RAILROADS AT WAR

GREAT WESTERN SENDS FORCE OF MEN TO PREVENT INTER-URBAN CROSSING LINE.

SEEKS TO HALT EXTENSION OF LINE TO WAVERLY

Waterloo, Cedar Falls & Northern Blocked in Effort to Lay Tracks From Denver Junction to Waverly—Great Western Sends 300 Men to Scene to Lay New Tracks.

Waterloo, April 19.—That Waterloo is suffering discriminations at the hands of the new management of the Chicago Great Western has been recognized for several months by the shippers and jobbers of Waterloo and by the traveling public as well. But the latest discrimination on the part of the road, the apparently deliberate effort to block the plans long cherished by Waterloo people for the extension of its interurban system, seems a discrimination which must soon compel the commercial bodies of the city to demand an explanation from the officials who dictate the policy of the road.

The W. C. F. & N. has recently taken steps to extend its interurban line from Denver Junction to Waverly and following the election at Waverly, by which the people voted them the right to enter the town with the line, the company has been grading the right-of-way and preparing to complete the road at the earliest possible moment. The grading had been completed up to the point where the Chicago Great Western tracks have to be crossed at Denver Junction, when, at midnight, representatives of the Great Western wrote three hundred men arrived with track-laying material and hastened to lay two additional tracks across the right-of-way of the proposed line. The purpose seemed to be to make a more effective blockage for the W. C. F. & N. in its effort to cross the tracks.

President L. S. Case of the W. C. F. & N. said that the blockade had been established. He said that the matter would of course be carried to the courts and he believes that the courts will permit the crossing.

ANOTHER RATE ROW.

Sioux City and Other River Packers Have New Grievance. Sioux City, April 19.—Efforts of Sioux City packing houses to use the Milwaukee railroad's dressed beef rate to Gary, Ind., on shipments to points beyond that rate in what may prove another battle before the interstate commerce commission, and the Commercial Club and Real Estate Association, fearing that the Milwaukee purposes to abrogate a promise to preserve the rate in effect for a period of two years, have already wired their protests to the commission.

The reduction is an aftermath of the recent protests against the raising of the dressed meat and packing house products rates to Chicago and points beyond. The railroads filed rates to the commission that are from 3 to 5 cents higher on shipments from Missouri river points and St. Paul than had before been in effect. These rates are now being used, despite the protests of the interests at Sioux City and all the other points affected. It was discovered, however, that the Milwaukee railroad had published a tariff jointly with the Wabash railroad, whereby Gary, Ind., was given the same rate on dressed meat from Sioux City as on Chicago, and the tariff provided that the rate should continue until July, 1911, two years from the time it was issued.

Other roads listed Gary as a Chicago basing point, but had no special tariff for it, and when they raised the rates to Chicago, it included Gary. As it now stands, the rate to Chicago on dressed meat is 22 1/2 cents and to Gary, on the Milwaukee, it is 20 cents. Pleading that the Gary rate apparently could not be altered, the packers set out to use it if they could, says a Milwaukee traffic man.

ONAWA'S "DROUTH" BROKEN.

Town Now Has One Licensed Saloon, By Council's Consent. Special to Times-Republican. Onawa, April 19.—After a protracted "drouth" of a little over three months Onawa again supports one licensed saloon. Frank Wise was granted a permit at the last city council meeting and has opened up for business. The council was evenly divided on the proposition and Mayor M. B. Pullen cast the deciding vote in favor of the affirmative. Immediately following the city election, which was carried by a margin of two votes by the "wets," the temperance forces commenced the circulation of a petition to secure a majority of the voters of the town as shown by the last general election, requesting the removal of the bar to the enforcement of the prohibitory law in the town of Onawa. This petition met with great success and was signed by 272 voters of the town, which showed con-

THREE-CORNERED FIGHT

EVERY COUNTY IN HARDIN-HAMILTON-WRIGHT DISTRICT MAY HAVE CANDIDATE

WILLIAM WELDON LIKELY TO ASK SECOND TERM

Hardin County Probably Will Seek Senatorship—William Anderson To Lead Hamilton County's Fight, Instead of Chase—Peterson, of Wright, Up for Re-election.

Special to Times-Republican. Iowa Falls, April 19.—Nomination papers for Hon. William Weldon of this city are being circulated here today which is taken as an indication that Mr. Weldon will enter the fight for the nomination for state senator in the Hardin-Hamilton-Wright county district, although Mr. Weldon has not formally announced his candidacy and said today that he had not fully made up his mind in regard to becoming a candidate. Should Mr. Weldon decide to enter the race, it will be a pretty one with each county in the district backing its own entry and playing a "favorite son" to win.

Should Mr. Weldon decide to run, he will be backed by Hardin county, while Wright county will have a candidate in the present senator from this district, Mr. Peterson who will seek re-election. In Hamilton county, it is stated here, D. C. Chase, who was apparently slated as that county's candidate for senator, will not run and in lieu of him, William Anderson, of Jewell, ex-representative, will carry the Hamilton county colors.

In the past, Wright county seem to have monopolized the senatorship in this district for a quarter of a century. Hardin county having a look-in when Senator Joe Wallace, of Eldora, wore the toga for one term, but Hamilton county seems to have been given the icy stare when it came time to cut the political senatorial pie. Another peculiar thing in the district is the fact that with all the senators from this district elected to the upper house, not one of them has succeeded himself. Should Mr. Weldon who now represents this district in the house, decide to become a candidate, he will have the endorsement of the progressive wing of the party for he has been allied with that element for many years and has always been a close friend and follower of Senator A. B. Cummins.

Sidney. Miss Maggie Fitzsimmons lost a purse containing \$825 in gold and bills while walking on Illinois street. Later the little son of D. S. Willy, walking along the same ground, found the money in front of the Mrs. Penn residence, and it was soon restored to the owner.

