Be Beautiful

(From Style and Fashion, New York.) "Beautiful, glossy and lustre hair is within the reach of every woman who will only try," said Mrs. LeClaire, the French beauty specialist, today. "By trying I mean she must use intelligence as well as be willing to put forth the physical effort required. If your hair is dull, brittle, dry and breakable, it means that you are not taking intelligent care of it. "Stop your scrubbing, rubbing and rinsing. Soap and water shampoos only give you a headache, keep you indoors the better part of a day, and expose you to catching cold. "Every woman who wants abundant, lustrous hair should use a dry shampoo. Mix four ounces of powdered orris root with four ounces of therax. Sprinkle about a tablespoonful of this mixture upon the head; then brush the powder thoroughly thru the hair. "This cleanses the scalp and hair and gives the hair a beautiful glossy lustre—in addition to making it light and fluffy. Therax encourages the growth of hair."

Taxes Highest Since Days of Civil War

That taxes are higher this year than since the days of the civil war is the statement of Jonathan Read, a well-known farmer of Greencastle township, who was in the city Tuesday to pay his taxes on his quarter section farm near Gilman. Mr. Read has been living on the same farm since 1854, and has never missed a spring coming to Marshalltown and paying his taxes in person. He says that not since war times have taxes been as high as they are at present.

George Jackman has been the butter-maker, but he has been succeeded by his brother, Peter Jackman. The new officers of the association are: President, F. C. Davis; vice president, W. Morning; secretary, A. Brackney; directors, W. H. C. Woodward, H. H. Schaper, Fred Meier, C. H. Ross, and B. S. Hines.

WATER COVERS FARM.

Union Men Compelled to Abandon Attempt to Stock Monona County Land. Nate Jones and Clark Rowley, two young men from Union, who, in the employ of H. J. Benson, of Union, were entrusted with the duties of stocking the Benson farm in Monona county, arrived in the city Tuesday afternoon, having abandoned their project owing to the high water of the Missouri river which surrounds the Benson farm house and has been over the entire 500 acres. The main bed of the river lacked only ten rods of being to the house when the young men reached Onawa.

Jones and Rowley left several days ago for Onawa in charge of two car loads of farm machinery and teams. Six head of horses were included in the shipment. All of the horses and farming utensils were brought back to this city, and today sent to Union, Jones considering the horses too good to be left in the care of strangers until the waters receded and farming operations could be begun. The Monona county farm is largely sub-soil deposit, made by the river. When Mr. Benson bought the land a few years ago the river was washing the other way. Now, it seems, the course of the water has been changed, and the spring thaw has resulted in the land being submerged.

MAYER HAS OPERATION.

Harnessmaker of St. Anthony Patient in St. Thomas Hospital. Henry Mayer, a well-known harnessmaker of St. Anthony, formerly of this city, and a brother of Peter Mayer, is a patient in St. Thomas hospital, where, on Tuesday, he submitted to an operation for necrosis of the bone. Mr. Mayer met with an accident about two years ago, when he was kicked on the knee by a cow and suffered a fracture. The bone never healed properly, and fragments had begun to decay. The bone, at the head of the left knee joint, was scraped, and the decayed particles removed. Mr. Mayer's condition is as satisfactory as could be expected.

CAMPAIGN FOR MEN.

Church Men's Clubs to Hold Series of Evangelistic Services. At a meeting of the Federation of Church Men's Clubs, to be held in the Presbyterian church on Thursday evening, March 17, at 8:30 o'clock, plans will be formulated for an evangelistic campaign for men, to be held from April 11 to 25. The meetings, which will be held daily, at places which will not be selected until later, will be in charge of A. M. Bruner, an evangelist, of Chicago.
