

Kitchen Drudgery Made Easy
Cleaning the pots and pans and kettles is usually a most disagreeable piece of work, but like everything else there is an easier way to do it, if one knows how. As soon as the food is removed, pour in water and dissolve in it Gold Dust washing powder in the proportion of one tablespoonful to a gallon of water. Leave to soak while washing the dishes, then pour off the water and fill with clean suds made in the same way. If particles of food still adhere to the inside of the utensils, use pot rings for removing them.

BURGLAR SHOT IN AGT
SAM CORCELLO, PROPRIETOR OF CEDAR RAPIDS FRUIT STORE, DEFENDS PROPERTY.

FATALLY SHOTS HOUSE-BREAKER AT SHORT RANGE

Would-Be Burglar a Local Character and Dies Few Hours Later in Hospital—Believed That Shooting Will Have Detering Effect on Burglar Business in City—Other State News.

Special to Times-Republican.
Cedar Rapids, June 6.—Yesterday morning about 4 o'clock, Sam Corcello, proprietor of a small fruit store, was aroused by a burglar breaking into his place of business. Corcello had a shotgun handy and blazed away at short range, inflicting a horrible abdominal wound on the intruder, who happened to be Charles Glidden, a local character of not good reputation. Corcello then called the police and he was taken to the police station, but was afterwards released. Glidden was taken to a hospital, where he died about 10 o'clock.

It is believed the shooting will have a deterring effect on the burglar business in this city. In the past few weeks there have been a number of burglaries, but until yesterday no trace of the culprits could be found.

TWO SUDDEN DEATHS.
Couple Find Infant Dead in Bed—Mrs. Brace Pneumonia Victim.

Special to Times-Republican.
Iowa Falls, June 6.—Awakening to find their infant child dead in bed, was the shock that came to Mr. and Mrs. Roy Joslyn, Saturday morning. The child was about 6 months old and had never been very strong. The evening previous the baby had been restless and the parents spent several hours trying to quiet it. The baby finally fell asleep about 9 o'clock in the morning and was laid in bed. About 4 o'clock the parents were aroused by the restlessness of the child, but it apparently fell asleep again and the parents did not awake until about 8 in the morning, when they were shocked to find it dead. The funeral was held Sunday.

The death Saturday of Mrs. Brace, who recently moved here from Alabama, was sudden and is surrounded by unusually pathetic circumstances. Just three months ago Mr. Brace died in the south, leaving his wife and six children to shift for themselves. They came north and located here, so as to be near relatives. Mrs. Brace was taken ill a few days ago of malaria-pneumonia, and died Saturday morning, leaving the six children orphaned and in poor circumstances.

Forest City High School Clinches Final Honors.

Special to Times-Republican.
Forest City, June 6.—The Forest City high school baseball team clinched the state championship of high school baseball teams beyond dispute when they defeated Mt. Vernon high by a score of 8 to 2. The Mt. Vernon team narrowly escaped a shutout, but thru an error scored two men in the seventh inning. Up to the game of Saturday Mt. Vernon was unbeaten. The Forest City team has won every game played this season, it is a strictly amateur all high school team, and their showing has been remarkable. Among the high school teams they have defeated one or more games are the high schools of Mason City, two games; Humboldt, three games; Iowa Falls, one; Rolfe, one; Lake Mills, one, and Belmont, one.

Iowa University Evidently Entitled to State Baseball Championship.

Special to Times-Republican.
Iowa City, June 6.—Iowa University claims the state championship in baseball, while the Hawkeyes claim the title of the second whipping given that team by the Hawkeyes. This gives the old gold players a record of three games won and one lost (to Ames), while Ames was beaten by Cornell and Iowa, registering one victory and two defeats, while the Hawkeyes won one but one. The Hawkeye claim to the pennant seems clear.

This has not been understood by all of the veterans of the state, as has been learned by the local committee in charge of the arrangements. It is the wish of this committee that every Grand Army man be apprised of the fact that the low rate is in effect for the encampment over every railroad in the state.

ROBBERY BY BENEFACTORS
SECRETARY OF GERMAN VEIN SOCIETY AT MANILLA BETRAYS HIS FRIENDS.

SHORT IN HIS ACCOUNTS, BORROWS MONEY TO MAKE UP

Then Leaves For Parts Unknown—Shortage Amounts to Over \$1,000—Fred Bills Deserts Wife and Three Children After Becoming Financially Involved—Other Iowa News.

Manilla, June 6.—Manilla is fast forging to the front ranks along with the large eastern cities in the way of defaulters. Thursday night Fred Bills left for parts unknown, leaving behind him his wife and three small children and several of our citizens holding the sack for several hundred dollars.

