

A SAN FRANCISCO PHYSICIAN

Uses Herpicide Successfully in Treating Syphilis of the Beard. He says: "I recently treated a case of syphilis (similar to barber's itch) of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

ATHLETES GETTING BUSY

STATE COLLEGES MAKING PREPARATIONS FOR SPRING TRACK MEETINGS.

DRAKE ONLY BIG SCHOOL WHICH SHOWS WEAKNESS

Slump in Baseball Team—State Golf Association Preparing For Annual Tournament—Cedar Rapids High School After State Championship Honors.

Special to Times-Republican.

Iowa City, April 16.—One more week and the spring athletic season will be on in full blast among the colleges of Iowa. Today the preliminary signal of the coming events is sounded by an "all around championship" at Drake University, Des Moines, but most of the home meets will be held a week hence and the ball tossers will then be in action placing the regularly scheduled games.

With the near approach of the season, the prospects, bright at first, continue to grow even brighter, and the interest in sports promises to be more pronounced than ever in this state. There are larger squads of candidates out for the track and baseball teams throughout Iowa's institutions of higher learning and the general enthusiasm of the student bodies has increased over previous years.

As an example of the interest in sports Cornell College, the small Methodist college at Mt. Vernon, has between fifty and sixty men out for baseball and there are a few full teams ready to play a close game of ball any afternoon, as the men being eligible "variety" material under the Iowa state rule. On the other track this institution will have meets with Lander Clark and Coe besides a home meet and the Grinnell College state meet for secondary schools. This is a good sample of the athletic industry exhibited at the average small college in the state this year.

The surprise of the spring's results will be the showing of Drake University at Des Moines. According to the preliminary "dope" the track team is riddled. This school will have no base ball team because of lack of eligible material so that it will be represented only in one branch of spring's sport, and this representation will be weak. Drake won the football championship last season and has always been a strong factor on the track and diamond. With this exception most of the schools will be much stronger than previous seasons. However, even at Drake the enthusiasm over the class games and the number of candidates out for the track team has not diminished.

Golfers Preparing for State Meet.

Iowa City, April 16.—With the dates set for July 11 to 16 inclusive, and posters sent out to the clubs, the tenth annual golf tournament of the Iowa State Golf Association which is to be held on the links of the Cedar Rapids Country Club promises to be the most largely attended golfing event ever held by the I. S. G. A. Secretary William J. Maxwell has secured the list of all the golfing organizations in Iowa from Crafts Higgins, editor of the Western Golfer. The total number is thirty-two of which ten are members of the state association. Mr. Maxwell has asked that all the clubs which are not included in the membership join if possible and co-operate to make the tenth annual event the best in the annals of Iowa golf. He has also sent a circular letter to these clubs asking that the names of the officers, the number of members and other data be forwarded to him so that a permanent record may be compiled.

In connection with the permanent statistics concerning the golfing organizations of the state a history of Iowa golf will be written by Warren Dickinson, of Des Moines, the "Dean of Iowa Golf." Dickinson helped organize the state association ten years ago and he has played in every tournament since. He has been state champion and Transmississippi champion and has always been considered a dangerous factor in every state event. This history will be incorporated in Mr. Maxwell's records.

The links of the Cedar Rapids Country Club are being prepared for the tournament under the direction of Secretary Maxwell and President Henry V. Ferguson, father of former State Champion Murray H. Ferguson, who has located permanently in Chicago. Young Ferguson will be married in June to a Miss Parrott, of Waterloo.

Cedar Rapids High Expects to Win.

Special to Times-Republican. Cedar Rapids, April 16.—Cedar Rapids high school athletes are figuring on winning the state championship this year. The boys have been giving faithful attention to practice, and a number of stars have developed. They are confident of easily winning the championship. The high school athletes have had the advantage of being coached by Murray Flanagan, a former Grinnell College star and at present one of the secretaries of the Y. M. C. A.

Iowa Has Tournament.

