trial 2:00 p. m. This animal is well known to turfmen. He was consigned by C. E. Robinson, of Chicago, to the February sale of the Chicago Horse Sales Company, for the reason that he is to go south with another horse for the season. Mr. Robinson raced Gold Coin last season, winning first money in three straight heats in the following events: July 31 at Alpena, Mich., 2:35 class; Aug. 23, Valparaiso, Ind., 2:12 class; Sept. 4, Benton Harbor, Mich., 2:15 class; Sept. 9, Woodstock, Ill., 2:15 class; Oct. 21, Aurora, Ill., 2:10 class. Robinson also won the cup with this horse for free-for-all pacers on the ice in Chicago last winter during the matinee races. Gold Coin is also a show horse, winning the blue ribbon in his class at the Chicago stock show last fall for looks and individuality. He is an ideal road horse, afraid of nothing and was purchased by Mr. Nelson for that purpose, not for the race course or speculation. Mr. Nelson bought him for about the price of an ordinary driving horse and has refused several offers for him since bringing him to the city. The horse was sold cheap on account of not being regularly catalogued, and Mr. Nelson availed himself of the opportunity to get him on the second day of the sale, after supper, when the crowd was light. Hence the bargain. AFRAID OF CONCRETE. Streets and Alleys Committee Not Ready on Paving. Chairman Herman, of the streets and alleys committee, informed the council Monday night that the committee was not yet ready to report on the paving, or recommend concrete paving, as the committee has agreed to do. Mr. Herman announced that he had become afraid of concrete, or rather of recommending the laying of 90-000 yards, in view of the fact that he had learned that in Davenport a few blocks of concrete put in as a sample had proved to be very unsatisfactory. Mr. Herman said that now he was investigating the brick block paving, with one and one-half inches of sand filler. He said that concrete paving here would cost, in his opinion, from \$1.60 to \$1.65, and that the brick blocks could be laid for the same money. Mr. Herman intimated that he would have something to report at the adjourned meeting Wednesday night. ALL INJURED DOING NICELY. Patients at St. Thomas Are Doing as Well as Possible. The eleven remaining wreck victim patients at St. Thomas hospital are all doing nicely. Jay Switzer, of Waterloo, and Mrs. William Tietz, of Reinbeck, are the worst sufferers, owing to the nature of their injuries. Switzer is in pain most of the time, owing to his terrible fractures of both legs and one arm. The compound fracture of both legs and arm became infected, and drainage tubes were necessary in both. The boy's back was so badly cut, scraped and bruised that it is almost unbearable. He is in the one position on the back, all of the time. This is necessary, however, owing to the fractured legs. TO LAY MORE STEEL. Iowa Central to Put Down New Rails North of Ackley. The Iowa Central road department will begin soon to lay new eighty-pound steel rails from a point one and one-half miles north of Ackley to Manly Junction. The mills will begin to de-

ferred until the next meeting on Mr. Herman's motion. The mayor announced that anything in connection with the wells must be done by the water works committee or council; he refused to take any responsibility further than to do as the council directed. MILLER PAYS FINE. Chiropractor Settles Case by Paying Up Fine and Costs. F. M. Miller, the chiropractor who was convicted in the district court in 1907 for practicing medicine without a certificate from the state board, and whose case was more recently affirmed in the supreme court, has paid the judgment of the court, in the shape of a \$300 fine and costs, amounting altogether to \$520, aside from his attorney's fees. BUTTER DEMONSTRATION. One Pound of Butter Out of One Pint of Milk. See this wonderful little machine which electricity merges and emulsifies sweet milk into oleomargarine, dairy or creamy butter, in two minutes. No chemicals used, cuts butter bills over one-half. The machine will be on sale and demonstrated at the Mutual Benefit grocery store, No. 33 North Center street. J. H. Brunner, the general agent, will demonstrate every day from 9 a. m. to 5 p. m. Bring your butter and milk, put it in the doubler, turn the crank and in two minutes take out your home-made butter. Funeral of Miram Clay. The funeral of Miram Clay, who died suddenly at Bancroft, S. D., Saturday, was held Monday afternoon at 3:30 o'clock from the home of his daughters here, Mrs. C. D. Swick and Mrs. Clara Loder, 108 1/2 West Church street. It was quite largely attended by neighbors and friends. The beautiful floral offerings included pieces from the Excelsior Aid Society, Baptist Hill Bible Class, and Benedict & Brintnall, and B. W. Sinclair stores. Miss Stella Frazer sang, Mrs. F. G. Stewart accompanying her on the piano. The pallbearers were George Allen, brother-in-law of Mr. Clay, Rex C. Loder, James Walker, and D. D. Clay, all grandsons, C. H. Clay, a son, and Mr. H. G. Brintnall. Interment was in Riverside. The body was accompanied here by C. H. Clay, of Bancroft, S. D., and D. D. Clay, of Wendell, Minn. In the Police Court. R. Williams, colored, arrested by Chief of Police Nicholson for being drunk, was given five days on the stone pile by Justice Millard this morning. John Mathey, arrested by Constable Reed Monday afternoon, charged with threatening to commit a public offense against Mrs. Anna S. Thompson, residing on Summit street, pleaded not guilty before Justice Peck and furnished a bond to appear Wednesday morning at 9 o'clock. Licensed to Wed. William Matnard, laborer, aged 26, of Sullivan, Ill., and Anna Frederickson, aged 17, of Marshalltown. CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J.