Mr. Bills was for some time secretary-treasurer of the Verein Society here and during his term of office was tempted by the money he was handling into using it for himself. There was some \$600 in the treasury and he confiscated this and after it was gone went to the First National Bank and gave a note on the Verein for \$1,000. He was soon caught at this confidence game by John Roehr, president at the time of L. G. Miller's sickness, he being a member of the society. Miller did not want the benefits due him but the president insisted on his getting them so instructed the treasurer to pay Mr. Miller. Some time after Mr. Roehr asked Miller if he had received his benefits, and on learning that he had not, began an investigation which led to this exposure.

He was then given a chance to redeem himself by returning the full amount that was missing. He at once set about to secure the money from his friends. He borrowed \$200 from Jacob Gessman, his father-in-law, \$150 from Charles Wenzel, and \$150 from Peter Johnsen, of this place, and about \$700 from William Arndt, and a Mr. Niebaum, of Buck Grove. This money was secured under the pretenses that it was going into a store at Buck Grove as he was negotiating for the purchase of said store. But instead of buying a store he paid the money on the amount he had stolen from the Verein.

He also had another plan by which he secured money from the Verein. When a bill was ordered paid and he secured the money, instead of paying that money he would forge a note and keep the cash for his own use. He also left several places of business in the lurch, namely: Neola Elevator Company, John Roehr, L. B. Alford, B. O. Wilkinson, Manila National Bank, C. F. G. Kehr, for whom he was working at different times, O. E. Schneider, also an employer, and Hugh Dougherty. In all the defaultations amounts to about \$1,800.

Mr. Bills is shown no sympathy at the hands of the people of this vicinity. He had all the chance that one could wish for. Even the he was on his uppers, there was not a man in the community that would not have helped him, and willingly at that. He had friends by the score but from all indications his best friends were his worst enemies.

The Traer News.
Special to Times-Republican.
Traer, June 6.—Saturday morning as Dr. W. A. Daniels was driving out his farm in the country his horse became frightened when nearing the Hattie Harper residence and shied, throwing the doctor out of the buggy. Upon examination it was found that one arm had been broken near the shoulder joint, one hip was severely lacerated and the driver received. The patient suffered a severe nervous shock and as Dr. Daniels is about 85 years of age it is feared the injuries may prove serious.

Miss Ruth Young has returned from Monmouth, Ill., where she has been attending school the past winter and spring.

The little 3-year-old daughter of Mr. and Mrs. Chalk Lambert is suffering from a severe attack of bronchial trouble.

William Logan was called to Cedar Rapids Friday by the severe illness of his brother, Frank. According to latest reports the latter is improving.

Word has been received that S. M. Endicott, who left here last spring, has moved to Salem, Ore., from Marshallfield, that state. Mr. Endicott will probably practice law at Salem, as he was admitted to the bar at Astoria, Ore., where he was located prior to the time of his residence in Marshallfield.

Cupid's Havoc Among Teachers.
Special to Times-Republican.
Lake City, June 6.—Cupid is wreaking great havoc in the ranks of the teaching corps of this city and the school board is very busy with some means of meeting the inevitable dearth of teachers next term. It is said that several of the instructors have already departed to be wedded, but the greatest jolt to the directors came Thursday or three were seen wearing new diamond rings, and what could they be but engagement rings. The school board sees no way out of the dilemma unless they hire married women or widows.

Dav- enport will be glad to learn that she is improving and will be able to come home in about a week and with Mrs. O. J. King and Miss Florence Chance, were Nevada callers Friday.

SALESMAN HAD BRIGHT IDEA
His Knowledge of Human Nature Enabled Him to Rise to Head of His Profession.

"Young man," says the automobile manufacturer to the new salesman who has astonished the organization by the rapid fire sales he has made in the two months of his employment. "I must congratulate you on your work."
"Thank you, sir," replies the new salesman, modestly.
"I know we build the best auto in the market," says the manufacturer, "but even at that I cannot understand how you can sell ten times as many machines as the very best man we have had prior to you. How do you do it?"
"Well, sir," explains the new salesman, the light of honest pride in his eyes, "I always ask the customer to take a ride in one of our machines as the first move toward getting acquainted with its riding qualities. Of course he accepts the invitation. I then take him out on the boulevard and get an honest and fixed for fast running. After that there is no argument."
Ten minutes later the new salesman leaves the private office with a block of preferred stock tucked away in his inside pocket.—Judge's Library.

The Motive Counts.
A little thinking shows us that the deeds of kindness we do are effective in proportion to the love we put into them. More depends upon the motive than upon the gift.