Special to Times-Republican. Burlington, April 16.—Secretary J. B. Sutter, of the Iowa State Sportsman's Association, has completed the program for the thirty-third annual shoot of the association to be held in this city May 10, 11 and 12 of this year. The Burlington Gun Club will unite

with the state organization in making the affair a success. It will far surpass the shoot of last year and promises to be the biggest ever held in the state. The most famous shooters in the country will be here for the occasion and the interstate association has so arranged the dates that there will be no other shoot to conflict, which insures the presence of the big fellows, as they will have no other engagements. In addition to the big fellows, the men with world-wide reputations at the traps, there will be numerous lesser lights and scores of amateurs whose work has won renown throughout the state and in adjoining states.

Among the famous trap experts who will grace the shoot with their distinguished presence will be Tom Marshall, of Keokuk, ex-mayor and best-known of shooters on both sides of the ocean; and Gilbert, of Spirit Lake, Rollo Himes, Charles Spencer, L. H. Fitzsimmons, Crosley Dockendorf, Bert Wagner, Asher, Barber, Garrett, Beckwith, Ford, Budd, Kolb, Ditto, Wetleaf, Adams, Elliott, Ridley, Bolton, Magill and a string of others.

Frts Gilbert in particular holds a record that may never again be equaled. He made an average of 97.20 per cent during the year of 1909. The tournament will be held on the grounds, adjacent to the Burlington Golf club on the west.

City League For Cedar Rapids.

Special to Times-Republican. Cedar Rapids, April 16.—This city will be off the baseball map this year except for local games. It is now planned to organize a city league, composed of fast amateurs, and it is hoped to develop a deal of interest in the games. It is planned to have two games every Saturday. A few years ago Cedar Rapids had a city league, which developed such rivalry between the teams before the season was ended that the attendance reached into the hundreds at every game, and professional players from the big leagues were imported. In the new league Sunday games will be barred. The enthusiastic promoters will meet tonight to discuss the situation and possibly, effect a permanent organization.

COSTS MORE TO EAT.

Cedar Rapids Restaurants Raise Meal Price to 35 Cents.

Special to Times-Republican. Cedar Rapids, April 16.—A general increase in prices is announced at most of the city restaurants. Heretofore the popular price has been 25 cents per meal, but this week a 10-cent raise went into effect and now the individual who wants anything but a short order is compelled to dig up 35 cents.

Watch for the Comet

The Red Dragon of the sky. Watch the children for spring coughs and colds. Careful mothers keep Foley's Honey and Tar in the house. It is the best and safest prevention and cure for croup where the need is urgent and immediate relief a vital necessity. Its prompt use has saved many little lives. Contains no opiates or harmful drugs. Refuse substitutes. The McBride & Will Drug Company.

Madrid.

Ground was broken the first of the week for the construction of the company's factory building on the right of way of the Milwaukee main line, near the stock yards east of the depot. The work of erecting the foundation for the building has begun. The company has been delayed by the dilatory actions of the Milwaukee officials, but now that all matters regarding the lease have been definitely concluded the work will be pushed with all possible dispatch.

Fairfield.

Rev. W. A. Wolgemuth of Enola, Pa., whom members of the English Lutheran church of this city called a couple of weeks ago notified the members of the church council of his acceptance of the call and expressed his appreciation of the unanimous call extended to him by the members of the church here to whom he is an entire stranger. The members of the church here who he came in contact with Wolgemuth has decided to leave his eastern home for the western field.

Keokuk.

E. B. Drake, one of the best known citizens of Keokuk, died Wednesday night in his 80th year of old age. He had been ill since November. Mr. Drake is survived by a brother, P. J. Drake, of Veardiden, Ark. During his residence in Chicago he came in contact with many noted people, among them being Abraham Lincoln and Stephen A. Douglas, with whom he became great friends. Mr. Drake once said: "I was a democrat before I met Abraham Lincoln, but he made a republican out of me."

