PREACHER RETRACTS

REV. VICTOR M. PATTERSON, WHO DESERTED BRIDE, GIVES HER CLEAN CHARACTER.

AGREES TO PAY \$1,200 ALIMONY AND TO DIVORCE

Former Iowa Minister Who Deserted Bride For the Affections of Another Woman Concludes to Make Partial Amends—Patterson Still in the East—Wife at Emmetsburg.

Emmetsburg, May 12.—Fins is soon to be written at the end of the sad romance of a former Waterloo girl, Miss Myrtle Brott.

She has instituted divorce proceedings from her husband, Rev. Victor M. Patterson, a former pastor of the Union Congregational church in Waterloo, and the decree will probably be granted at the October term, on a plea of cruel and inhuman treatment.

Attorney J. E. Williams, who has been acting as counsel for Mrs. Patterson, has brought about the following conclusions in this most unusual case: A money settlement in the sum of \$1,200.

An affidavit from the former preacher, refuting all charges he may have made against his wife's character.

Started divorce proceedings.

Deserted in Her Honeymoon.

It will be recalled that Patterson deserted his young bride here three weeks after their marriage last summer, going to Brooklyn, N. Y., where he represented his sister was seriously ill. He told his wife that he would look for a pupil near Brooklyn, and when he found one he would write and have her come to him. Representing that his folks would not like it if they knew he was married, Patterson had his bride write in her maiden name. The letters grew less frequent on his part and finally ceased in the autumn. Mrs. Patterson's letters to her husband were returned to her unopened.

In January of this year it became known that Patterson was courting a prominent and wealthy young lady of Brooklyn, and expected to marry her as soon as she recovered her health. He was at the time preaching at Howells, N. Y. When the news of his marriage reached Brooklyn, there was much amazement and surprise among his friends. The father of the invalid, to whom he had been paying ardent court, ordered him from the premises. Later he resigned his pulpit at Howells and made application for a position as street car conductor.

Cast Shadow on Wife's Character.

When the news of his marriage with Miss Brott reached Brooklyn, Patterson acknowledged that he had been married in Iowa, but cast a slur upon his bride's character. He also denied that he was the father of their baby girl.

When these reports reached this county, the friends of Mrs. Patterson, both in this country and at Waterloo, became greatly incensed, as Mrs. Patterson's character was an open book at Waterloo and here and no one could truthfully say that she was not an honest, pure, upright, christian girl.

Secured Affidavit of Refutation.

Attorney Williams, in his negotiations with Patterson's attorney, insisted that if nothing else were done, Patterson would have to retract the remarks he made about his wife's character. Recently Patterson signed an affidavit in which he clears his wife's good name and acknowledges the fatherhood of their child. This affidavit has been spread upon the court records here and the original paper is held inviolate, as it is worth more to the heart-broken young wife than all the money in the world.

Attorney Williams would have endeavored to get more than \$1,200 for the support of Patterson's deserted wife and child, but neither Patterson nor his sister have any great amount of financial resources.

The ground of cruel and inhuman treatment upon which the divorce is asked is the action of the young husband in abandoning his wife and making love to another.

Harlan, May 12.—Mrs. Henry Neumeier, wife of a prominent local barber, has attempted in fits of insanity to take her own life three times in the past four days. There has also been some domestic troubles in the Neumeier household.

Sunday afternoon at her home she drank the contents of a patent medicine bottle but the fact was discovered in time to save her life. It was thought at the time that she was insane and at a hearing of the local board of insane commissioners held Monday morning it was adjudged that she was insane and that she should be taken to the hospital for treatment, but as she was almost worn out from the result of taking the patent medicine it was decided by the commissioners to leave her in custody of her husband for a few days before removing her to the hospital. The officers had arranged to take her to Clarinda Tuesday afternoon but just before time to take her she by taking the entire contents of a bottle of hydrate of chloral, the bottle containing over 200 grains, and twenty grains are considered a dose. She was found a few minutes

Hood's Sarsaparilla

Cures All Spring Ailments.

Mrs. Marion Bruce, Cumberland, Me., writes: "I have taken Hood's Sarsaparilla for a great many years, and I think it the best blood medicine in the world. It does it both spring and fall. This last winter and spring I was in very poor health. I was weak all run down. As soon as I began to take Hood's Sarsaparilla my strength came back and my appetite returned. I am now well, do my housework and no longer feel that 'dreadful' feeling."

Get it today in usual liquid form or associated cases called Sarsaparilla.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking — none in outside heating.

New Perfection Oil Cook-stove

WICK BLUE FLAME

entirely removes the discomfort of cooking. Apply a match, immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat — no smell — no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick — it is automatically controlled. You get the maximum heat — no smoke. The burner is simple. Clean with a cloth cleans it — consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, especially in summer. Its heat opens up towards pan, pot, or kettle, but not beyond or around. It is useful for heating a room.

It has a Cabinet Top with shelves for keeping plates and food hot. It has long turquoise-blue enameled chimneys. The nickel finish, with bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 3-burner stove can be had with or without Cabinet.