Newton. The Rev. E. F. Gillis, pastor of the United Presbyterian church of this city has just received an informal call to the pastorate of the Third United Presbyterian church of Des Moines. The present pastor of the Des Moines congregation, Rev. H. T. Jackson, has resigned the field and will declare the pulpit vacant the first Sabbath in May. The call has been voluntary and wholly unsolicited by the local pastor, and the invitation came to him as a great surprise.

Iowa City. S. W. Mercer, of this city, president of the Economy Publishing Company, and a well known business man, is prominently mentioned as a democratic candidate for railroad commissioner. Mr. Mercer will not state that he is an active aspirant for the place, but his friends are urging him to make the race and it is believed his name will go on the democratic primary ticket. He was formerly a member of the state central committee from this district.

Shenandoah. As A. Griffin and Glen Bryce were on their way to Shenandoah, in the former's auto, they were the first to the aid of Mrs. Thummel, who met with such a serious accident. The horse she and her son, Frank, were driving, became frightened at a hole in the bridge north of Prairie Glen, and threw them out with such force as to break both of her arms and dislocate one wrist. Mr. Griffin brought her back and a physician was summoned, who relieved her misery as much as possible.

Keokuk. Elton A. Cook, who stole a purse containing \$55 in the lobby of the postoffice, returned from Ottumwa in the custody of Deputy United States Marshal Dunlap. The United States commissioner there held him to the grand jury at the Actober term of the federal court in Keokuk. His appearance bond was fixed at \$250, which he hopes to furnish later on if his relatives extend the aid and assistance that he anticipates from them when they learn of his distressing situation. Cook is suffering the pangs of remorse in most malignant form.

Keosauqua. Sylvester Crouch, Frank Norton and Joseph Martinac were ditching on the Bruce farm and had taken shelter in the barn during what appeared to be a very mild April shower. Ere they were the rain drove Mr. Bruce in from the field with team steaming with perspiration. The horses were turned loose in the stalls while the four men were standing on the feeding floor, just in front of the manger. Thunder had not been heard and the men were not anticipating anything but an electric storm. All at once a sudden down-pour was lighted up there was a rip-

Under direction of Miss Alice Wilkinson, the classes have been practicing faithfully for the exhibition, which this year Miss Wilkinson styles a "demonstration." She expects that several gymnastic instructors from other schools in the state will attend. All varieties of dancing will be "demonstrated."

JEWELL NEWS JOTTINGS.

Theodore Jacobson Injured in Clinton Wreck—Automobile Industry, Etc. Special to Times-Republican. Jewell, April 19.—Theodore Jacobson, of this city, was injured quite badly in the wreck and internally in a railroad wreck at Clinton Saturday afternoon. Mr. Jacobson had been to Escanaba, Mich., with his brother and was returning home. Several other persons were injured and one man was killed in the same accident.

There were two cars, loads of automobiles unloaded here last week and they are all sold or bargained for already.

The cold weather and snow which fell the past three days did much damage to fruit and early gardens in this sections.

Belmond and Vicinity. Special to Times-Republican. Belmond, April 19.—Mr. Martin's horse ran away, and caused Mr. Lamb's team to become frightened. Sam Foster attempted to stop them but was knocked down and badly bruised about the head. He was carried in an unconscious condition into a doctor's office where he was fixed up and went home the next day.

Word was received here that Mrs. George Patterson died at her home, ten miles south of town. She was one of the early settlers in that section. Her husband died five years ago. Six children survive.

Prominent Varsity Graduate Weds. Special to Times-Republican. Iowa City, April 19.—Lindley M. Butler, a graduate of the University of Iowa in 1902, was married Saturday in Chicago to Miss Minnie McGrath. The groom was one of the most prominent and popular students to ever attend the university and he held many college honors, being one of the few men to make Phi Beta Kappa, the scholarship fraternity. He is the present manager of the Cincinnati branch of the American Radiator Company, having risen rapidly since leaving Iowa. His mother and sisters live in Northwood, Iowa. Butler belongs to the Beta Theta Pi fraternity.

Anty Drudge Tells Why Mary Doesn't Object to a Big Wash.

Father—"Just look at the condition of the kids' clothes! Where do you suppose they pick up the dirt? You'll have Mary making an awful kick about the heavy wash. Why I'll bet she has to do up a dozen dresses every week for the babies?"

Anty Drudge—"More than that, son-in-law. I suppose it's nearer two dozen. But so long as she has Fels-Naptha soap on washday, Mary will never say a word."

Every mother knows what a lot of fun the baby gets out of crawling about the floor and making its tiny self just as dirty as a little pig.

But every mother has looked with alarm at the array of baby clothes to be washed on Monday morning.

And every one has seen with despair how the delicate little garments are cooked to pieces in the destructive washboiler.

But all that was before the Fels-Naptha wash-way became known.

The Fels-Naptha way means that baby's soiled clothes are cleansed quickly in cool or lukewarm water without the roasting fire, summer or winter—without the seething suds, without the terrific back-breaking rub, rub, rub.

Steel Farm Wagons and Trucks. The growing scarcity of oak and hickory wood stock suitable for making farm wagon gears led to the introduction of the New Bettendorf. There are many specially good points claimed for this steel wagon, among which are the following:

Bettendorf steel axles can not be worn, as they are protected against wear by removable sleeves, and hence the original carrying capacity is never decreased. Steel front bolster. Steel rear bolsters. Steel sand board. Nobles to lose or get loose. No wood parts to shrink. No checking of wood parts. No question of proper seasoning of wood stock. No trouble from climate conditions. It is never too wet or too dry for the Bettendorf steel gears.