Des Moines.

State Dairy and Food Commissioner Wright has instituted three suits against Iowa seed dealers for offering for sale or selling seed corn which does not meet the standard of purity required by the state laws. Two suits were brought against John C. Preston, of Crystal Lake. In the first suit he is charged with selling white seed corn which germinated only 75 per cent, while in the second suit the charge is that of selling yellow seed corn germinating only 70 per cent. The third suit is against L. A. Nelson, of Crystal Lake, who is charged with selling or offering for sale seed corn which germinated only 91 per cent.

Denison.

In the prosecution of the work of sinking the city wells, an accident occurred which resulted in W. J. Northam, the contractor, receiving quite a severe injury. It was while lowering a four-foot curb in one of the new wells that it caught on the side, and while making an effort to loosen it it suddenly dropped about sixteen feet to the bottom of the well, carrying Mr. Northam with it, and throwing him with such force as to injure one of his legs severely. One of the other men who was assisting in the work, narrowly

PICKS GARST TO WIN

MAJOR RATHBUN, LEADING STANDPATTER, SEES LITTLE CHANCE FOR CARROLL.

RATHBUN A CANDIDATE FOR GOVERNOR FOUR YEARS AGO

Is Leading Standpat Editor and of the Old School—Says Garst Will Get Majority of Republican Votes in Primary—Indicates Inner Circle Trepidation.

Special to Times-Republican.

Cedar Rapids, April 16.—Major Rathbone, one of the oldest editors in the state, a rank and consistent standpatter and very prominent in standpat councils of the state sees little hope for the success of his candidate, Governor Carroll. Major Rathbone is in close touch with standpat feeling and sentiment and his pronouncements may be taken as indicative of a general feeling in standpat circles. In a conversation recently held between the major and Editor McCutcheon of the Mt. Vernon Record, Major Rathbone stated that he believed Carroll would be defeated in the primaries by Garst.

Major Rathbone was a standpat candidate for governor four years ago and received the support of his county and of the more uncompromising standpaters over the state. He polled a good vote. No standpat newspaper is more quoted editorially than his Marion Register. His expressed conviction that Carroll is defeated in advance has brought gloom to the faces of the standpaters and a broader smile of confidence to the faces of Garst's supporters in this section of the state.

Freight Handlers May Strike.

Mason City Employees of Milwaukee Road Demand More Pay.

Special to Times-Republican. Mason City, April 16.—A threatened strike of the Milwaukee road employees of the local Milwaukee railway company's business. The freight handlers demand an increase in their pay before the end of the present week or threaten to walk out. They have been getting paid at the rate of \$1.77 per day and they are entitled to a larger scale in the present day of higher wages and cost of living.

Gunther Jury Secured.

Taking of Evidence in Murder Trial Begun at Vinton.

Special to Times-Republican. Vinton, April 16.—In the trial of Francisco Guthrie on the charge of murder in the first degree a jury was secured at Vinton.

Dreadful Dry Around Dunlap.

Special to Times-Republican. Dunlap, April 16.—The farmers are trying to plow and get ready for planting corn, but the ground is so dry it is up hill work.

One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it.—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., street railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. McBride & Will Drug Company.

Her Marvelous Escape.

A lady had a wonderful escape from death in Queensland lately. When out gathering flowers she fell over a precipice at Mervyn creek, near Cairns. Her dress caught on something 80 feet down the precipice, and this saved her from a further fall of 500 feet. She escaped with a few bruises and cuts.

To Cure a Cold in One Day.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

To a Chemist.

"I want you to prepare for me a formula for making the best pumpkin pie that can be made," said the pie manufacturer to the chemist. "I've used turnips and other things, and potato flour and all the things my rivals use, and have beaten them a little bit at their own game, but now I want to put out a pumpkin pie that will stump outclass all other brands. I will pay you whatever fee is right for the work."—Life.

Des Moines.

