TO AID SMALL FACTORIES. Business League of St. Paul Seeks Opinion on Site for Power Building. St. Paul, June 17.—The plans of the Business League of St. Paul for the erection of a huge power building for the assistance of small manufacturers, where space and power may be furnished them at a reasonable rental, and where they may carry on their business until such time as they are able to "go it alone," have finally culminated in securing of an option on a splendid site in St. Paul's lower town manufacturing district, and if accepted, construction will soon begin and the building will probably be ready for occupancy during the coming winter.

The site chosen comprises a total of 22,000 square feet and has a frontage of 300 feet, extending southward for ninety-six feet. The purchase price agreed upon is \$80,000. This site was finally selected from among several other offers made to the committee in charge and is especially desirable

owing to its close proximity to both wholesale and retail districts.

The estimated cost of the building is placed at \$220,000, which, with the price of the ground, will bring the total investment to \$300,000. A committee will be appointed this week for the purpose of visiting similar buildings in other cities to the end that the very best and most up-to-date plans may be utilized.

The proposed power building will be the first of its kind in Minnesota. It is planned with a view to offering substantial inducements to small manufacturers and infant industries, rather than with a view to making large profits, the rate of rental as proposed being, it is said, to be the rate now charged for a similar building in Cleveland, and is lower than that of several eastern cities.

Silence! The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.
