FIGHT FOR SILVER CUP

WATERLOO HIGH SCHOOL BADLY BEATEN BY GRUNDY IN SECOND GAME.

THIRD AND DECISIVE GAME TO BE IN MARSHALLTOWN

Basketball Championship Honors Bring Out a Sharp Contest—Each School Has Won One Game—Waterloo, Outclassed, Adopts Rough Tactics—Other Iowa Sports Events.

Special to Times-Republican.

Grundy County, March 19.—A score of 27 to 10 tells the story of the second basketball game between Waterloo high school and the Grundy Center high school for the silver cup, these two schools being the two to fight it out for the championship.

A series of three games was arranged for between the two schools. The first was played at Waterloo and was won by Waterloo. The game last night was the second. Waterloo had written to Reinbeck, who had the cup from last year, to have it here last night as they were going to take it home with them. They also had written to Mr. Ferrier, superintendent of our schools, a rather insulting letter to the effect that they wanted our team to be ready for the game as it would be the last played between the two teams. However, their demands were nipped in the bud, for Grundy outclassed them from the start, the score at the end of the first half being 16 to 3 in favor of Grundy.

During the second half the home team made no extra effort to enlarge the score. Waterloo was very rough and was penalized constantly for pushing, tripping and holding while Grundy was penalized but a very few times for holding. The third game will be played at Marshalltown.

The referee was from Marshalltown and was eminently fair and gave the best of satisfaction. The roughness of Waterloo caused an injury to one of the home players that threatened to keep him out of the rest of the game, but he finally resumed play. The rivalry over the third game will be keen and large delegations from both places will likely be in attendance at Marshalltown to see the deciding game.

WANT MOORE TO RUN.

Move at Cedar Rapids to Return Representative to Assembly.

Special to Times-Republican.

Cedar Rapids, March 19.—A movement to compel Representative Ernest R. Moore to accept renomination has been started here. A meeting of his friends was held last night at which nomination blanks were given out. It is expected that a petition carrying 500 names will be filed for Moore. Representative business men have urged Moore to stand for re-election; he has been unwilling to consent, but it is understood that if the demand is strong enough, Moore's support is not confined to factional lines; the demand for his nomination coming from business men who felt that in the coming general assembly Cedar Rapids ought to have an influential representative. Dr. Gustavus North, a dentist and dyed-in-the-wool standpatter, is after the nomination, but if Moore consents to run North will get comparatively few votes at the primary.

CANDIDATE TO WEP.

W. W. White of Iowa Falls, Announces Nuptial Plans.

Special to Times-Republican.

Iowa Falls, March 19.—In the midst of a whirlwind campaign for mayor comes the announcement that W. W. White, the young attorney who would like to have the way of the reform movement just inaugurated in the municipal campaign here, will wed in June. The announcement of the young man's nuptial plans has just been made public and is of interest in college circles here for the bride-elect is Miss McWhiter, a student in the conservatory of music at Ellsworth College. Miss McWhiter's home is at Burt, Iowa, and it was while pursuing her studies here that she met Mr. White.

Lively Contest for Mayor.

Special to Times-Republican.

Parkersburg, March 19.—A lively contest is on here over the office of mayor, with Dr. R. S. Blair, the present incumbent, on one side, and P. C. Mahanke on the other. Dr. Blair is an oculist, and Mr. Mahanke a hardware merchant. The former heads the citizens' ticket and the latter the Peoples' ticket.

The issue is rather a matter of personality than one of principles.

Denison Democrats Nominate.

Special to Times-Republican.

Eldora Campaign One-Sided.

Special to Times-Republican.

Eldora, March 19.—There is at the present time only one ticket in the field for the city election to be held March 28, and as the latest date at which nomination papers could be filed has passed, there will probably be no more to enter the race. The present mayor, Grant Tyler, is a candidate for re-election, and stands as has previously, for order and law enforcement. Under the new state law passed at the last general assembly, several councilmen will not need to be elected, for while before each ward elected two councilmen, each now only elects one, and two councilmen at large. C. E. Greif, is candidate for councilman in the first ward, L. F. Brown in the second, Leo B. Marks in the third, and Stephen Sayer in the fourth. Carl S. Newcomer and Robert Follett are candidates for councilmen-at-large.

Correctionville.

The pen of barred plymouth rocks which H. W. Baldwin, of Sioux City, offered for the best ten ears of corn shown by a boy or girl from Woodbury county at the Iowa junior corn contest at Ames, was won by Thomas Gehrtz, of Correctionville.