State Dairy and Food Commissioner Wright has instituted three suits against Iowa seed dealers for offering for sale or selling seed corn which does not meet the standard of purity required by the state laws. Two suits were brought against John C. Preston, of Crystal Lake. In the first suit he is charged with selling white seed corn which germinated only 75 per cent, while in the second suit the charge is that of selling yellow seed corn germinating only 70 per cent. Denison.

In the prosecution of the work of sinking the city wells, an accident occurred which resulted in W. J. Northam, the contractor, receiving quite a severe injury. It was while lowering a four-foot curb in one of the new wells that it caught on the side, and while making an effort to loosen it it suddenly dropped about sixteen feet to the bottom of the well, carrying Mr. Northam with it, and throwing him with such force as to injure one of his legs severely. One of the other men who was assisting in the work, narrowly

secured by noon yesterday. Guthrie is charged with being an accomplice to George L. Eddy in the murder of Mrs. Rose Guthrie at Belle Plaine ten years ago. Eddy was acquitted of any complicity in the crime in the January term of court and it was thought at that time that the case against the husband would be dropped, but it is evident that the state has secured some additional evidence on which it is expected to convict the defendant. The taking of testimony commenced at 2 o'clock and the state placed Gus Blair, former deputy sheriff of this county, upon the stand. Much interest is being manifested in the case by the people of this city and county and the court room was crowded this afternoon.

ALL ASK DAMAGES.

Suits Filed Last Day at Mason City For Personal Injury Claims.

Special to Times-Republican. Mason City, April 16.—Yesterday being the last day for the filing of petitions for the April term of the district court, which opens April 25, the filings were rather heavy.

Arthur Barnes, brings action asking \$8,000 damages from the Martin Manufacturing Company, for injuries received through alleged negligence on the part of the company. Barney had three fingers of his left hand removed as a result of getting caught in a saw in the machine. He alleges that the machine was defective.

The city of Mason City is made defendant in an action for \$3,000 damages by a petition filed by Mrs. Sam Draskovich. She alleges severe injuries resulting from a defective sidewalk maintained by the city. A petition was filed by Drago Ralcevic against the American Brick and Tile Company, in which he asks damages to the amount of \$5,000 for injuries alleged to have been received through negligence on the part of the corporation.

News of New Hartford.

Special to Times-Republican. New Hartford, April 16.—Louis Nelson, of Denver, Colo., has been spending a few days at the Henry Nelson home.

Captain Van Eiten and wife, of South Dakota, were recent guests at the home of Rev. H. A. Essex.

J. C. Ordway and wife, of Washington, D. C., have been greeting old-time friends here. Mr. Ordway, who has been in very poor health for some time, is greatly improved and his many friends hope that he may soon be restored to his old-time health and vigor.

The township trustees have contracted with David Sherman as road superintendent of Beaver township for the ensuing year.

Miss Ellen Whalen, for many years a resident of this place, died after a short illness at the home of her brother, David, Tuesday forenoon. The funeral was held in the Catholic church here and the body was then taken to Cedar Falls for burial.

C. R. Harmon and wife went to Waterloo Tuesday, where Mr. Harmon attended the school of instruction for census enumerators, held by C. B. Scherr, of Dubuque. From there they went to Shell Rock to visit their son Fred.

The many friends of Uncle Aaron Olmstead were glad to see him on our streets again, after an absence of about six months.

C. R. Harmon commenced his work as census enumerator yesterday.

Dreadful Dry Around Dunlap.

Special to Times-Republican. Dunlap, April 16.—The farmers are trying to plow and get ready for planting corn, but the ground is so dry it is up hill work.

There has not been enough moisture for the past forty-five days to lay the dust once. The lawns are drying out in spots. Most of the bushes were killed during the winter in this vicinity. Wheat is only coming up in patches where it was covered deep, about four inches high, and the rest is not sprouted yet.

One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it.—"Some time ago I was confined to my bed with chronic rheumatism.
