

Itching Scalp

Easy to Get Rid of by Using Parisian Sage, the Guaranteed Hair Invigorator.

Just as long as you have dandruff your head will itch. It's the little microbes that are gnawing down into the hair roots. It may take a long time for these persistent pests to get down to the vital part, but when they do, they will destroy the life of the hair in a very short time.

If you want to stop itching scalp and drive away dandruff, you must first kill the dandruff germs or microbes.

Parisian Sage will do this. Just get a 50 cent bottle today; relief will come immediately, and at the end of two weeks your itching scalp and dandruff have not disappeared, you can have your money back.

Parisian Sage is also a delightful hair tonic, and is used by refined women who desire fascinating, lustrous and luxuriant hair. A large bottle only costs 50 cents at McBride & Will Drug Company. The girl with the Auburn hair is on every bottle.

Schedule Prepared by Moore is Sent to Rural Line Directors.

A written schedule of rates for rural telephone users was sent to the directors of the Farmers' Rural Telephone Company Association, when they met late this afternoon. This schedule, which was prepared by President A. A. Moore, of the Marshall Telephone Company, was the result of a conference which the rural line directors held with Mr. Moore this forenoon. It was not known what the details of this schedule would be, and the directors said this afternoon that it depended on what the directors of the city line would do.