Manson.

Henry Janssen of Lizard township brought a hog to town Saturday that was about all hog. The animal weighed 500 pounds and stood 45 inches. The size of the hog and the high price of pork both helped to make it one of the costliest hogs that ever went over a scale in Manson.

Remsen.

August Steffen holds the champion's belt as cattle grower. On Saturday, March 5, he delivered to William and Welch in Remsen, nineteen fat steers at the exceptional price of 7 cent per pound. They had an average weight of 1,470 pounds, brought \$104 per head and were pronounced the best article ever produced in the district.

This is one of the finest homes in the city and Mr. Miller is to be congratulated on acquiring it. They will get possession April 1. Mr. and Mrs. Jungkunz will not leave town, at least until fall.

Fonda.

While working on a barn near this place, Hart Roberts fell from a scaffold, breaking his leg at the ankle. In order to get the bones in place it was necessary to cut thru the flesh and place them in position. Roberts is well-known thruout the state as he is a professional baseball player and has at times been a member of the Sioux City, LeMars and Hawarden teams.

Clarksville.

The Wylie brothers were successful in landing some of the prizes in the corn contest, at the Farmers' Institute in Greene. Frank won the first prize on the 15-ear lot; second prize on single ear, and first on 10-ear lot and first prize in sweepstakes, but was barred out, as he had won prizes in these classes at Ames, Moles and Waterloo. Lemuel won second prize on the 15-ear lot; second on 10-ear lot white corn; first on special and first on single ear.

Spencer.

Word was received here that Herb Secor, for many years a resident of this city, but of late engaged in business in Chamberlain, S. D., had been found in his room overcome by the fumes escaping from a hard coal stove. About 1 o'clock that morning two young men who occupied an adjoining room heard him moaning and going to his bedside were told by him that he was suffering with stomach trouble and would be all right in a short time and that they should return to bed. Upon arising about 5 o'clock they again entered his room and were horrified to

EXPRESS RATE HEARING GOES OVER TO ENABLE SECURING OF EVIDENCE.

COMPANIS BITTERLY OPPOSE PROPOSED RATE REDUCTIONS

Few Complaints Going Before Rail Board Because of Delay in Shipments—Revision of Coal Rates in Iowa Comes Up Next Week—Cases Recently Closed.

Special to Times-Republican.

Des Moines, March 19.—The rail board began its investigation in express rate matters on Wednesday, the 16th. The Iowa State Manufacturers' Association introduced a proposed schedule of merchandise rates per 100 pounds, also a graduated scale for packages of lesser weight. This proposed schedule makes no change in rates less than fifty miles, over that up to 500 miles, however, the reduction is considerable. The express companies will bitterly contest the adoption of such rates and the whole hearing has gone over for ninety days in order to enable the Iowa State Manufacturers' Association to complete their case and the express companies to make answer in detail to the figures thus presented. The next hearing in express rate cases will occur on June 16.

Hearings next week are as follows: Tuesday, March 22, proposed revision of grain rates in Iowa; Wednesday, March 23, Boone Brick & Tile Company vs. C. & N. W., in re-switching charges, also motion for rehearing in the case of G. W. and Paul Schreurs, Muscatine, vs. C. E. I. & P., building of proposed industry track; Thursday, March 24, proposed revision of coal rates in Iowa.

New cases filed with the board the past week referred in particular to station and train service. There were only three complaints made with reference to delay in transit, which indicated that the car shortage is nearly over. Other complaints filed with the board relate to switching, condition of railroad crossings, drainage, telephones in depots, etc.

The following cases were closed during the week:

Citizens of LuVerne vs. M. & St. L. Telephone in depot. Telephone was installed as requested.

John Crawford, Minburn, vs. M. & St. L. Failure to furnish cars. Cars furnished as desired.

William Vasey, Collins, vs. C. M. & St. P. Failure to furnish cars. Cars furnished.

L. W. Flack, Linden, vs. C. M. & St. P. Failure to furnish cars. Cars furnished.

Notwithstanding that Woodbury county ranks first in the production of butter in Iowa, people here are paying from 5 to 10 cents more for creamery butter than is charged the New York millionaires in their home market. A farmer here paid 35 cents a pound of creamery butter to feed to corn pickers working in his fields the middle of March, this year. The high price for creamery butter is explained by the fact that the production of cream hereabouts is short just now and that dairy butter is very scarce. The creameries charge local dealers about 32 1/2 cents a pound for the butter and sell it in New York and Chicago for from 25 cents to 31 cents.
